As used in this Act, unless the context otherwise requires:

(1) "Ambulance" means any vehicles, including a helicopter or fixed wing aircraft, except vehicles or aircraft operated by the United States government, that are specially designed, constructed or that have been modified or equipped with the intent of using the same, for the purpose of transporting any individual who is sick, injured, or otherwise incapacitated.

(2) "Ambulance provider" means any individual or private or public organization, except the United States government, having a vehicle or vehicles, including helicopters or fixed wing aircraft, with the intent of using the same, for the provision of health care and transportation or transportation alone to any individual who is sick, injured, or otherwise incapacitated.

The department for human resources shall maintain a program for the planning, development, improvement, and expansion of emergency medical services throughout the state utilizing, among other factors, the system components described in public law 93-154 (emergency medical services systems act of 1973). This program shall include but need not be limited to:

(1) Delineation, by administrative order of the secretary, of the geographic boundaries of regional emergency medical services systems.

(2) Promulgation of administrative regulations providing for:

(a) Administration of regional emergency medical services systems;

(b) Composition of regional emergency medical services systems boards;

(c) Terms of office of regional emergency medical services system board members;

(d) Appointment of regional emergency medical services system board members; and

(e) Such other administrative matters relating to the operation of regional emergency medical services systems as may be necessary.

(3) Designation of regional emergency medical services system corporations as management authority for a regional emergency medical services system, upon due consideration of applications for such designation.

(7) Awarding of funds to regional emergency medical services systems to implement specific objective delineated in regional emergency medical services system plans, including but not limited to, assistance to local governments for their provision of ambulance service; and

(8) Development, monitoring, operation, and encouragement of such other projects and programs which may be of benefit to emergency medical services in the Commonwealth.

SECTION 3. A NEW SECTION OF KRS CHAPTER 211 IS CREATED TO READ AS FOLLOWS:

A matching fund program is hereby created for the purpose of assisting local ambulance providers in the purchases of ambulances and equipment. The fund shall consist of such moneys as may be appropriated by the general assembly or may be obtained from other sources for the fund as provided in this Act:

(1) Application and justification of need for moneys from the fund shall be based upon the state emergency medical services plan's priorities;

(2) Application for moneys from the fund may be made to the department for human resources by any city or county with the assistance of the applicable emergency medical services system based upon guidelines established by the department for human resources.

(3) Moneys from the fund will be provided on a fifty percent (50%) state and fifty percent (50%) local funds matching basis for any ambulance or other item of equipment desired to be procured. No county, including all grants to cities within the county, shall receive more than twelve thousand five hundred dollars ($12,500) from the fund per year;

(4) No funds awarded pursuant to this section shall be used for any other purpose than the purpose for which they were awarded. Funds remaining unexpended one year from the date of the award shall lapse and shall be returned to the fund by the recipient city or county;

(5) Funding periods shall coincide with the fiscal year as established by the department for human resources;

(6) Each ambulance or item of equipment purchased shall meet or exceed, if a standard has been set for the particular item of equipment, the standards set by the department for human resources.

SECTION 4. A NEW SECTION OF KRS CHAPTER 211 IS CREATED TO READ AS FOLLOWS:

A matching fund program is hereby created for the purpose of assisting city and county governments in providing for an adequate number of trained emergency medical service personnel in those cities or counties where other personnel funding resources are unavailable or inadequate and where expenditures for ambulance services exceed five percent (5%) of the city or county general fund budget:

(1) Monies from the fund may be provided to a city or county government for emergency medical services personnel only:

(a) When the number of personnel operating the ambulance service is consistent with the state emergency medical services plan; and

(b) When the revenue of the city or county (as appropriate), including ambulance service district tax revenue and other income is insufficient to meet the personnel needs of the ambulance service; and

(c) When the provision of ambulance service meeting the personnel guidelines would require more than five percent (5%) of the general fund budget of the city or county.

(2) Moneys from the fund shall be used solely to match expenditures which exceed the five percent (5%) limit and may not be used to supplement expenditures below the five percent (5%) limit.

(3) If the city or county enacts an ambulance service district tax as provided for in KRS Chapter 108 then the revenues raised by that tax may be used as a set-off against the five percent (5%) of the general fund requirement on a one for one direct reduction basis. Thus, if the ambulance service district tax raises revenues equalling one percent (1%) of the general fund budget then the amount necessary from the general fund budget shall be four percent (4%) and so forth up to the required limit of five percent (5%).

(4) Application for money from the fund may be made to the department for human resources by any city or county with the assistance of the regional emergency medical service system.

(5) Moneys from the fund will be provided on a fifty percent (50%) state and fifty percent (50%) local funds matching basis for emergency medical services personnel salaries. Local match shall be in money and in-kind matching is prohibited. No county, including all grants to cities within the county, shall receive more than forty thousand dollars ($40,000) from the fund per year.

(6) No funds awarded pursuant to this section shall be used for any other purpose than the purpose for which they were awarded. When the actual expenditures from the city or county general fund budget for ambulance service do not meet or exceed five percent (5%) of the general fund budget of the city or county for that year, then the matching money shall be refunded to the department for human resources. Funds remaining unexpended one (1) year from the date of the award shall lapse and shall be returned to the fund by the city or county.

(7) Funding periods shall coincide with the fiscal year as established by the department for human resources.

SECTION 5. A NEW SECTION OF KRS CHAPTER 211 IS CREATED TO READ AS FOLLOWS:

In any city or county where at least fifty percent (50%) of ambulance personnel are volunteers or in which at least fifty percent (50%) of the ambulance services are operated by volunteers the city or county may elect to apply up to forty thousand dollars ($40,000) of the amount for which they are eligible under Section 4 of this Act to increase the amount of money available for purposes of Section 3 of this Act.

Section 6. KRS 216.425 is amended to read as follows:

Any construction code standards which may be promulgated by regulations shall conform to, or in the case of special hazards exceed, the uniform state building code, and plan reviews for conformance with such code prior to construction shall be conducted only by the department of housing, buildings and construction. (5) The board shall develop, establish, enforce and may repeal standards, rules and regulations for the care, health, safety, welfare, and comfort of patients in health facilities and health services covered by KRS 216.405 to 216.485 and for the maintenance and operation of health facilities and health services which shall be designed to insure that the quality of care offered by the facility or service is satisfactory and that the facility or service receives a license appropriate to its function. This shall include but not be limited to the classification and categorization of health facilities and health services according to character, size, range of services provided, type and level of care required. Further, the board shall develop and enforce standards relative to each classification or category of health facilities and health services which must be met in order to receive a license to operate and maintain health facilities and health services.

(6) The board shall adopt, establish and enforce criteria and procedures as developed by the state health planning council for determining the need for construction, expansion or implementation of health facilities and services.

(7) Members of the board, or its representatives, are hereby authorized to enter upon the premises of any health facility or health service as covered by KRS 216.405 to 216.485, for the purpose of inspection, at any reasonable time.

(8) The composition of the board and the rules and regulations thereof shall conform to any federal law or regulation pertaining to the licensing of health facilities.

All fees and charges collected under the provisions of KRS 216.405 to 216.485 shall be paid to the state treasurer and credited to a trust and agency account to be used in the administration of KRS 216.405 to 216.485.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

SECTION 1. A NEW SECTION OF KRS CHAPTER 67A IS HEREBY CREATED TO READ AS FOLLOWS:

An urban-county government may borrow, during any fiscal year, within the limits of the taxes, revenues, receipts and appropriations for that year as prescribed by law, such funds as are needed for the conduct of the business of the urban-county government in that year pending the full collection of taxes, revenues and receipts for such fiscal year.

SB 285, AN ACT relating to building codes adopted by cities of the first class.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

Section 1. KRS 198B.060 is amended to read as follows:

(1) Each local government in the state of Kentucky shall employ a building official or inspector and other code enforcement personnel as necessary, or shall contract for such services in accordance with subsections (7) and (9) of this section to enforce the uniform state building code within the boundaries of its jurisdiction, and shall neither adopt nor enforce any other ordinance regulating buildings which conflicts with the uniform state building code, except that a building code adopted by a local government prior to March 28, 1978 may continue in effect until such time as the uniform state building code becomes mandatory within that local government jurisdiction. *No ordinance adopted by any city of the first class or any county containing a city of the first class which imposes a more stringent building standard than is imposed by the state building code or which imposes a standard where no standard is provided by the state building code shall be deemed to conflict with the uniform state building code.*

(2) Local governments shall be responsible for the examination and approval or disapproval of plans and specifications for buildings of no more than three (3) stories in height, exclusive of attic and basement, which do not contain more than 20,000 square feet of floor area, and are not intended for assembly, educational, institutional or high hazard occupancy, business or industrial occupancy in excess of 100 persons, or for use as a frozen food locker plant as defined in KRS 221.010. Local governments shall be responsible for the issuance and revocation of building permits, licenses, certificates and similar documents which cover activities within their area of responsibility, and the inspection of all buildings pursuant to the provisions of this chapter and the uniform state building code. Each local government issuing a building or demolition permit or an initial certificate of occupancy on a new structure shall send a copy of such permit or certificate to the commissioner for his use in maintaining an accurate housing inventory for Kentucky.

(3) Urban-county governments may determine service districts within their boundaries within which farm dwellings and other farm buildings, not used in the business of retail trade or as a place of regular employment for ten (10) or more people, shall be exempt from the requirements of the uniform state building code. Such determination may be reviewed and altered by the board.

(4) The department shall be responsible for the examination and approval or disapproval of plans and specifications for all buildings which are not the responsibility of local governments. The department may issue and revoke permits, licenses, certificates and similar documents within its area of responsibility, and shall have concurrent jurisdiction with local governments for the inspection of all buildings pursuant to the provisions of this chapter and the uniform state building code. If the commissioner determines that the local jurisdiction is not adequately performing any portion of its program, he may recommend to the board that the department preempt that portion of a local program. The commissioner shall explain his reasons for preemption in writing and provide a copy to the board and the local jurisdiction. The local jurisdiction may appeal the recommended preemption directly to the board, and the board shall review such appeal according to the procedures found in subsections (8) through (12) of KRS 198B.070. No preemption by the department shall take place until the final decision of the board. If the department preempts any portion of a local program, it shall collect the fees applicable to that portion of the program.

(5) Any local government may petition the commissioner requesting that additional plan review functions be allocated to that local government. Such petition shall include evidence of the local government's capability to perform additional plan review functions. The commissioner, after review of the petition and supporting evidence, may grant or deny to the local government any part of a request for additional responsibility. If the commissioner denies any part of a petition, he shall explain his reasons for denial in writing, and provide a copy to the board and the local government. A local government may appeal such denial directly to the board, and the board shall review such appeal according to the procedures found in subsections (8) through (12) of KRS 198B.070. Should the local government be granted additional responsibility by the

commissioner or the board, the department shall hold concurrent jurisdiction over such additional responsibility, but the local government shall collect any fees for functions it performs pursuant to such additional responsibility.

(6) The commissioner shall expedite the review of plans and specifications by assigning responsibilities and coordinating review activities among the department's various functional offices so as to prevent unnecessary duplication in the review of plans and specifications.

(7) Upon the effective date of the uniform state building code, no building shall be constructed in this state until a local building official and an official representing the department, if the department has jurisdiction, issue a permit for such construction. The local building official or the representative of the department shall issue a permit if the proposed building satisfies the requirements of the uniform state building code and if the party desiring to construct the building has complied with all other legal requirements concerning the location and construction of said building. The applicant for a building permit, by the act of applying for the permit, is deemed to have consented to inspection, by the local government or the department, of such building during construction and upon the completion of construction for the purpose of determining that such building is constructed in compliance with the uniform state building code. This section shall apply to industrialized building systems but destructive disassembly of industrialized building systems which carry a seal of approval pursuant to a manufactured building law in the state in which they were manufactured, which seal of approval is accepted by the board of housing, buildings and construction, shall not be performed in order to conduct such tests or inspections.

(8) No building on which construction was begun nor any industrialized building system on which site preparation and assembly were begun after the uniform state building code became effective shall be occupied until the local building official or a representative of the department issues a certificate of occupancy certifying that the building was constructed in conformance with the standards of the uniform state building code, or assembled or installed in conformance with applicable instructions.

(9) A local government may associate with other local governments, and may seek the technical assistance of other agencies or area development districts in order to provide for the local enforcement of the uniform state building code.

(10) Each local government and the department may establish a schedule of fees for the functions performed under the provisions of this chapter. Such fees shall be designed to fully cover the cost of the service performed but shall in no case exceed the cost of the service performed. Fees payable to the department shall be paid into the state treasury and credited to a trust and agency fund to be used by the department in carrying out the provisions of this chapter. No part of this fund shall revert to the general fund of the Commonwealth.

(3) That as to the cost of maintaining, repairing, and operating the project, the lessee is contractually bound for the entire period of years until the final duration of the contract period. If the bonds on the project have not been retired at the end of the contract period, the lessee shall have an exclusive option to renew such lease for a like period as the first lease contract was for.

SECTION 6. A NEW SECTION OF KRS CHAPTER 152A IS CREATED TO READ AS FOLLOWS:

(1) The authority may provide for the issuance of revenue bonds to pay all or any part of the cost of any projects undertaken pursuant to an agreement and lease. The total amount of outstanding principal of all bonds issued by the authority shall not exceed two hundred million dollars ($200,000,000) unless any bonds issued which would increase the outstanding principal of the bonds issued by the authority to an amount in excess of two hundred million dollars ($200,000,000) are federally insured or guaranteed. The principal and interest on such bonds are payable solely from the funds provided for such payment. Any issue may be in one or more series and any such series may enjoy equal or subordinate status with respect to the pledge of funds from which they are payable, shall be dated, shall bear interest at such rate or rates as determined by the authority, shall mature at such time or times not exceeding forty (40) years from their date or dates, all as may be provided by the authority, and may be made redeemable before maturity, at the option of the authority, at such price or prices and under such terms and conditions as may be fixed by the authority prior to the issuance of the bonds. The authority shall determine the form of the bonds, including any interest coupons to be attached thereto, and shall fix the denomination of the bonds and the place or places for payment of principal and interest, which may be at any bank or trust company within or without the Commonwealth. The bonds shall be signed by the facsimile signature of the chairman of the authority, and the seal of the authority or a facsimile thereof shall be affixed thereto and attested by the manual signature of the executive director of the authority, and any coupons attached thereto shall bear the facsimile signature of the chairman of the authority. In case any officer whose signature or a facsimile of whose signature shall appear on any bonds or coupons shall cease to be such officer before the delivery of such bonds, such signature or such facsimile shall nevertheless be valid and sufficient for all purposes the same as if he had remained in office until such delivery. All bonds issued under the provisions of this Act have all the qualities and incidents of negotiable instruments under the Uniform Commercial Code, KRS Chapter 355. The bonds may be issued in coupon or in registered form, or both, as the authority may determine, and provision may be made for the registration of any coupon bonds as to principal alone and also as to both principal and interest, and for the reconversion into coupon bonds of any bonds registered as to both principal and interest. The authority may sell such bonds in such manner, either at public or private sale and for such price as it may determine will best effect the purposes of this Act.

(2) The proceeds of the bonds of each issue shall be used solely for the payment of the cost of the project or projects for which such bonds shall have been issued, and shall be disbursed in such manner and under such restrictions, if any, as the authority may provide in the proceedings authorizing the issuance of such bonds or in the trust indenture securing the same. If the proceeds of the bonds of any issue, by error of estimates or otherwise, shall be less than such cost, additional bonds may in like manner be issued to provide the amount of such deficit, and, unless otherwise provided in the proceedings authorizing the issuance of such bonds or in the trust indenture securing the same, shall be deemed to be of the same issue and shall be entitled to payment from the same fund without preference or priority of the bonds first issued. If the proceeds of the bonds of any issue exceed such cost, the surplus shall be deposited to the credit of the sinking fund or funds for such bonds or any account or accounts therein as the authority shall have provided in the proceedings or trust indenture authorizing and securing such bonds.

(3) Prior to the preparation of definitive bonds, the authority may, under like restrictions, issue interim receipts or temporary bonds, with or without coupons, exchangeable for definitive bonds when such bonds shall have been executed and are available for delivery. The authority may also provide for the replacement of any bonds which shall become mutilated or shall be destroyed or lost. Bonds may be issued under the provisions of this Act without obtaining the consent of any department, division, commission, board, bureau or agency of the Commonwealth, and without any proceedings or any other conditions or things, except as specifically required by this Act.

SECTION 7. A NEW SECTION OF KRS CHAPTER 152A IS CREATED TO READ AS FOLLOWS:

Bonds issued by the authority under the provisions of this Act do not constitute a debt of the Commonwealth or of any political subdivision thereof, or a pledge of the faith and credit of the Commonwealth or of any such political subdivision, but such bonds shall be payable solely from the funds provided therefor under the provisions of this Act. All such revenue bonds shall contain on the face thereof a statement to the effect that neither the Commonwealth nor the authority shall be obligated to pay the same or the interest thereon except from revenues of the project for which they are issued, including rentals under a lease of such project.

SECTION 8. A NEW SECTION OF KRS CHAPTER 152A IS CREATED TO READ AS FOLLOWS:

In the discretion of the authority, any bonds issued under the provisions of this Act may be secured by a trust indenture by and between the authority and a corporate trustee, which may be any trust company or bank having the powers of a trust company in or out of Kentucky. Such trust indenture or the proceedings providing for the issuance of such bonds may pledge or assign the rents and other revenues to be received. The trust indenture or proceedings may contain provisions for protecting and enforcing the rights and remedies of the bondholders which are reasonable and proper and not in violation of law, including covenants setting forth the duties of the authority in relation to the acquisition of property and the construction, improvement, maintenance, repair, operation, and insurance of the project or projects in connection with which such bonds are authorized, the rates of toll or rental charges, and the custody, safeguarding and application of all moneys. It is lawful for any bank or trust company which may act as depository of the proceeds of bonds or of revenues to furnish such indemnifying bonds or to pledge such securities as may be required by the authority. Any such trust indenture may set forth the rights and remedies of the bondholders and of the trustee, and may restrict the individual right of action by bondholders. In addition, any such other provisions as the authority may deem reasonable and proper for the security of the bondholders. All expenses incurred in carrying out the provisions of such trust indenture or proceedings may be treated as a part of the cost of the operation of the project or projects.

SECTION 9. A NEW SECTION OF KRS CHAPTER 152A IS CREATED TO READ AS FOLLOWS:

Any holder of bonds issued under the provisions of this Act or any of the coupons appertaining thereto, and the trustee under any trust indenture, except to the extent the rights herein given may be restricted by such trust indenture, may, either at law or in equity, by suit, action, mandamus or other proceedings, protect and enforce any and all rights under the laws of the Commonwealth or granted under the provisions of this Act or under such trust indenture or proceedings to be performed by the authority or by any officer or employes thereof, including the fixing, charging, and collecting of rents.

SECTION 10. A NEW SECTION OF KRS CHAPTER 152A IS CREATED TO READ AS FOLLOWS:

The authority may also provide for the issuance of its revenue bonds for the combined purpose of (1) refunding any bonds then outstanding which are issued under the provisions of this Act, including the payment of any redemption premium thereon and any interest accrued or to accrue to the date of redemption of such bonds, and (2) paying all or any part of the cost of any additional project or projects. The issuance of such bonds, the maturities and other details thereof, the rights of the holders thereof, and the rights, duties, and obligations of the authority in respect of the same, shall be governed by the provisions of this Act insofar as the same may be applicable.

SECTION 12. A NEW SECTION OF KRS CHAPTER 152A IS CREATED TO READ AS FOLLOWS:

All moneys received under the provisions of this Act either from the sale of bonds or as revenues, are trust funds to be held and applied solely as provided in this Act. SECTION 8. A NEW SECTION OF KRS CHAPTER 224 IS CREATED TO READ AS FOLLOWS:

(1) Before the department may issue a permit to operate a solid waste disposal site or facility, the operator shall file with the department a bond payable to the Commonwealth of Kentucky with surety satisfactory to the department in a sum to be determined by the department on the recommendation of the secretary of each acre or fraction thereof of the area of land affected, with a minimum bond of ten thousand dollars ($10,000) per site, conditioned upon the faithful performance of the requirements in this chapter and of the rules and regulations of the department to insure satisfactory closure of the facility. The department may accept liquid or semi-liquid assets deposited in an escrow account for the operating life of the landfill plus not less than two (2) additional years as an alternative guarantee of adequate financial responsibility for closure of the facility.

(2) An operator may at any time during the term of the permit apply to the department for an amendment of the permit so as to increase or reduce the acreage affected by it. The operator shall file an application and map in the same form and with the same content as required for an original application under this chapter and shall pay a basic fee set by regulation bearing a reasonable relationship to the cost of processing the permit application and shall file with the department a supplemental bond for each acre

or fraction of an acre of the increase approved. If the department approved a reduction in the acreage covered by the original or supplemental permit, it shall release the bond for each acre reduced but in no case shall the bond for the site be reduced below ten thousand dollars ($10,000).

(3) When the facility has been filled, covered, graded, seeded and revegetated according to regulations promulgated by the department and approved by the department, the secretary shall release the bond or other guarantee of financial responsibility that has been provided to the department. If such closure requirements are not accomplished by the operator of the facility, the department shall forfeit the bond or demand release of the monies held to guarantee financial responsibility.

(4) All funds from the forfeiture of bonds or other sureties required pursuant to this section shall be placed in the state treasury and credited to a special trust and agency account which shall not lapse. Such account shall be known as the "solid waste disposal site restoration fund" and all monies placed in the fund shall be used solely for the proper closure of solid waste disposal sites and insofar as practicable be used to correct the problems at the same site for which the bond or other sureties were originally provided.

(5) No operator or person shall be eligible to receive another permit to operate a solid waste disposal site or facility who has forfeited any bond or other surety provided pursuant to this section, unless the land for which the bond or other surety was forfeited has been reclaimed without cost to the state, or the operator or person has paid such sum as the department finds is adequate to reclaim such lands.

(6) Where one (1) operator succeeds another at any solid waste disposal site or facility prior to final closure, either by sale, assignment, lease or otherwise, the department may release the first operator from all liability under this section, provided that the successor operator meets the requirements of this section and assumes, as part of his obligation under this chapter, all liability for the reclamation and final closure of the area of land affected by the former operation.

(7) In the reclamation of land affected by incomplete or improper closure of a solid waste disposal site or facility for which it has the funds available, the department may avail itself of any services which may be provided by other state agencies or by agencies of the federal government, and may compensate them for such services. The department may cause the reclamation work to be done by its own employes, or by employes of other governmental agencies or through contracts with qualified persons.

(8) The department may also receive any federal funds, state funds or any other funds for the closure of solid waste disposal sites or facilities.

(9) The department, any other agency and any person under a contract with the department pursuant to this section shall have the right of access to the land affected to carry out such reclamation.

(5) No operator or person shall be eligible to receive another permit to operate a solid waste disposal site or facility who has forfeited any bond or other surety provided pursuant to this section, unless the land for which the bond or other surety was forfeited has been reclaimed without cost to the state, or the operator or person has paid such sum as the department finds is adequate to reclaim such lands.

(6) Where one (1) operator succeeds another at any solid waste disposal site or facility prior to final closure, either by sale, assignment, lease or otherwise, the department may release the first operator from all liability under this section, provided that the successor operator meets the requirements of this section and assumes, as part of his obligation under this chapter, all liability for the reclamation and final closure of the area of land affected by the former operation.

(7) In the reclamation of land affected by incomplete or improper closure of a solid waste disposal site or facility for which it has the funds available, the department may avail itself of any services which may be provided by other state agencies or by agencies of the federal government, and may compensate them for such services. The department may cause the reclamation work to be done by its own employes, or by employes of other governmental agencies or through contracts with qualified persons.

(8) The department may also receive any federal funds, state funds or any other funds for the closure of solid waste disposal sites or facilities.

(9) The department, any other agency and any person under a contract with the department pursuant to this section shall have the right of access to the land affected to carry out such reclamation.

SB 267, AN ACT relating to the environment.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

SECTION 1. A NEW SECTION OF KRS CHAPTER 224 IS CREATED TO READ AS FOLLOWS:

The general assembly of the Commonwealth of Kentucky hereby finds, determines, and declares as follows:

(1) That technological progress and increases in the amounts of manufacturing are continuing to result in increasing quantities of hazardous waste being generated and prohibiting the generation of hazardous waste would result in a competitive economic disadvantage for the Commonwealth.

(2) That the Commonwealth is the site of much improper and inadequately regulated handling, treatment, transportation, storage, and disposal of hazardous waste which presents a threat to the public health, safety, and welfare and the environment;

(3) That by the enactment by the Congress of the United States of the resource conservation and recovery act of 1976 (Public Law 94-580), the generation, transportation, treatment, storage, recycling, and disposal of hazardous waste has been determined to be a matter of national importance, recognizing that hazardous waste presents, in addition to the problems generally associated with nonhazardous waste, special dangers to health and requires a greater degree of regulation than does nonhazardous waste;

(4) That the primary responsibility for proper hazardous waste management rests with the generators, transporters, treaters, storers, recyclers, and disposers of hazardous waste, subject to rules, regulations, guidelines, and standards promulgated by the department for natural resources and environmental protection and also subject to registration or permitting by the department for the purpose of effectuating safe and proper management at all steps in the hazardous waste cycle;

(5) That the participation of the private sector and the interested public in any aspect of hazardous waste management not expressly reserved as state or federal authority as set forth in this Act or other statutes is encouraged, moreover, it is preferable for hazardous waste management functions to be performed by the private sector when such is in the best interest of the public and conforms with the policies and provisions set forth in this Act;

(6) That as a matter of policy the Commonwealth in encouraging the development of hazardous waste management facilities should place a priority on environmentally sound alternatives to the land disposal of hazardous waste such as process changes, waste reduction, resource recovery and recycling, destruction, or treatment to render the waste nonhazardous; and

(7) That as a result of the conditions described in the foregoing findings, the problems of hazardous waste generation, transportation, treatment, storage, recycling, and disposal have become a matter of extreme state concern necessitating action by the general assembly to protect the public health, safety, and welfare and the environment of the Commonwealth.

Section 2. KRS 224.033 is amended to read as follows:

In addition to any other powers and duties vested in it by law, the department shall have the authority, power, and duty to:

(1) Exercise general supervision of the administration and enforcement of Acts 1972 (1st Ex. Sess.), ch. 3, and all rules, regulations and orders promulgated thereunder;

(2) Prepare and develop a comprehensive plan or plans related to the environment of the Commonwealth;

(3) Encourage industrial, commercial, residential and community development which provides the best usage of land areas, maximizes environmental benefits and minimizes the effects of less desirable environmental conditions;

(4) Develop and conduct a comprehensive program for the management of water, land, and air resources to assure their protection and balance utilization consistent with the environmental policy of the Commonwealth;

(5) Provide for the prevention, abatement, and control of all water, land, and air pollution including but not limited to that related to particulates, pesticides, gases, dust, vapors, noise, radiation, odor, nutrients, heated liquid, or other contaminants;

(14) Advise, consult, and cooperate with other agencies of the Commonwealth, other states, the federal government, and interstate and interlocal agencies, and affected persons, groups and industries;

(15) Formulate guides for measuring presently unidentified environmental values and relationships so they can be given appropriate consideration along with social, economic, and technical considerations in decision making;

maintenance of waste disposal sites and facilities; and require that applications for such permits be accompanied by plans, specifications, and such other information as the department deems necessary;

(20) May establish, by regulation, a fee or schedule of fees for the cost of processing applications for permits authorized by this chapter, and for the cost of processing applications for exemptions or partial exemptions which may include but not be limited to the administrative costs of a hearing held as a result of such exemption application, except that applicants for existing or proposed publicly owned facilities shall be exempt from any such charge;

(21) May require for persons discharging into the waters or onto the land of the Commonwealth, by regulation, order or permit, technological levels of treatment and effluent limitations;

(22) Require, by regulation, that any person engaged in any operation regulated pursuant to this chapter install, maintain, and use at such locations and intervals as the department may prescribe any equipment, device or test and the methodologies and procedures for the use of such equipment, device or test to monitor the nature and amount of any substance emitted or discharged into the ambient air or waters or land of the Commonwealth and to provide any information concerning such monitoring to the department in accordance with the provisions of subsection (23) of this section;

(23) Require by regulation that any person engaged in any operation regulated pursuant to this chapter file with the department reports containing information as to location, size, height, rate of emission or discharge, and composition of any substance discharged or emitted into the ambient air or into the waters or onto the land of the Commonwealth, and such other information as the department may require;

(24) *Promulgate rules, regulations, guidelines, and standards for waste planning and management activities, approve waste management facilities, develop and publish a comprehensive statewide plan for nonhazardous waste management which shall contain, but not be limited to, the provisions set forth in KRS 109.031, and develop and publish a comprehensive statewide plan for hazardous waste management which shall contain, but not be limited to, the following:*

(a) A description of current hazardous waste management practices and costs, including treatment and disposal, within the Commonwealth;

(b) An inventory and description of all existing facilities where hazardous waste is being generated, treated, recycled, stored, or disposed of, including an inventory of the deficiencies of present facilities in meeting current hazardous waste management needs and a statement of the ability of present hazardous waste management facilities to comply with state and federal laws relating to hazardous waste;

(c) A description of the sources of hazardous waste affecting the Commonwealth including the types and quantities of hazardous waste currently being generated and a projection of such activities as can be expected to continue for not less than twenty (20) years into the future;

(d) An identification and continuing evaluation of those locations within the Commonwealth which are naturally or may be engineered to be suitable for the establishment of hazardous waste management facilities, and an identification of those general characteristics, values, and attributes which would render a particular location unsuitable;

The statewide waste management plans shall be developed consistent with state and federal laws relating to waste [Establish a comprehensive waste management plan in order to ensure that wastes are properly collected, stored, processed, transported, disposed, and recycled];

(25) Perform such other and further acts as may be necessary to carry out the duties and responsibilities herein described; and

(26) Preserve existing clean air resources while ensuring economic growth by issuing regulations, which shall be no more stringent than federal requirements, setting maximum allowable increases from stationary sources over baseline concentrations of air contaminants to prevent significant deterioration in areas meeting the state and national ambient air quality standards.

SECTION 4. A NEW SECTION OF KRS CHAPTER 224 IS CREATED TO READ AS FOLLOWS:

(1) The department shall promulgate regulations which establish standards for the generators of hazardous waste requiring such generators to do the following:

(a) Compile and maintain such information and record-keeping regarding the quantities of hazardous waste generated, characteristics and composition of such waste and disposition of hazardous waste generated;

(b) Utilize proper labeling and containerization of hazardous waste as required by the department;

(c) Utilize a manifest for each shipment of hazardous waste and assure that the facility to which the waste is designated is a permitted facility;

(d) Provide information on the general chemical composition of the hazardous waste to persons transporting, treating, storing or disposing of hazardous waste;

(e) Keep all records and copies of manifest readily available for review and inspection by the designated representative of the department;

(f) Retain all records and manifest copies for a minimum of three (3) years or as required by the department;

(g) Compile a periodic report of hazardous waste generated, stored, transferred, treated, disposed or transported for treatment, storage, or disposal as required by the department.

(2) Any person who generates waste in this state shall make a determination as to whether or not such waste is hazardous pursuant to criteria promulgated by the department, and any generator of hazardous waste shall certify that all information required in notices or reports to the department or information provided on the manifest document is factual.

(3) The department shall promulgate regulations specifying the criteria by which wastes may be determined to be hazardous and based on use of these criteria maintain and update a list of wastes identified as hazardous wastes which shall be subject to the hazardous waste management provisions of this Act. The criteria and lists promulgated by the department shall be identical to any such criteria and lists proposed or promulgated by the U. S. environmental protection agency pursuant to P.L. 94-580. In providing for the management of hazardous waste, the department shall establish classes or categories of hazardous waste

reflecting the relative degree of hazard consistent with P.L. 94-580 and regulations issued pursuant thereto. Any person generating any substance which either meets the criteria or is identified as hazardous waste shall within ninety (90) days of promulgation of the regulation so notify the department.

SECTION 5. A NEW SECTION OF KRS CHAPTER 224 IS CREATED TO READ AS FOLLOWS:

(1) No person shall engage in the storage, treatment, recycling or disposal of hazardous waste without first obtaining construction and operation permits from the department. The department shall promulgate regulations establishing standards for such permits but in no case shall a permit to construct or operate a hazardous waste disposal facility be issued unless it can be demonstrated that the proposed facility can be integrated into the surroundings in an environmentally compatible manner, including but not limited to insuring that hydrologic, seismologic, geologic and soil considerations have been adequately addressed in the permit application and in an operational plan. A person desiring a construction permit shall file an application on forms supplied by the department which shall contain such information the department deems necessary and provide evidence that the hazardous waste shall be treated, stored or disposed of in the manner prescribed by the department. The department may consider past performance in this or related fields by the applicant. The department, in making a determination to issue, deny or condition a construction permit, shall consider the following:

(a) An evaluation of alternatives, to include other locations and other treatment, storage, and disposal approaches, different from those proposed, available to the applicant;

(b) An evaluation of the public health, safety, and environmental aspects of the proposals;

(c) An evaluation of the social and economic impacts of the proposed action on the affected community, to include, at a minimum, changes in property values, community perception and other psychic costs, and the costs of infrastructure improvements required to support the facility;

(d) An evaluation of mitigation measures to alleviate problems identified in subsections (b) and (c) of this section; and

(e) The relationship of the proposal to local planning and existing development.

(2) Any hazardous waste which would migrate, leach, or generate gas in its normal state shall not be disposed of in a landfill unless such waste has been either neutralized, detoxified, solidified, encapsulated or otherwise treated so that the character of the waste is such that it will prevent substantial migration, leaching or gas generation or unless the landfill is designed and constructed in such manner as will prevent substantial migration, leaching or gas generation, that may pose an unreasonable threat to public health or the environment.

(3) In conjunction with the application for permits under this section the applicant shall establish adequate financial responsibility as follows:

(a) The applicant shall file as part of his application for a permit to construct the facility an estimate of the cost of closing the facility after its capacity is reached or operations have otherwise ceased. In the case of storage facilities, the cost of closing shall include the cost of properly disposing of the hazardous waste stored. The department shall evaluate this cost estimate and either accept the estimate as made or shall revise it in accordance with acceptable guidelines. Before a permit to operate can be issued the applicant for any hazardous waste permit shall deposit into an interest bearing account pursuant to an escrow agreement with the department a closure fund. Such closure fund shall be cash, irrevocable credit or other sureties satisfactory to the department in an amount equal to the cost estimate for closure. A bank or other financial institution approved by the department shall act as the escrow agent of the closure fund. The escrow agreement shall provide that disbursement is permissible only upon written approval of the department and whenever, on the basis of any information, the department determines that the owner or operator is in violation of any of the closure requirements for the facility, that the department shall have the right to use part or all of the closure fund to carry out the closure requirements. The escrow agent shall release these funds upon receiving a forfeiture order of the department issued pursuant to an appropriate administrative hearing considering one (1) or more closure violations. When the applicant has ceased operations at the facility and has completed closure of the site, he may apply to the department for return of the principle and interest in the closure fund. Upon determination that closure has been satisfactorily accomplished, the department shall release to the applicant all remaining funds accumulated in the closure fund.

(b) Any applicant for a hazardous waste disposal permit shall file with the department as part of his application an estimate of the annual cost of post-closure monitoring and routine maintenance at the site. The department shall evaluate the cost estimate, and, after such modification as may be necessary in light of his evaluation, shall give notice of acceptance of the cost estimate. This cost estimate which will be referred to as the annual post-closure operating cost will then be used to determine the annual cash payments during the life of the facility or over twenty (20) years whichever is shorter into a post-closure monitoring and maintenance fund to be used for monitoring and maintenance for a period of a minimum of twenty (20) years after facility closure. The post-closure monitoring and maintenance fund shall be established by an escrow agreement with the department and annual payments shall be placed in an interest bearing escrow account in a bank or other financial institution approved by the department which shall act as the escrow agent for the fund. The escrow agreement shall provide that whenever, on the basis of any information, the department determines that the owner or operator of the facility is in violation of any of the post-closure monitoring and maintenance requirements, the department shall have the right to use part or all of the funds to carry out the post-closure monitoring and maintenance for the facility. The escrow agent shall release these funds upon receiving a forfeiture order of the department issued pursuant to an appropriate administrative hearing considering one (1) or more post-closure monitoring and maintenance violations. One (1) year after closure and annually, thereafter, for a period of twenty (20) years, the applicant who has carried out all necessary post-closure maintenance and monitoring requirements may upon application to the department be reimbursed out of the post-closure monitoring and maintenance fund an amount equal to the estimated costs for monitoring and routine maintenance for that year and the interest accumulated on that portion of the fund for that year. Request for release of funds for reimbursement must be accompanied by an itemized list of costs incurred. Upon determination that the expenditures incurred are in accordance with the approved plan or otherwise justified the department may authorize the release of the funds to the applicant in writing. Any funds remaining in the escrow account following a termination hearing in which the applicant is released of further responsibility will likewise be released to the applicant.

(c) Before a permit can be issued the applicant for any hazardous waste permit must provide evidence of financial responsibility in an amount and for a time period specified by the department for the purpose of satisfying claims arising out of injury to persons or property resulting from the release or escape of hazardous waste into the environment. Such financial responsibility may be established by one or a combination of evidence of liability insurance, self-insurance, or other evidence of financial responsibility acceptable to the department. The level of self-insurance shall not exceed ten percent (10%) of equity, and financial responsibility must be maintained during the entire operation of the facility.

(4) The department shall promulgate regulations establishing minimal standards for closure, post-closure monitoring and maintenance, and termination of sites for the disposal of hazardous waste. Any person who obtains a disposal permit for hazardous waste shall be responsible for the post-closure monitoring and maintenance of the permitted facility for a minimum of twenty (20) years after closure of the facility, and may apply to the department for termination of the responsibility for post-closure monitoring and maintenance at any time after the site has been closed for at least twenty (20) years. Upon receipt of such application the department shall provide notice to the public and to the owner or operator and an opportunity for a hearing on the termination of the site. In this proceeding the burden shall be on the applicant to prove by clear and convincing evidence that additional post-closure monitoring and maintenance is not necessary for adequate protection of public health or the environment. The department shall determine either that post-closure monitoring and maintenance of the site is no longer required in which case the applicant shall be relieved of such responsibility; or that additional post-closure monitoring and maintenance of the site as specified in a plan of operation is still required, in which case the department may order appropriate remedial measures, impose restrictive convenants as to future use of the property involved, or otherwise condition termination as may be necessary for adequate protection of public health and the environment.

SECTION 6. A NEW SECTION OF KRS CHAPTER 224 IS CREATED TO READ AS FOLLOWS:

The department shall promulgate regulations requiring, in connection with the application, review and issuance of generator registration certificates showing compliance with Section 4 of this Act or hazardous waste permits issued pursuant to Section 5 of this Act, the payment of a reasonable fee. The fee shall be reasonably related to the administrative cost of verifying data submitted pursuant to obtaining the certificates or permits and making reasonable inspections necessary for processing such applications.

SECTION 7. A NEW SECTION OF KRS CHAPTER 224 IS CREATED TO READ AS FOLLOWS:

Any record or any other information furnished to or obtained by the department relating to hazardous waste shall be open to reasonable public inspection, except that any record or information which constitutes a trade secret or confidential business information and is designated as such by the department upon a satisfactory showing by the owner in accordance with the rules and regulations of the department shall not be disclosed. Further, no record or information designated by the owner to be either a trade secret or confidential business information shall be released to the public, to the federal government or to any other agency, department or officer of the Commonwealth without providing the owner fifteen (15) days written notice.

Nothing herein shall be construed to prevent the use of such records or information by the department in compiling or publishing reports, analyses or summaries relating to general conditions in the environment, nor shall anything herein prevent the use of any record or other information for the purposes of administration or enforcement of any federal, state or local pollution control law. However, no such report, analyses, summary or use shall directly or indirectly publicly reveal information otherwise confidential under this section.

SECTION 8. A NEW SECTION OF KRS CHAPTER 224 IS CREATED TO READ AS FOLLOWS:

(1) (a) "Special wastes" mean those hazardous wastes of high volume and low hazard which include but are not limited to mining wastes, utility wastes (fly ash, bottom ash, scrubber sludge) sludge from pollution control equipment, water treatment facilities, and sewage treatment facilities, cement kiln dust, gas and oil drilling muds and oil production brines and any other waste so designated by the department.

(b) Disposal sites or facilities for "special wastes" shall be exempt from the provisions of Section 5 of this Act but may be regulated by the department consistent with P.L. 94-580 and regulations issued pursuant thereto unless a specified site or facility poses or may pose a threat of imminent hazard to public health or substantial environmental impact in which case the site or facility may be required by the department to comply with the provisions of Section 5 of this Act.

(c) Generators of special wastes shall register with the department and be subject to the provisions of Section 4 of this Act, except for generators of mining wastes which shall be regulated pursuant to the provisions of KRS Chapter 350.

(2) Retailers who generate waste oil shall be exempt from the provisions of Sections 4 and 5 of this Act but may be regulated by the department consistent with P.L. 94-580 and regulations issued pursuant thereto.

SECTION 9. A NEW SECTION OF KRS CHAPTER 224 IS CREATED TO READ AS FOLLOWS:

The department shall require the use of a manifest system for the orderly tracking of hazardous wastes from the generation site to the site of treatment, storage, and disposal. The system shall, at a minimum, require the designation of the generator, each transporter, the disposal facility, and the type and quantity of waste involved. The department may establish additional criteria to accommodate the manifest system to internal record keeping and to facilitate the monitoring of hazardous waste activity within the Commonwealth.

SECTION 10. A NEW SECTION OF KRS CHAPTER 224 IS CREATED TO READ AS FOLLOWS:

The department shall promulgate regulations establishing standards applicable to transporters of hazardous waste regarding record keeping and compliance with the manifest system. The department of transportation and the department of justice shall cooperate with and assist the department in implementing and enforcing the transportation provisions of any state hazardous waste regulations promulgated pursuant to this chapter. The specific nature and details of the assistance effort shall be established by a formal cooperative agreement acceptable to the departments.

Section 11. KRS 224.855 is amended to read as follows:

(1) No permit shall be issued until a complete application has been submitted to the department and the applicant has published that he has made application for a waste disposal site or facility in a manner reasonably calculated to inform that portion of the public which is most likely to be affected by the operation of the proposed waste disposal site or facility.

(2) At a minimum, publication shall be made at least once by advertisement in a daily or weekly newspaper of general circulation in the locality where the proposed site is to be located.

(3) The contents of the public notice of an application for a waste disposal site or facility shall include the following:

(a) The name and address of the applicant;

(b) A brief description of the activity for which a permit is being sought;

(c) A description of the proposed location;

(d) The name and address of this department; and

(e) The following statement: "Any person who may be aggrieved by the issuance of a permit for this proposed waste disposal site or facility may file with the department a petition which sets forth the grounds of the objection and demand a hearing pursuant to KRS 224.081(2)." Such hearing shall be held within the county where the solid waste disposal site or facility is proposed.

(4) No permit shall issue until at least thirty (30) days have expired following publication of the application. The applicant for a permit must establish the date of publication by a verified affidavit from the newspaper which publishes the advertisement. If a hearing is requested, no permit shall be issued prior to a completed hearing.

(5) *The fiscal court of the county, urban-county government, or governing body of an incorporated municipality wherein a hazardous waste disposal site or facility is proposed, shall conduct a public hearing after public notice has been given in accordance with KRS Chapter 424 and shall vote to approve or disapprove the hazardous waste disposal site or facility within thirty (30) days after the hearing described in subsection (4) of this section. After a fiscal court or urban-county government or governing body of an incorporated municipality has voted to approve or disapprove a hazardous waste disposal site or facility, the court,*

urban-county government, or governing body of an incorporated municipality shall so notify the department in writing within ten (10) days. If a hazardous waste disposal site or facility is disapproved by the court, urban-county government, or governing body of an incorporated municipality, the reasons for disapproval shall be set forth clearly and concisely, and so recorded in the minutes. No permit shall be issued by the department if a fiscal court, urban-county government or governing body of an incorporated municipality disapproves the hazardous waste disposal site or facility in the manner prescribed herein [No permit shall be issued by the department for a hazardous waste disposal site for long-lived wastes that may require long term or perpetual care and maintenance except with the consent and approval of a majority of the members of the Kentucky house of representatives, a majority of the members of the Kentucky senate and the approval of the governor of Kentucky.

(6) Before an application to locate such a hazardous waste disposal site in Kentucky can be submitted for approval to the Kentucky general assembly, it must first receive the approval of the secretary of the department for natural resources and environmental protection. It shall be the responsibility of the department for natural resources and environmental protection to ensure that a comprehensive environmental impact statement is submitted and that public hearings are held in the county in which it is proposed to locate such a hazardous waste disposal site].

The Committee Substitute to **SB 267** is as follows:

SB 267, AN ACT relating to the environment.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

SECTION 1. A NEW SECTION OF KRS CHAPTER 224 IS CREATED TO READ AS FOLLOWS:

The general assembly of the Commonwealth of Kentucky hereby finds, determines, and declares as follows:

(1) That technological progress and increases in the amounts of manufacturing are continuing to result in increasing quantities of hazardous waste being generated and prohibiting the generation of hazardous waste would result in a competitive economic disadvantage for the Commonwealth.

(2) That the Commonwealth is the site of much improper and inadequately regulated handling, treatment, transportation, storage, and disposal of hazardous waste which presents a threat to the public health, safety, and welfare and the environment;

(3) That by the enactment by the Congress of the United States of the resource conservation and recovery act of 1976 (Public Law 94-580), the generation, transportation, treatment, storage, recycling, and disposal of hazardous waste has been determined to be a matter of national importance, recognizing that hazardous waste presents, in addition to the problems generally associated with nonhazardous waste, special dangers to health and requires a greater degree of regulation than does nonhazardous waste;

(4) That the primary responsibility for proper hazardous waste management rests with the generators, transporters, treaters, storers, recyclers, and disposers of hazardous waste, subject to rules, regulations, guidelines, and standards promulgated by the department for natural resources and environmental protection and also subject to registration or permitting by the department for the purpose of effectuating safe and proper management at all steps in the hazardous waste cycle;

(5) That the participation of the private sector and the interested public in any aspect of hazardous waste management not expressly reserved as state or federal authority as set forth in this Act or other statutes is encouraged, moreover, it is preferable for hazardous waste management functions to be performed by the private sector when such is in the best interest of the public and conforms with the policies and provisions set forth in this Act;

(6) That as a matter of policy the Commonwealth in encouraging the development of hazardous waste management facilities should place a priority on environmentally sound alternatives to the land disposal of hazardous waste such as process changes, waste reduction, resource recovery and recycling, destruction, or treatment to render the waste nonhazardous; and

(7) That as a result of the conditions described in the foregoing findings, the problems of hazardous waste generation, transportation, treatment, storage, recycling, and disposal have become a matter of extreme state concern necessitating action by the general assembly to protect the public health, safety, and welfare and the environment of the Commonwealth.

Section 2. KRS 224.033 is amended to read as follows:

In addition to any other powers and duties vested in it by law, the department shall have the authority, power, and duty to:

(1) Exercise general supervision of the administration and enforcement of Acts 1972 (1st Ex. Sess.), ch. 3, and all rules, regulations and orders promulgated thereunder;

(2) Prepare and develop a comprehensive plan or plans related to the environment of the Commonwealth;

(3) Encourage industrial, commercial, residential and community development which provides the best usage of land areas, maximizes environmental benefits and minimizes the effects of less desirable environmental conditions;

(4) Develop and conduct a comprehensive program for the management of water, land, and air resources to assure their protection and balance utilization consistent with the environmental policy of the Commonwealth;

(5) Provide for the prevention, abatement, and control of all water, land, and air pollution including but not limited to that related to particulates, pesticides, gases, dust, vapors, noise, radiation, odor, nutrients, heated liquid, or other contaminants;

(8) Collect and disseminate information and conduct educational and training programs relating to the protection of the environment;

(9) Appear and participate in proceedings before any federal regulatory agency involving or affecting the purposes of the department;

(10) Enter and inspect any property or premises for the purpose of investigating either actual or suspected sources of pollution or contamination or for the purpose of ascertaining compliance or noncompliance with Acts 1972 (1st Ex. Sess.), ch. 3, or any rule or regulation which may be promulgated thereunder;

(11) Conduct investigations and hold hearings and compel the attendance of witnesses and the production of accounts, books and records by the issuance of subpoenas;

(12) Accept, receive, and administer grants or other funds or gifts from public and private agencies including the federal government for the purpose of carrying out any of the functions of the department.

Such funds received by the department shall be deposited in the state treasury to the account of the department;

(13) Request and receive the assistance of any state or municipal educational institution, experiment station, laboratory, or other agency when it is deemed necessary or beneficial by the department in the performance of its duties;

(14) Advise, consult, and cooperate with other agencies of the Commonwealth, other states, the federal government, and interstate and interlocal agencies, and affected persons, groups and industries;

(15) Formulate guides for measuring presently unidentified environmental values and relationships so they can be given appropriate consideration along with social, economic, and technical considerations in decision making;

(16) Monitor the environment to afford more effective and efficient control practices, to identify changes and conditions in ecological systems and to warn of emergency conditions;

(17) Adopt, modify or repeal with the recommendation of the commission any standard, rule, regulation or plan specified in subsections (5) and (6) of KRS 224.045;

(20) May establish, by regulation, a fee or schedule of fees for the cost of processing applications for permits authorized by this chapter, and for the cost of processing applications for exemptions or partial exemptions which may include but not be limited to the administrative costs of a hearing held as a result of such exemption application, except that applicants for existing or proposed publicly owned facilities shall be exempt from any such charge;

(21) May require for persons discharging into the waters or onto the land of the Commonwealth, by regulation, order or permit, technological levels of treatment and effluent limitations;

(22) Require, by regulation, that any person engaged in any operation regulated pursuant to this chapter install, maintain, and use at such locations and intervals as the department may prescribe any equipment, device or test and the methodologies and procedures for the use of such equipment, device or test to monitor the nature and amount of any substance emitted or discharged into the ambient air or waters or land of the Commonwealth and to provide any information concerning such monitoring to the department in accordance with the provisions of subsection (23) of this section;

(23) Require by regulation that any person engaged in any operation regulated pursuant to this chapter file with the department reports containing information as to location, size, height, rate of emission or discharge, and composition of any substance discharged or emitted into the ambient air or into the waters or onto the land of the Commonwealth, and such other information as the department may require;

(24) *Promulgate rules, regulations, guidelines, and standards for waste planning and management activities, approve waste management facilities, develop and publish a comprehensive statewide plan for nonhazardous waste management which shall contain, but not be limited to, the provisions set forth in KRS 109.031, and develop and publish a comprehensive statewide plan for hazardous waste management which shall contain, but not be limited to, the following:*

(a) A description of current hazardous waste management practices and costs, including treatment and disposal, within the Commonwealth;

(b) An inventory and description of all existing facilities where hazardous waste is being generated, treated, recycled, stored, or disposed of, including an inventory of the deficiencies of present facilities in meeting current hazardous waste management needs and a statement of the ability of present hazardous waste management facilities to comply with state and federal laws relating to hazardous waste;

(c) A description of the sources of hazardous waste affecting the Commonwealth including the types and quantities of hazardous waste currently being generated and a projection of such activities as can be expected to continue for not less than twenty (20) years into the future;

(d) An identification and continuing evaluation of those locations within the Commonwealth which are naturally or may be engineered to be suitable for the establishment of hazardous waste management facilities, and an identification of those general characteristics, values, and attributes which would render a particular location unsuitable, consistent with the policy of minimizing land disposal and encouraging the treatment and recycling of such wastes;

The statewide waste management plans shall be developed consistent with state and federal laws relating to waste [Establish a comprehensive waste management plan in order to ensure that wastes are properly collected, stored, processed, transported, disposed, and recycled];

(25) Perform such other and further acts as may be necessary to carry out the duties and responsibilities herein described; and

(26) Preserve existing clean air resources while ensuring economic growth by issuing regulations, which shall be no more stringent than federal requirements, setting maximum allowable increases from stationary sources over baseline concentrations of air contaminants to prevent significant deterioration in areas meeting the state and national ambient air quality standards.

SECTION 4. A NEW SECTION OF KRS CHAPTER 224 IS CREATED TO READ AS FOLLOWS:

(1) The department shall promulgate regulations which establish standards for the generators of hazardous waste requiring such generators to do the following:

(a) Compile and maintain such information and record keeping regarding the quantities of hazardous waste generated, characteristics and composition of such waste and disposition of hazardous waste generated;

(d) Provide information on the general chemical composition of the hazardous waste to persons transporting, treating, storing or disposing of hazardous waste;

(e) Keep all records and copies of manifest readily available for review and inspection by the designated representative of the department;

(f) Retain all records and manifest copies for a minimum of three (3) years or as required by the department;

(g) Compile a periodic report of hazardous waste generated, stored, transferred, treated, disposed or transported for treatment, storage, or disposal as required by the department.

(2) Any person who generates waste in this state shall make a determination as to whether or not such waste is hazardous pursuant to criteria promulgated by the department, and any generator of hazardous waste shall certify that all information required in notices or reports to the department or information provided on the manifest document is factual.

(3) The department shall promulgate regulations specifying the criteria by which wastes may be determined to be hazardous and based on use of these criteria maintain and update a list of wastes identified as hazardous wastes which shall be subject to the hazardous waste management provisions of this Act. The criteria and lists promulgated by the department shall be identical to any such criteria and lists proposed or promulgated by the U. S. environmental protection agency pursuant to P.L. 94-580. SECTION 5. A NEW SECTION OF KRS CHAPTER 224 IS CREATED TO READ AS FOLLOWS:

(1) No person shall engage in the storage, treatment, recycling or disposal of hazardous waste without first obtaining construction and operation permits from the department. The department shall promulgate regulations establishing standards for such permits but in no case shall a permit to construct or operate a hazardous waste disposal facility be issued unless it can be demonstrated that the proposed facility can be integrated into the surroundings in an environmentally compatible manner, including but not limited to insuring that hydrologic, seismologic, geologic and soil considerations have been adequately addressed in the permit application and in an operational plan. In no case shall a permit to construct a hazardous waste landfill or other site or facility for the land disposal of hazardous waste be approved or issued prior to notification of the department by the local unit of government of its actions pursuant to KRS 224.855(5). A person desiring a construction permit shall file an application on forms supplied by the department which shall contain such information the department deems necessary and provide evidence that the hazardous waste shall be treated, stored or disposed of in the manner prescribed by the department. The department may consider past performance in this or related fields by the applicant. The department, in making a determination to issue, deny or condition a construction permit, shall consider the following:

(a) An evaluation of alternatives, to include other locations and other treatment, storage, and disposal approaches, different from those proposed, available to the applicant;

(b) An evaluation of the public health, safety, and environmental aspects of the proposals;

(c) An evaluation of the social and economic impacts of the proposed action on the affected community, to include, at a minimum, changes in property values, community perception and other psychic costs, and the costs and availability of public services, facilities and improvements required to support the facility and protect public health, safety and the environment;

(d) An evaluation of mitigation measures to alleviate problems identified in subsections (b) and (c) of this section; and

(e) The relationship of the proposal to local planning and existing development.

Except that in the case of hazardous waste landfills or other sites or facilities for the land disposal of hazardous waste the provisions of paragraphs (c) and (e) of this subsection shall be determined by the local unit of government pursuant to KRS 224.855(5).

(2) Any hazardous waste which would migrate, leach, or generate gas in its normal state shall not be disposed of in a landfill unless such waste has been either neutralized, detoxified, solidified, encapsulated or otherwise treated so that the character of the waste is such that it will prevent substantial migration, leaching or gas generation or unless the landfill is designed and constructed in such manner as will prevent substantial migration, leaching or gas generation, that in either case may cause or significantly contribute to an increase in mortality or an increase in serious irreversible, or incapacitating reversible, illness or pose a substantial present or potential hazard to human health or the environment.

(3) In conjunction with the application for permits under this section the applicant shall establish adequate financial responsibility as follows:

(a) The applicant shall file as part of his application for a permit to construct the facility an estimate of the cost of closing the facility after its capacity is reached or operations have otherwise ceased. In the case of storage facilities, the cost of closing shall include the cost of properly disposing of the hazardous waste stored. The department shall evaluate this cost estimate and either accept the estimate as made or shall revise it in accordance with acceptable guidelines, using, where available, actual data on closure costs associated with similar existing facilities. Before a permit to operate can be issued the applicant for any hazardous waste permit shall deposit into an interest bearing account pursuant to an escrow agreement with the department a closure fund. Such closure fund shall be cash, irrevocable credit or other sureties satisfactory to the department in an amount equal to the cost estimate for closure. A bank or other financial institution approved by the department shall act as the escrow agent of the closure fund. The escrow agreement shall provide that disbursement is permissible only upon written approval of the department and whenever, on the basis of any information, the department determines that the owner or operator is in violation of any of the closure requirements for the facility, that the department shall have the right to use part or all of the closure fund to carry out the closure requirements. The escrow agent shall release these funds upon receiving a forfeiture order of the department issued pursuant to an appropriate administrative hearing considering one (1) or more closure violations. When the applicant has ceased operations at the facility and has completed closure of the site, he may apply to the department for return of the principle and interest in the closure fund. Upon determination that closure has been satisfactorily accomplished, the department shall release to the applicant all remaining funds accumulated in the closure fund.

(b) Any applicant for a hazardous waste disposal permit shall file with the department as part of his application an estimate of the annual cost of post-closure monitoring and routine maintenance at the site. The department shall evaluate the cost estimate, and, after such modification as may be necessary in light of its evaluation, shall give notice of acceptance of the cost estimate. This cost estimate which will be referred to as the annual post-closure operating cost will then be used to determine the annual cash payments during the life of the facility or over twenty (20) years whichever is shorter into a post-closure monitoring and maintenance fund to be used for monitoring and maintenance for a period of a minimum of twenty (20) years after facility closure. The post-closure monitoring and maintenance fund shall be established by an escrow agreement with the department and annual payments shall be placed in an interest bearing escrow account in a bank or other financial institution approved by the department which shall act as the escrow agent for the fund. The escrow agreement shall provide that whenever, on the basis of any information, the department determines that the owner or operator of the facility is in violation of any of the post-closure monitoring and maintenance requirements, the department shall have the right to use part or all of the funds to carry out the post-closure monitoring and maintenance for the facility. The escrow agent shall release these funds upon receiving a forfeiture order of the department issued pursuant to an appropriate administrative hearing considering one (1) or more post-closure monitoring and maintenance violations. One (1) year after closure and annually, thereafter, for a period of twenty (20) years, the applicant who has carried out all necessary post-closure maintenance and monitoring requirements may upon application to the department be reimbursed out of the post-closure monitoring and maintenance fund an amount equal to the estimated costs for monitoring and routine maintenance for that year and the interest accumulated on that portion of the fund for that year. Request for release of funds for reimbursement must be accompanied by an itemized list of costs incurred. Upon determination that the expenditures incurred are in accordance with the approved plan or otherwise justified the department may authorize the release of the funds to the applicant in writing. Any funds remaining in the escrow account following a termination hearing in which the applicant is released of further responsibility will likewise be released to the applicant.

(c) Before a permit can be issued the applicant for any hazardous waste permit must provide evidence of financial responsibility in an amount and for a time period specified by the department for the purpose of satisfying claims arising out of injury to persons or property resulting from the release or escape of hazardous waste into the environment. Such financial responsibility may be established by one or a combination of evidence of liability insurance, self-insurance, or other evidence of financial responsibility acceptable to the department. The level of self-insurance shall not exceed ten percent (10%) of equity, and financial responsibility must be maintained during the entire operation of the facility and until termination.

(4) The department shall promulgate regulations establishing minimal standards for closure, post-closure monitoring and maintenance, and termination of sites for the disposal of hazardous waste. Any person who obtains a disposal permit for hazardous waste shall be responsible for the post-closure monitoring and maintenance of the permitted facility for a minimum of twenty (20) years after closure of the facility, and may apply to the department for termination of the responsibility for post-closure monitoring and maintenance at any time after the site has been closed for at least twenty (20) years. Upon receipt of such application the department shall provide notice to the public and to the owner or operator and an opportunity for a hearing on the termination of the site. In this proceeding the burden shall be on the applicant to prove

by clear and convincing evidence that additional post-closure monitoring and maintenance is not necessary for adequate protection of public health or the environment. The department shall determine either that post-closure monitoring and maintenance of the site is no longer required in which case the applicant shall be relieved of such responsibility; or that additional post-closure monitoring and maintenance of the site as specified in a plan of operation is still required, in which case the department may order appropriate remedial measures, impose restrictive convenants as to future use of the property involved, or otherwise condition termination as may be necessary for adequate protection of public health and the environment.

SECTION 6. A NEW SECTION OF KRS CHAPTER 224 IS CREATED TO READ AS FOLLOWS:

The department shall promulgate regulations requiring, in connection with the application, review and issuance of generator registration certificates showing compliance with Section 4 of this Act or hazardous waste permits issued pursuant to Section 5 of this Act, the payment of a reasonable fee. The fee shall be reasonably related to the administrative cost of verifying data submitted pursuant to obtaining the certificates or permits and making reasonable inspections necessary for processing such applications.

SECTION 7. A NEW SECTION OF KRS CHAPTER 224 IS CREATED TO READ AS FOLLOWS:

Any record or any other information furnished to or obtained by the department relating to hazardous waste shall be open to reasonable public inspection, except that any record or information which constitutes a trade secret or confidential business information and is designated as such by the department upon a satisfactory showing by the owner in accordance with the rules and regulations of the department shall not be disclosed. Further, no record or information designated by the owner to be either a trade secret or confidential business information shall be released to the public, to the federal government or to any other agency, department or officer of the Commonwealth without providing the owner fifteen (15) days written notice.

Nothing herein shall be construed to prevent the use of such records or information by the department in compiling or publishing reports, analyses or summaries relating to general conditions in the environment, nor shall anything herein prevent the use of any record or other information for the purposes of administration or enforcement of any federal, state or local pollution control law. However, no such report, analyses, summary or use shall directly or indirectly publicly reveal information otherwise confidential under this section.

SECTION 8. A NEW SECTION OF KRS CHAPTER 224 IS CREATED TO READ AS FOLLOWS:

(1) (a) "Special wastes" mean those hazardous wastes of high volume and low hazard which include but are not limited to mining wastes, utility wastes (fly ash, bottom ash, scrubber sludge), sludge from water treatment facilities and sewage treatment facilities, cement kiln dust, gas and oil drilling muds and oil production brines and any other waste so designated by the department.

(b) Disposal sites or facilities for "special wastes" shall be exempt from the provisions of Section 5 of this Act but may be regulated by the department consistent with P.L. 94-580 and regulations issued pursuant thereto unless a specified site or facility poses or may pose a threat of imminent hazard to public health or substantial environmental impact in which case the site or facility may be required by the department to comply with the provisions of Section 5 of this Act.

(c) Generators of special wastes shall register with the department and be subject to the provisions of Section 4 of this Act, except for generators of coal mining wastes which shall be regulated pursuant to the provisions of KRS Chapter 350.

(2) Generators of waste oil shall be exempt from the provisions of Sections 4 and 5 of this Act but may be regulated by the department consistent with P.L. 94-580 and regulations issued pursuant thereto.

SECTION 9. A NEW SECTION OF KRS CHAPTER 224 IS CREATED TO READ AS FOLLOWS:

The department shall require the use of a manifest system for the orderly tracking of hazardous wastes from the generation site to the site of treatment, storage, and disposal except for coal mining wastes pursuant to Section 8(1)(c) of this Act. The system shall, at a minimum, require the designation of the generator, each transporter, the disposal facility, and the type and quantity of waste involved. The department may establish additional criteria to accommodate the manifest system to internal record keeping and to facilitate the monitoring of hazardous waste activity within the Commonwealth.

SECTION 10. A NEW SECTION OF KRS CHAPTER 224 IS CREATED TO READ AS FOLLOWS:

The department shall promulgate regulations establishing standards applicable to transporters of hazardous waste regarding record keeping and compliance with the manifest system. The department of transportation and the department of justice shall cooperate with and assist the department in implementing and enforcing the transportation provisions of any state hazardous waste regulations promulgated pursuant to this chapter. The specific nature and details of the assistance effort shall be established by a formal cooperative agreement acceptable to the departments.

Section 11. KRS 224.855 is amended to read as follows:

(1) No permit shall be issued until a complete application has been submitted to the department and the applicant has published that he has made application for a waste disposal site or facility in a manner reasonably calculated to inform that portion of the public which is most likely to be affected by the operation of the proposed waste disposal site or facility.

(2) At a minimum, publication shall be made at least once by advertisement in a daily or weekly newspaper of general circulation in the locality where the proposed site is to be located.

(3) The contents of the public notice of an application for a waste disposal site or facility shall include the following:

(a) The name and address of the applicant;
(b) A brief description of the activity for which a permit is being sought;
(c) A description of the proposed location;
(d) The name and address of this department; and
(e) The following statement: "Any person who may be aggrieved by the issuance of a permit for this proposed waste disposal site or facility may file with the department a petition which sets forth the grounds of the objection and demand a hearing pursuant to KRS 224.081(2)." Such hearing shall be held within the county where the [solid] waste disposal site or facility is proposed.

(4) No permit shall issue until at least thirty (30) days have expired following publication of the application. The applicant for a permit must establish the date of publication by a verified affidavit from the newspaper which publishes the advertisement. If a hearing is requested, no permit shall be issued prior to a completed hearing. *In the case of hazardous waste landfills and other sites or facilities for the land disposal of hazardous waste no permit shall be approved or issued prior to notification of the department by the local unit of government of its actions pursuant to subsection (5) of this section.*

(5) *The fiscal court of the county, urban-county government, or governing body of an incorporated municipality wherein a hazardous waste landfill or other site or facility for the land disposal of hazardous waste is proposed, shall conduct a public hearing after public notice has been given in accordance with KRS Chapter 424 and shall vote to approve or disapprove the hazardous waste landfill or other site or facility for the land disposal of hazardous waste within thirty (30) days after the hearing described in subsections (3) and (4) of this section. If no hearing is requested under the provisions of subsections (3) and (4) of this section, the fiscal court, urban-county government, or governing body of an incorporated municipality shall conduct such public hearing and vote to approve or disapprove the hazardous waste landfill or other site or facility for the land disposal of hazardous waste within sixty (60) days following publication of the application. In making a determination the fiscal court, urban-county government, or governing body of an incorporated municipality shall consider the social and economic impacts of the proposed hazardous waste landfill or other site or facility for the land disposal of hazardous waste on the affected community, including changes in property values, community perception and other psychic costs; costs and availablity of public services, facilities and improvements required to support the landfill or other site or facility and protect public health, safety and the environment; and the relationship of the proposed hazardous waste landfill or other site or facility for the land disposal of hazardous waste to local planning and existing development. After a fiscal court or urban-county government or governing body of an incorporated municipality has voted to approve or disapprove a hazardous waste landfill or other site or facility for the land disposal of hazardous waste, the court, urban-county government, or governing body of an incorporated municipality shall so notify the department in writing within ten (10) days. If a hazardous waste landfill or other site or facility for the land disposal of hazardous waste is disapproved by the court, urban-county government, or governing body of an incorporated municipality, the reasons for disapproval shall be set forth clearly and concisely, and so recorded in the minutes. No permit shall be issued by the department if a fiscal court, urban-county government or governing body of an incorporated municipality disapproves the hazardous waste landfill or other site or facility for the land disposal of hazardous waste in the manner prescribed herein* [No permit shall be issued by the department for a hazardous waste disposal site for long-lived wastes that may require long term or perpetual care and maintenance except with the consent and approval of a majority of the members of the Kentucky house of representatives, a majority of the members of the Kentucky senate and the approval of the governor of Kentucky.

(6) Before an application to locate such a hazardous waste disposal site in Kentucky can be submitted for approval to the Kentucky general assembly, it must first receive the approval of the secretary of the department for natural resources and environmental protection. It shall be the responsibility of the department for natural resources and environmental protection to ensure that a comprehensive environmental impact statement is submitted and that public hearings are held in the county in which it is proposed to locate such a hazardous waste disposal site].

SB 277, AN ACT relating to crimes and punishments.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

Section 1. KRS 500.090 is amended to read a follows:

(1) All property which is subject to forfeiture under any section of the Kentucky Penal Code shall be disposed of in accordance with this section.

(a) Property which is forfeited under any section of this code may, upon order of the trial court, be destroyed by the sheriff of the county in which the conviction was obtained.

(b) Property which is forfeited under any section of this code may, upon order of the trial court, be sold at public auction. The expenses of keeping and selling such property and the amount of all valid recorded liens that are established by intervention as being bona fide shall be paid out of the proceeds of the sale. The balance shall be paid to the general fund of the state.

(c) If property which is forfeited under any section of this code is determined by the trial court to be worthless, encumbered with liens in excess of its value, or otherwise a burdensome asset, the court may abandon any interest in such property. Property which is abandoned pursuant to this section shall be returned to the lawful claimant upon payment of expenses for keeping the property.

(d) Property which is forfeited under any section of this code may, upon order of the trial court, be retained for official [state] use *in the following manner. Property which has been seized by an agency of the state may be retained for official state use. Property which has been seized by an agency of county, city, or urban-county government may be retained for official use by the government whose agency seized the property or for official state use. Property seized by any other unit of government may be retained only for official state use.* The expenses for keeping and transferring such property shall be paid by the *unit of government by which the property is retained* [state].

(2) Money which has been obtained or conferred in violation of any section of this code shall, upon conviction, be forfeited for the use of the state. This subsection shall not apply when, during the course of the proceeding in which the conviction is obtained, the person from whom said money was unlawfully acquired is identified.

(3) Property forfeited under any section of this code shall be disposed of in accordance with this section only after being advertised pursuant to KRS Chapter 424. This subsection shall not apply to property which is designed and suitable only for criminal use or to money forfeited under subsection (2) of this section;

(4) The trial court shall remit the forfeiture of property when the lawful claimant:

(a) Asserts his claim before disposition of the property pursuant to this section;

(b) Establishes his legal interest in the property; and

(c) Establishes that the unlawful use of the property was without his knowledge and consent. Subsection (4) shall not apply to a lienholder of record when the trial court elects to dispose of the property pursuant to subsection (1) (b) of this section.

(5) For purposes of this section, "lawful claimant" means owner or lienholder of record.

(6) *Before property which has had its identity obscured in violation of KRS 514.120 may be sold or retained for official use as provided in this section, the court shall cause a serial or other identifying number to be placed thereon and a record of the number assigned shall be placed in the court order authorizing the sale or retention of the property. This number shall be assigned, whenever applicable, in consultation with the Kentucky state police, and, any other state or federal regulatory agency. The purchaser of the property shall be given a document stating that the property had been forfeited pursuant to law and that a number, shown on the document, has been assigned which shall be deemed as compliance of the owner with KRS 514.120. When property is returned to an owner pursuant to this section and its identity has been obscured by another person in violation of KRS 514.120 the court shall provide a document to the owner relieving him of liability for its continued possession. This document shall serve as evidence of compliance with KRS 514.120 by the owner or any person to whom he lawfully disposes of the property. This section shall not apply to any person, after property has been sold or returned in compliance with this section who violates the provisions of KRS 514.120 with respect to that property.*

(7) Before forfeiture of any property under this section it shall be the duty of the trial court to determine if a lawful owner or claimant to the property has been identified or is identifiable. If a lawful owner or claimant has been identified or is identifiable the court shall notify the owner or claimant that the property is being held and specify a reasonable period of time during which the claim may be made, or may, in lieu thereof, order the return of the property to the lawful owner or claimant. If the lawful owner or claimant does not assert his claim to the property after notification or if he renounces his claim to the property, the property shall be disposed of as provided in this section. It shall be the duty of all peace officers and other public officers or officials having knowledge of the lawful owner or claimant of property subject to forfeiture to report the same to the trial court before the act of forfeiture occurs.

Section 2. KRS 514.010 is amended to read as follows:

The following definitions apply in this chapter unless the context otherwise requires:

(3) "Financial institution" means a bank, insurance company, credit union, building and loan association, savings and loan association, investment trust or other organization held out to the public as a place of deposit of funds or medium of savings or collective investment. .

(8)[(6)] "Property of another" includes property in which any person other than the actor has an interest which the actor is not privileged to infringe, regardless of the fact that the actor also has an interest in the property and regardless of the fact that the other person might be precluded from civil recovery because the property was used in an unlawful transaction or was subject to forfeiture as contraband. Property in possession of the actor shall not be deemed property of another who has only a security interest therein, even if legal title is in the creditor pursuant to a conditional sales contract or other security arrangement.

(9)[(7)] "Receiving" means acquiring possession, control or title or lending on the security of the property.

(c) Took property exposed for sale, intending to purchase and pay for it promptly, or reasonably believing that the owner, if present, would have consented.

(2) It is no defense that theft was from the actor's spouse, except that misappropriation of household and personal effects or other property normally accessible to both spouses is theft only if it involves the property of the other spouse and only if it occurs after the parties have ceased living together.

(3) It shall be prima facie evidence of intent to commit theft by deception when one who has leased or rented the personal property of another fails to return the personal property to its owner within 10 days after the lease or rental agreement has expired. It shall also be prima facie evidence of intent to commit theft by deception when one presents to the owner identification which is false, fictitious or not current as to name, address, place of employment or other items of identification for the purpose of obtaining the lease or rental agreement. Nothing herein contained shall relieve the owner from making demand for return of property so leased or rented. Notice addressed and mailed to the lessee or renter at the address given at the time of the making of the lease or rental agreement shall constitute proper demand.

(4) Possession of property in violation of this chapter shall be prima facie evidence of the intent to deprive another of it within the meaning of KRS 514.010.

SECTION 4. A NEW SECTION OF KRS CHAPTER 514 IS CREATED TO READ AS FOLLOWS:

SB 277, AN ACT relating to crimes and punishments.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

Section 1. KRS 500.090 is amended to read a follows:

(1) All property which is subject to forfeiture under any section of the Kentucky Penal Code shall be disposed of in accordance with this section.

(a) Property which is forfeited under any section of this code may, upon order of the trial court, be destroyed by the sheriff of the county in which the conviction was obtained.

(b) Property which is forfeited under any section of this code may, upon order of the trial court, be sold at public auction. The expenses of keeping and selling such property and the amount of all valid recorded liens that are established by intervention as being bona fide shall be paid out of the proceeds of the sale. The balance shall be paid to the general fund of the state.

(c) If property which is forfeited under any section of this code is determined by the trial court to be worthless, encumbered with liens in excess of its value, or otherwise a burdensome asset, the court may abandon any interest in such property. Property which is abandoned pursuant to this section shall be returned to the lawful claimant upon payment of expenses for keeping the property.

(d) Property which is forfeited under any section of this code may, upon order of the trial court, be retained for official [state] use *in the following manner. Property which has been seized by an agency of the state may be retained for official state use. Property which has been seized by an agency of county, city, or urban-county government may be retained for official use by the government whose agency seized the property or for official state use. Property seized by any other unit of government may be retained only for official state use.* The expenses for keeping and transferring such property shall be paid by the *unit of government by which the property is retained* [state].

(2) Money which has been obtained or conferred in violation of any section of this code shall, upon conviction, be forfeited for the use of the state. This subsection shall not apply when, during the course of the proceeding in which the conviction is obtained, the person from whom said money was unlawfully acquired is identified.

(3) Property forfeited under any section of this code shall be disposed of in accordance with this section only after being advertised pursuant to KRS Chapter 424. This subsection shall not apply to property which is designed and suitable only for criminal use or to money forfeited under subsection (2) of this section;

(4) The trial court shall remit the forfeiture of property when the lawful claimant:

(a) Asserts his claim before disposition of the property pursuant to this section;

(b) Establishes his legal interest in the property; and

(c) Establishes that the unlawful use of the property was without his knowledge and consent. Subsection (4) shall not apply to a lienholder of record when the trial court elects to dispose of the property pursuant to subsection (1) (b) of this section.

(5) For purposes of this section, "lawful claimant" means owner or lienholder of record.

(6) *Before property which has had its identity obscured in violation of KRS 514.120 may be sold or retained for official use as provided in this section, the court shall cause a serial or other identifying number to be placed thereon and a record of the number assigned shall be placed in the court order authorizing the sale or retention of the property. This number shall be assigned, whenever applicable, in consultation with the Kentucky state police, and, any other state or federal regulatory agency. The purchaser of the property shall be given a document stating that the property had been forfeited pursuant to law and that a number, shown on the document, has been assigned which shall be deemed as compliance of the owner with KRS 514.120. When property is returned to an owner pursuant to this section and its identity has been obscured by another person in violation of KRS 514.120 the court shall provide a document to the owner relieving him of liability for its continued possession. This document shall serve as evidence of compliance with KRS 514.120 by the owner or any person to whom he lawfully disposes of the property. This section shall not apply to any person, after property has been sold or returned in compliance with this section who violates the provisions of KRS 514.120 with respect to that property.*

(7) Before forfeiture of any property under this section it shall be the duty of the trial court to determine if a lawful owner or claimant to the property has been identified or is identifiable. If a lawful owner or claimant has been identified or is identifiable the court shall notify the owner or claimant that the property is being held and specify a reasonable period of time during which the claim may be made, or may, in lieu thereof, order the return of the property to the lawful owner or claimant. If the lawful owner or claimant does not assert his claim to the property after notification or if he renounces his claim to the property, the property shall be disposed of as provided in this section. It shall be the duty of all peace officers and other public officers or officials having knowledge of the lawful owner or claimant of property subject to forfeiture to report the same to the trial court before the act of forfeiture occurs.

Section 2. KRS 514.010 is amended to read as follows:

The following definitions apply in this chapter unless the context otherwise requires:

(1) "Deprive" means:

(a) To withhold property of another permanently or for so extended a period as to appropriate a major portion of its economic value or with intent to restore only upon payment of reward or other compensation; or

(b) To dispose of the property so as to make it unlikely that the owner will recover it.

(2) "Financial institution" means a bank, insurance company, credit union, building and loan association, savings and loan association, investment trust or other organization held out to the public as a place of deposit of funds or medium of savings or collective investment.

(3) "Movable property" means property the location of which can be changed, including things growing on, affixed to, or found in land, and documents although the rights represented thereby have no physical location. "Immovable property" is all other property.

(4) "Obtain" means:

(a) In relation to property, to bring about a transfer or purported transfer from another person of a legal interest in the property, whether to the obtainer or another; or

(b) In relation to labor or service, to secure performance thereof.

(5) "Propelled vehicle" means any vehicle, including but not limited to motor vehicles, aircraft, boats, or construction machinery, which is propelled otherwise than by muscle power or which is readily capable of being towed otherwise than by muscle power.

(6)[(5)] "Property" means anything of value, including real estate, tangible and intangible personal property, contract rights, documents, choses-in-action and other interests in or claims to wealth, admission or transportation tickets, captured or domestic animals, food and drink.

(7)[(6)] "Property of another" includes property in which any person other than the actor has an interest which the actor is not privileged to infringe, regardless of the fact that the actor also has an interest in the property and regardless of the fact that the other person might be precluded from civil recovery because the property was used in an unlawful transaction or was subject to forfeiture as contraband. Property in possession of the actor shall not be deemed property of another who has only a security interest therein, even if legal title is in the creditor pursuant to a conditional sales contract or other security arrangement.

(8)[(7)] "Receiving" means acquiring possession, control or title or lending on the security of the property.

(9)[(8)] "Services" includes labor, professional service, transportation, telephone, electricity, gas, water or other public service, accommodation in hotels, restaurants or elsewhere, admission to exhibitions, use of vehicles or other movable property.

Section 3. KRS 514.020 is amended to read as follows:

(a) Was unaware that the property or service was that of another; or

(b) Acted under a claim of right to the property or service involved or a claim that he had a right to acquire or dispose of it as he did; or

(c) Took property exposed for sale, intending to purchase and pay for it promptly, or reasonably believing that the owner, if present, would have consented.

(2) It is no defense that theft was from the actor's spouse, except that misappropriation of household and personal effects or other property normally accessible to both spouses is theft only if it involves the property of the other spouse and only if it occurs after the parties have ceased living together.

(3) It shall be prima facie evidence of intent to commit theft by deception when one who has leased or rented the personal property of another fails to return the personal property to its owner within 10 days after the lease or rental agreement has expired. It shall also be prima facie evidence of intent to commit theft by deception when one presents to the owner identification which is false, fictitious or not current as to name, address, place of employment or other items of identification for the purpose of obtaining the lease or rental agreement. Nothing herein contained shall relieve the owner from making demand for return of property so leased or rented. Notice addressed and mailed to the lessee or renter at the address given at the time of the making of the lease or rental agreement shall constitute proper demand.

(4) Possession of property in violation of this chapter shall be prima facie evidence of the intent to deprive another of it within the meaning of KRS 514.010.

Section 4. KRS 514.100 is amended to read as follows:

(1) A person is guilty of the unauthorized use of an automobile or other propelled vehicle when he knowingly operates, exercises control over, or otherwise uses such vehicle without consent of the owner or person having legal possession thereof.

(b) Possesses [for the purpose of sale in the course of business] any automobile or other propelled vehicle, machine, or electrical or mechanical device or other property *(including any part thereof)* knowing that the serial number or other identification number or mark including property marked with a social security number for identification purposes has been removed, defaced, covered, altered, destroyed or otherwise obscured.

(2) Possession of any automobile or other propelled vehicle, machine, or electrical or mechanical device or other property *(including any part thereof)* [held for sale in the course of business] on which the serial number or any other distinguishing identification number or mark including property marked with a social security number or motor vehicle operator's license number for identification purposes has been removed, defaced, covered, altered, destroyed or otherwise obscured is prima facie evidence of knowledge of that fact.

(3) *A person in possession of any property which is otherwise in violation of this section may apply in writing to the Kentucky state police, through any law enforcement agency in the county of his residence, for assignment of a number for the property providing he can show that he is the lawful owner of the property pursuant to the provisions of this Act. If a number is issued in conformity with the provisions of this Act then the person to whom it was issued and any person to whom the property is lawfully disposed of shall not be in violation of this Act. A person lawfully holding a certification issued pursuant to KRS 500.090 shall also be deemed in compliance with this section. (4) Obscuring the identity of a machine or other property is a Class A misdemeanor *unless the value of the property is one hundred dollars ($100) or more, in which case it is a Class D felony.*

SECTION 6. A NEW SECTION OF KRS CHAPTER 514 IS CREATED TO READ AS FOLLOWS:

(2) Possession of a vehicle with a stolen major part or parts installed thereon shall be deemed to bring the entire vehicle within the provisions of subsection (1) of this section.

(a) The engine;
(b) The frame;
(c) The transmission;

Any such lien may be discharged in the same manner as a lien filed pursuant to KRS 134.420.

SECTION 2. A NEW SECTION OF KRS CHAPTER 304 IS CREATED TO READ AS FOLLOWS:

(1) Prior to the payment of any insurance proceeds for loss or damage to real estate caused by fire, but within twenty (20) days of the filing of any notice of claim for fire insurance proceeds by an insured, provided the amount of the proceeds for the loss payable under the policy is ten thousand dollars ($10,000) or more, the insurer required to pay such proceeds shall notify the county clerk of the county in which such loss or damage has been sustained and demand in writing, by registered or certified mail, that a statement indicating the amount of all liens existing and referred to by this Act be delivered to such insurer at a specified address, in person or by registered or certified mail, within fifteen (15) days from the date of receipt by the county clerk of such demand. The insurer may rely conclusively upon the amount of the taxes due as set forth in such notice of lien in making any payments of proceeds to any person. The county clerk performing such service shall receive a fee of five dollars ($5) from the insurer.

(2) Within twenty (20) days of receipt of a notice of lien received from the county clerk pursuant to this Act and a final determination of the insurer's obligation to pay fire insurance proceeds, the insurer shall pay all or a portion of the proceeds otherwise payable to the insured directly to the state or the county, city or other taxing district in satisfaction of the total amount of delinquent real estate taxes or incurred demolition costs as set forth on the statement of lien and shall deduct the amount thereof from the proceeds otherwise payable to the insured. SECTION 3. A NEW SECTION OF KRS CHAPTER 304 IS CREATED TO READ AS FOLLOWS:

This Act is enacted to provide a means by which the protection of nongame species and the acquisition of land or interests in land and the protection, maintenance, and use of the land, may be financed in part through a voluntary check-off designation on state income tax return forms.

SECTION 2. A NEW SECTION OF KRS CHAPTER 141 IS CREATED TO READ AS FOLLOWS:

In the case of a joint return, each spouse may also designate that a portion of the refund shall be paid to said programs. (2) The department of revenue shall print in the instructions accompanying the individual income tax form a description of the purposes for which the nongame species and habitat acquisition programs were established and the use of monies from the income tax check-off.

SECTION 4. A NEW SECTION OF KRS CHAPTER 141 IS CREATED TO READ AS FOLLOWS:

The commissioner of the department of revenue shall transfer fifty percent (50%) of the funds designated in Section 3 of this Act to the nongame fish and wildlife fund created by Section 5 of this Act and fifty percent (50%) to the Kentucky nature preserves fund created by KRS 146.520 and shall reduce the amount of the income tax refund by the amount designated.

SECTION 5. A NEW SECTION OF KRS CHAPTER 150 IS CREATED TO READ AS FOLLOWS:

(1) There is established a special fund to be known as the "nongame fish and wildlife fund" which shall be under the control of the department of fish and wildlife resources commission for the purpose of protecting and preserving nongame fish and wildlife and their habitat.

(2) The nongame fish and wildlife fund shall consist of all monies transferred to it under this Act, appropriations, donations, federal funds, other revenues designated for the fund from any source whatever, and all interest earned thereon.

(3) Monies contained in the nongame fish and wildlife fund shall be deemed a trust and agency account and shall not lapse and monies contained in the fund shall be continuously appropriated for the purposes specified in this section.

(1) When it appears to the department of revenue that money has been paid into the state treasury for ad valorem taxes when no such taxes were in fact due, or for taxes of any kind paid under a statute held unconstitutional, the department of revenue shall refund the money, or cause it to be refunded, to the person who paid the same. This shall not authorize a refund to a person who has made payment of the tax due on any tract of land, unless the entire tax due the state on such land has been paid.

(2) No such refund shall be made unless application for same is made in each case within two (2) years from the time payment was made[, except where payment was made on or after January 1, 1966 in which case application may be made within four (4) years of the time of payment].

(3) When it has been determined that city, urban-county, county, school district or special district ad valorem taxes have been paid to a city, urban-county, county, school district or special district when, in fact, no taxes were due, or the amount paid was in excess of the amount finally determined to be due, such taxes shall be refunded to the person who paid the tax.

(4) Refunds of ad valorem taxes shall be authorized by the mayor or chief finance officer of any city or urban-county government for the city or urban-county government or for any special district for which the city or urban-county government is the levying authority; by the county judge/executive of any county for the county or special district for which the fiscal court is the levying authority; or by the chairman or finance officer of any district board of education.

(5) Upon proper authorization the sheriff or collector shall refund the taxes from current tax collections in his possession. If there are no such funds refund shall be made by the finance officer of the district.

The sheriff or collector shall receive credit for any refunds made by him on his next collection report to the district.

(6) No refund shall be made unless application is made in each case within two (2) years from the date payment was made. If the question of the amount of taxes due is in litigation, the application for refund must be made within two (2) years from the date the amount due is finally determined.

SB 340, AN ACT relating to the establishment of certificate of need, licensing and regulation of health facilities and health services.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

SECTION 1. KRS CHAPTER 216B IS ESTABLISHED AND A NEW SECTION THEREOF IS CREATED TO READ AS FOLLOWS:

The general assembly finds that the licensure of health facilities and health services is a means to insure that the citizens of this Commonwealth will have safe, adequate and efficient medical care; that the proliferation of unnecessary health care facilities, health services and major medical equipment results in costly duplication and underuse of such facilities, services and equipment; and that such proliferation increases the cost of quality health care within the Commonwealth. The general assembly further finds that a certificate of need law is required under the provisions of the national health planning resource development act of 1974, P.L. 93-641 as amended, as a condition for the receipt of federal funds. Therefore, it is the purpose of this chapter to provide for the establishment of the Kentucky health facilities and health services certificate of need and licensure board for the specific purpose of licensing health facilities and services, and to review and approve applications for certificates of need.

SECTION 2. A NEW SECTION OF KRS CHAPTER 216B IS CREATED TO READ AS FOLLOWS:

Except as otherwise provided, for purposes of this chapter, the following definitions shall apply:

(1) "Administrative regulation" means a regulation adopted and promulgated pursuant to the procedures in KRS Chapter 13.

(2) "Applicant" means any person, group, health facility, or health service requesting a certificate of need or license for a health facility.

(3) "Board" means the Kentucky health facilities and health services certificate of need and licensure board.

(4) "Capital expenditure" means an expenditure made by or on behalf of a health care facility which:

(a) Under generally accepted accounting principles is not properly chargeable as an expense of operation and maintenance; or

(b) Is made to obtain by lease or comparable arrangement any facility or part thereof or any equipment for a facility or part thereof; and

(c) Exceeds the expenditure minimum, substantially changes the bed capacity of the facility with respect to which the expenditure is made, or substantially changes the health services offered in or through such health facility.

(d) For purposes of this paragraph, the term "expenditure minimum" means one hundred fifty thousand dollars ($150,000) for the twelve (12) month period beginning with the month in which this paragraph is enacted and for each twelve (12) month period thereafter. In determining whether an expenditure exceeds the expenditure minimum, the cost of any studies, surveys, designs, plans, working drawings, specifications, and other activities essential to the improvement, expansion, or replacement of any plant or any equipment with respect to which the expenditure is made shall be included. Donations of equipment or facilities to a health facility which if acquired directly by such facility would be subject to review under this chapter shall be considered a capital expenditure, and a transfer of the equipment or facilities for less than fair market value shall be considered a capital expenditure if a transfer of the equipment or facilities at fair market value would be subject to review.

(5) "Certificate of need" means an authorization by the board to proceed with any acquisition, initiation, construction or expansion covered by this chapter.

(6) "Department" means the department for human resources acting under its designation as the state health planning and development agency under the federal act.

(7) "Federal act" means the national health planning resources development act of 1974, P.L. 93-641, as amended.

(8) "Health facility" means any institution, place, building, or agency or portion thereof, public or private, whether organized for profit or not, used, operated or designed to provide medical diagnosis, treatment, nursing, rehabilitative or preventive care to any person or persons. HR 109, A RESOLUTION requesting a study of the Kentucky Medical Assistance Program.

WHEREAS, the cost of the Kentucky Medical Assistance Program has risen in a five year period from $133,589,597 in fiscal year 1975 to $248,190,828 in fiscal year 1979, an eighty-six percent (86%) increase; with specific increases of: fifty percent (50%) in nursing home cost; one hundred percent (100%) in inpatient hospital cost; one hundred and twenty percent (120%) in physician's fees, and three hundred and seventy-five percent (375%) in intermediate care cost; and

WHEREAS, the number of Medical Assistance recipients has dropped from 324,158 in fiscal year 1975 to 320,265 in fiscal year 1979, a one percent decrease; and for those receiving Medical Assistance *only*, the number of recipients has dropped from 62,424 in fiscal year 1975 to 56,495 in fiscal year 1979, a ten percent (10%) decrease; and

WHEREAS, many individuals who are medically needy do not now qualify for Medical Assistance *only* as the income eligibility level of one-hundred and fifty dollars ($150) for one (1) person, one hundred and eight-three dollars ($183) for two (2) persons, etc., has not been raised since October 1974, and there have been no adjustments for inflation, which has amounted to fifty percent (50%) during the five year period; and

WHEREAS, many cost effective preventive health programs and the utilization of qualified paraprofessional health care providers, which could reduce Medical Assistance cost, are underfunded or not now reimbursable by Medical Assistance; and

WHEREAS, a large number of physicians refuse to participate in the Medical Assistance Program and many others only accept a small percentage of Medical Assistance recipients as patients, requiring a few physicians to accept large numbers of Medical Assistance recipients as patients; and

WHEREAS, many physicians complain that payment procedures are too complicated; payment rates vary by geographic location without reason; and payment is delayed an inordinate time period; and

WHEREAS, certain hospitals and health facilities discourage and deny access to physicians who accept Medical Assistance recipients as patients; and

WHEREAS, additional problems exist in the areas of restrictions on the utilization of certain necessary drugs, payment levels for lab fees performed in a physician's office, and other areas which affect the health of low income citizens of our Commonwealth;

NOW, THEREFORE,

Be it resolved by the House of Representatives of the General Assembly of the Commonwealth of Kentucky:

Section 1. That the staff of the Legislative Research Commission be requested to undertake a study of the Kentucky Medical Assistance Program; including the adequacy of the program in serving those who are medically needy; program changes which could reduce or contain the cost of Medical Assistance; and changes which would increase the acceptance of the Medical Assistance Program to providers of health care services.

Section 2. That findings of the study be reported to the appropriate interim joint committee by July 1, 1981, and that the final study be delivered to the Legislative Research Commission at its November, 1981, regular meeting and to the 1982 General Assembly.

Section 3. Staff services to be utilized in completing this study are estimated to cost $14,000. These services shall be provided from the regular commission budget and are subject to the limitations and other research responsibilities of the commission.

SB 257, AN ACT relating to oil shale mining.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

SECTION 1. A NEW SECTION OF KRS CHAPTER 350 IS CREATED TO READ AS FOLLOWS:

(1) The general assembly finds that there has been a recent interest in the Commonwealth in the mining and processing of oil shale due to the critical need for fossil fuel which has developed in this country. The general assembly further finds that the development of this fossil fuel could be of significant long range benefit to the Commonwealth and to the United States of America, but that the unregulated extraction and processing of oil shale within the Commonwealth could cause soil erosion, water pollution and the destruction of aesthetic and agricultural values. The general assembly further finds that, in order to effectively regulate the extraction and processing of oil shale, the department for natural resources and environmental protection shall conduct extensive research concerning the process, waste production and potentially adverse environmental impacts of such recovery operations.

(2) It is the intent of the general assembly to provide such regulation and control of the mining and processing of oil shale as to minimize and prevent its adverse effects on the citizens and the environment of the Commonwealth. The general assembly further finds that the department for natural resources and environmental protection is the most competent agency to regulate the extraction and processing of oil shale due to its expertise in the handling of the surface mining of other minerals and in the regulation of other sources of air and water pollution.

(3) The department for natural resources and environmental protection shall adopt reasonable rules and regulations pertaining to oil shale mining operations, which shall include strip mining as defined by KRS 350.010(1), the surface effects of underground mining of oil shale, and the in situ mining of oil shale by June 30, 1981. No person shall engage in the commercial mining or processing of oil shale until such time as the department promulgates rules and regulations to provide standards for such mining.

(4) In promulgating regulations pursuant to subsection (3) of this section, the secretary shall make written finding that the regulations promulgated are based on sound scientific and engineering data and are reasonably necessary to protect the people and environment of the Commonwealth from the adverse effects of oil shale extraction. The secretary shall promulgate regulations consistent with existing standards for land, water and air protection. The secretary may conduct a public hearing on the subject of the department's regulation of the extraction and processing of oil shale for the purpose of collecting data and receiving public comments on this issue. The hearing will be held at a time and place to be determined by the secretary in accordance with the policy of the department.

(5) Prior to the adoption of the regulations required by this Act, nothing herein shall be construed to prevent core drilling, experimentation, removal of samples, or pilot and demonstration projects which involve the mining of not more than five (5) acres for the production of oil shale in any one county.

(6) Any person who violates any of the provisions of this section or regulations promulgated pursuant thereto shall be subject to civil penalties of not more than twenty-five thousand dollars ($25,000). Each day of continuing violation shall be deemed a separate violation.

An acquisition of such equity securities which, when completed, would make such person the direct or indirect record or beneficial owner of less than fifteen percent (15%) of any class of the outstanding equity securities of a domestic stock insurer shall be presumed to be for a purpose other than the changing of control of such insurer and no application shall be required, and the acquisition of such equity securities and the failure to first apply to the commissioner shall not be a violation of this section. If, however, the commissioner has reasonable grounds to believe that any such lesser percentage could be used by such person to effectively control such domestic stock insurer, the commissioner may enter an order forbidding the acquisition of any additional equity securities or the taking of any other steps to acquire or exercise control of such insurer until an application is filed and approved pursuant to the other provisions of this section.

(4)[(2)] The commissioner shall not approve the *application or any* proposed change of control if he finds *on the basis of the application, books and records available to the commissioner or the record made at a public hearing, after full discovery*:

(c) That the interests of the *domestic stock* insurer or other stockholders of the *domestic stock* insurer or policyholders would be impaired through the proposed change of control; or

(d) That the proposed change of control would tend materially to lessen competition, or to create any monopoly, as to kinds of insurance involved, in this state or elsewhere*; or*

(e) That there exists or during the preceding five (5) years there has existed any willful violation for which any certificate of authority, license or other statutory authorization issued by the department to or for the benefit of the person or persons filing such application can be or could have been refused, suspended or revoked by the commissioner under any other section of KRS Chapter 304 upon his gaining knowledge thereof.

(5)[(3]) If the commissioner does not by affirmative action approve, [or] disapprove *or call a hearing upon* the *application and the* proposed change of control within thirty (30) days after the date such application was so filed with him, the proposed change may be made without such approval. But if the commissioner gives notice to the parties *within such thirty (30) day period that* [of] a hearing *will* [to] be held by him with respect to the *application and the* proposed change of control, *such hearing shall commence within thirty (30) days of such notice.* [and the hearing is held within such thirty (30) days or on a date mutually acceptable to the commissioner and the parties,] *If within ten (10) days of the filing of such application, a written request for a hearing is filed by the applicant or by the domestic stock insurer whose equity securities are the subject of the application, the commissioner shall call and hold such a hearing. (6)[(4)] If the commissioner disapproves the proposed change he shall give written notice thereof to the parties, setting forth in detail the reasons for disapproval.

[(5) The commissioner may suspend or revoke the certificate of authority of any insurer the control of which has been changed in violation of this section.]

(7) KRS 446.070 shall be applicable to this section.

(8) This section shall not apply to any offers, requests, invitations, agreements or acquisitions of any equity securities of a domestic stock insurer:

(a) If immediately prior to the consummation of the acquisition, over fifty percent (50%) of any class of the outstanding equity securities entitled to vote are owned directly or indirectly by the person or persons making the acquisition; or

SB 270, AN ACT relating to insurance.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

Section 1. KRS 304.18-110 is amended to read as follows:

(1) *Any group policy as defined in KRS 304.18-020 delivered or issued for delivery in this state which provides hospital or surgical expense benefits, other than for specific disease or accidental injury only, shall provide that with respect to employes or members having been covered under the group policy for at least three (3) months, such employes or members shall have the right upon termination of employment or membership in the group to have the existing group coverage continued for themselves and their eligible dependents. Written notice of employe's right to continue existing group coverage shall be given to the terminating employe at the time of termination of benefits or of employment. An employe or member electing continuation of coverage shall provide the employer or group policyholder written notice of election together with the first monthly premium contribution within thirty-one (31) days of the date coverage would otherwise terminate. The group rate premium shall be paid by the employe directly to the employer. The premium rate shall be that required for the coverage being continued and shall not exceed the applicable group rate. Continuation of coverage shall not be available for any employe or member who is or could be covered by medicare, nor who is or could be covered by any other group coverage insured or uninsured providing similar benefits. Continuation of coverage shall terminate on the earlier of (a) the date nine (9) months after the date on which the group coverage would otherwise have terminated because of termination of employment or membership, (b) if the employe or member fails to make timely payment of premium to the employer, the end of the period for which premium payment was made, or (c) the date the group policy is terminated and is not replaced by another group policy within thirty-one (31) days.*

(2) Any group policy described in subsection (1) of this section shall also provide that an employe or member having elected continuation of coverage pursuant to subsection (1) of this section and any covered spouse of an employe or member upon the death or divorce of such employe or member, shall be entitled to have issued to them without evidence of insurability, a health insurance policy on a form then available for conversion from the group coverage, by making written application therefor, accompanied by the first quarterly, semiannual or annual premium, at the option of the person or members, to the insurer not later than thirty-one (31) days after such termination of coverage. Such premium shall be in accordance with the insurer's table of premium rates in effect on the later of (a) the effective date of the converted policy or (b) the date of application therefor, and applicable to the class of risk to which the covered persons belong, their ages, the form, and the amount of insurance provided.

(3) Any group policy as defined in KRS 304.18-020 delivered or issued for delivery in this state which provides hospital or surgical benefits other than for specific diseases or accidental injury only, shall provide that if coverage terminates for any reason and if the individual has been continuously insured under a group policy and under any group policy it replaces for at least three months immediately preceding the termination of coverage, he shall be entitled to have issued to him by the insurer, without evidence of insurability, a health insurance policy on a form then available for conversion from the group coverage, by making written application therefor, accompanied by the first quarterly, semiannual or annual premium, at the option of the person or member, to the insurer not later than thirty-one (31) days after such termination of coverage. Such premium shall be in accordance with the insurer's table of premium rates in effect on the later of (a) the effective date of the converted policy or (b) the date of application therefor, and applicable to the class of risk to which the covered persons belong and to their ages and to the form and amount of insurance provided.

(4)[(2)] The converted policy shall cover the person or member and his eligible dependents covered by the group policy on the date the group policy terminated. The effective date of any such converted policy shall be the date of termination of insurance under the group policy.

(5)[(3)] The insurer shall not be required to issue a converted policy covering any person if such person is or could be covered by medicare (Title XVIII of the United States Social Security Act as added by the Social Security Amendments of 1965 or as later amended or superseded). Furthermore, the insurer shall not be required to issue a converted policy covering any person if (a) such person is covered for similar benefits by another hospital or surgical or medical expense insurance policy or hospital or medical service subscriber contract or medical practice or other prepayment plan or by any other plan or program or (b) similar benefits are provided for, or available to, such person pursuant to, or in accordance with the requirements of, any statute, and the benefits provided or available under any of the sources referred to in (a) and (b) above for such person, together with the converted policy, would result in over insurance according to the insurer's standards relating to policies converted from group policies. A converted policy made available pursuant hereto shall comply with KRS 304.18-120 if delivery of such converted policy is to be made in this state; and, if delivery of such converted policy is to be made elsewhere, it may be on such form as the insurer may then be offering for such conversion in the jurisdiction where such delivery is to be made and which provides substantially in compliance with that required by KRS 304.18-120.

(6)[(4)] In the event coverage would be continued under the group policy on a person or member following his retirement prior to the time he is or could be covered by medicare, he may elect, in lieu of such continuation of group insurance, to have the same conversion rights as would apply had his insurance terminated at retirement by reason of termination of employment.

(7)[(5)] The conversion privilege shall also be available: (a) to the surviving spouse, at the death of the person or member, with respect to the spouse and such children whose coverage under the group policy terminates by reason of the death of the person or member and (b) to a child solely with respect to himself upon termination of his coverage by reason of operation of the limiting age of coverage under the group policy while covered as a dependent thereunder.

(8)[(6)] This section shall not apply to group major medical expense insurance which supplements basic hospital, medical and surgical coverage under one or more group policies, group contracts or group remittance contracts from which a converted policy or a continuation of coverage is available providing benefits equivalent to the minimum benefits for a converted policy under this section.

(9)[(7)] If a person or member becomes entitled to obtain a converted policy pursuant to the foregoing provisions, and if such person or member has not been given written notice of the existence of the conversion privilege stated above, within thirty-one (31) days of termination of the group coverage, then in such event the person or member shall have an additional period within which to exercise the conversion privilege. This additional period shall expire fifteen (15) days after the person or member shall have been given said notice but in no event shall the additional period extend beyond sixty (60) days after the expiration of the thirty-one (31) day conversion period stated above. Written notice presented to the person or member or mailed by the policyholder to the last known address of the person or member or mailed by the insurer to the last known address of the person or member as furnished by the policyholder shall constitute the giving of notice for the purpose of this paragraph. If an additional period is allowed the person or member for exercise of the conversion privilege as provided herein, and if written application for the converted policy, accompanied by the first quarterly or semiannual or annual premium, is made after the expiration of the thirty-one (31) day conversion period stated above, but within the additional period allowed an employe or member in accordance with this paragraph, the effective date of the converted policy shall be the date of termination from the group.

SECTION 2. A NEW SECTION OF KRS 304.32-010 TO 304.32-270 IS CREATED TO READ AS FOLLOWS:

(1) Any group policy, group plan or group contract issued by a nonprofit corporation which provides hospital or surgical expense benefits, other than for specific disease or accidental injury only, shall provide that with respect to employes or members having been covered under the group policy for at least three (3) months, such employes or members shall have the right upon termination of employment or membership in the group to have the existing group coverage continued for themselves and their eligible dependents. Written notice of employe's right to continue existing group coverage shall be given to the terminating employe at the time of termination of benefits or of employment. An employe or member electing continuation of coverage shall provide the employer or group policyholder written notice of election together with the first monthly premium contribution within thirty-one (31) days of the date coverage would otherwise terminate. The group rate premium shall be paid by the employe directly to the employer. The premium rate shall be that required for the coverage being continued and shall not exceed the applicable group rate. Continuation of coverage shall not be available for any employe or member who is or could be covered by medicare, nor who is or could be covered by any other group coverage insured or uninsured providing similar benefits. Continuation of coverage shall terminate on the earlier of (a) the date nine (9) months after the date on which the group coverage would otherwise have terminated because of termination of employment or membership, (b) if the employe or member fails to make timely payment of premium to the employer, the end of the period for which premium payment was made, or (c) the date the group policy is terminated and is not replaced by another group policy within thirty-one (31) days.

(2) Any group policy described in subsection (1) of this section shall also provide that an employe or member having elected continuation of coverage pursuant to subsection (1) of this section and any covered spouse of an employe or member upon the death or divorce of such employe or member, shall be entitled to have issued to them without evidence of insurability, a health insurance policy on a form then available for conversion from the group coverage, by making written application therefor, accompanied by the first quarterly, semiannual or annual premium, at the option of the person or member, to the insurer not later than thirty-one (31) days after such termination of coverage. Such premium shall be in accordance with the insurer's table of premium rates in effect on the later of (a) the effective date of the converted policy of (b) the date of application therefor, and applicable to the class of risk to which the covered persons belong, their ages, the form, and the amount of insurance provided.

Written notice of employe's right to continue existing group coverage shall be given to the terminating employe at the time of termination of benefits or of employment. An employe or member electing continuation of coverage shall provide the employer or group policyholder written notice of election together with the first monthly premium contribution within thirty-one (31) days of the date coverage would otherwise terminate. The group rate premium shall be paid by the employe directly to the employer. The premium rate shall be that required for the coverage being continued and shall not exceed the applicable group rate. Continuation of coverage shall not be available for any employe or member who is or could be covered by medicare, nor who is or could be covered by any other group coverage insured or uninsured providing similar benefits. Continuation of coverage shall terminate on the earlier of (a) the date nine (9) months after the date on which the group coverage would otherwise have terminated because of termination of employment or membership, (b) if the employe or member fails to make timely payment of premium to the employer, the end of the period for which premium payment was made, or (c) the date the group policy is terminated and is not replaced by another group policy within thirty-one (31) days.

(2) Any group policy described in subsection (1) of this section shall also provide that an employe or member having elected continuation of coverage pursuant to subsection (1) of this section and any covered spouse of an employe or member upon the death or divorce of such employe or member, shall be entitled to have issued to them without evidence of insurability, a health insurance policy on a form then available for conversion from the group coverage, by making written application therefor, accompanied by the first quarterly, semiannual or annual premium, at the option of the person or member, to the insurer not later than thirty-one (31) days after such termination of coverage. SB 100, AN ACT relating to fiducial and judicial sales of real estate.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

SECTION 1. KRS CHAPTER 389A IS ESTABLISHED AND A NEW SECTION THEREOF IS CREATED TO READ AS FOLLOWS:

This chapter shall be titled "fiducial and judicial sales of real estate."

SECTION 2. A NEW SECTION OF KRS CHAPTER 389A IS CREATED TO READ AS FOLLOWS:

(1) Notwithstanding any other statutory limitation of the jurisdiction of the district court;

(a) Any fiduciary as defined by KRS 386.010, not otherwise possessing a power of sale, may move the district court of the county in which the fiduciary has qualified for an order granting the fiduciary the power to sell or mortgage any real estate or any interest therein possessed by his ward, incompetent, decedent, or trust; and

(b) The district court may enter an order granting the fiduciary the power to sell or mortgage any real estate or any interest therein possessed by the ward, incompetent, decedent or trust.

(2) The motion shall include an adequate description of the property, a summary of the grounds for the motion, and a request that the bond of the fiduciary be increased in an adequate amount in accordance with KRS 395.130.

(3) Unless waived in writing, written notice of the hearing with a copy of the motion shall be given in a manner authorized by the rules of civil procedure to all persons in being who, but for the sale of the property, have a vested or contingent interest therein.

(4) An aggrieved party may institute an adversary proceeding in circuit court pursuant to KRS 24A.120(1)(b) in respect to any order affecting the right of the fiduciary to sell or mortgage. Pending the entry of a final order that has become unappealable, neither the fiduciary nor the owner of any vested interest shall make any conveyance or mortgage of the real estate and any attempt to do so shall be null and void.

(5) No proceedings under this section shall be conducted by or before a commissioner of the district court.

SECTION 3. A NEW SECTION OF KRS CHAPTER 389A IS CREATED TO READ AS FOLLOWS:

(1) An order by the district court granting a fiduciary power under Section 2 of this Act shall contain an adequate description of the property and shall recite that it is a final order.

(2) The deed or mortgage from the fiduciary in exercise of the power granted shall recite in the source of title thereto the place where the order giving such authority may be found, and a certified copy of the order shall be recorded with the deed.

SECTION 4. A NEW SECTION OF KRS CHAPTER 389A IS CREATED TO READ AS FOLLOWS:

In the event the power of a fiduciary to sell or mortgage any real estate is limited by the will or trust instrument under which he is acting, such limitation may only be altered or amended by the circuit court of the county wherein the fiduciary was appointed, or if the fiduciary is acting under an agreement of trust without court supervision, the county in which the trust is or could be registered, in an action brought by the fiduciary in which all persons having a present or contingent interest in the property or its proceeds are made parties. Before adjudging that the fiduciary may deviate from the terms of the will or trust the court shall determine that there exist circumstances apparently unknown to the testator or settlor; that such circumstances would substantially impair the accomplishment of the purposes intended; and that deviation is in the best interests of all parties concerned.

SECTION 5. A NEW SECTION OF KRS CHAPTER 389A IS CREATED TO READ AS FOLLOWS:

The net proceeds of the sale or mortgage of real estate by a fiduciary shall be held, invested or distributed for the benefit of the persons who, but for the sale or mortgage, would be entitled to the income derived therefrom or the possession thereof, in accordance with law or the will or trust under which he is acting.

SECTION 6. A NEW SECTION OF KRS CHAPTER 389A IS CREATED TO READ AS FOLLOWS:

(1) When two (2) or more persons share title to real estate in such manner that a conveyance by them jointly would pass a fee simple title, any one or more of them may bring an action for the sale or division thereof in the circuit court of the county in which the land, or the greater part thereof, lies, making parties defendant those owners who have not joined as plaintiffs. A fiduciary possessing a power of sale may institute such an action against owners of interests not represented by him. Defendant owners shall be brought before the court in the manner provided by the civil rules whether or not a fiduciary possesses a power of sale of the defendant's interest, but any fiduciary possessing such a power shall also be made a defendant. The case shall be tried without a jury.

(2) A defendant who is under disability and for whom no fiduciary is acting shall be represented in the action by a guardian ad litem, but in the event of sale of such defendant's interest the court shall retain control of the proceeds of such interest until a duly appointed and adequately bonded fiduciary or custodian pursuant to a court order makes claim to the funds.

(3) In all such actions indivisability of the real estate shall be presumed unless an issue in respect thereto is raised by the pleading of any party, and if the court is satisfied from the evidence that the property is divisable, without materially impairing the value of any interest therein, division thereof pursuant to KRS 381.135 shall be ordered.

(4) If a sale of all or any part of the real estate shall be ordered, the court shall refer the matter to the master commissioner or appoint a commissioner to conduct a public sale and convey the property upon terms of sale and disposition of the net proceeds as may have been determined by the court.

(5) The death of any party pending the action and prior to distribution of the proceeds of sale or setting apart a divisable share shall not affect the action but the court may direct distribution or apportionment to the successors in interest of the decedent upon application therefor.

(6) If the interest of any party be one for life, or other term, in any portion of the real estate, the court shall determine the value of such interest and direct that such party receive a portion of the net sale proceeds or portion of the property if divisable, in fee in satisfaction of such interest, but if any party to the action objects to such procedure, and if the court finds that such procedure would defeat the objects and purpose of a person not a party to the action, such as a testator, grantor or settlor, but that sale or division is nevertheless desirable, the court shall order that the interest of the life or term tenant shall continue as to his portion of the real estate or the net proceeds of the sale thereof, in the latter case by directing that the funds derived from the sale of that portion of the real estate in which the life or term interest existed be paid to a trustee, appointed by and accountable to the district court, for reinvestment and distribution of income and principal in a manner consistent with the instrument under which the life or term estate was created.

SECTION 7. A NEW SECTION OF KRS CHAPTER 389A IS CREATED TO READ AS FOLLOWS:

When two (2) or more persons share title to real estate but an interest therein may be possessed by persons unborn or not immediately ascertainable, an action for sale or division may be brought in the same manner as provided in Section 6 of this Act but the interest of the unborn or unascertainable persons, unless a living member of the class to which such persons belong who is sui juris is a party to the action, shall be represented by a guardian ad litem who is not acting in such capacity for any other party to the action. In the event of sale or division under this section, the court shall apply the provisions of subsection (6) of Section 6 of this Act to preserve the interest of the unborn or unascertainable persons until they are born, ascertained or the class to which they belong otherwise closes.

SECTION 8. A NEW SECTION OF KRS CHAPTER 389A IS CREATED TO READ AS FOLLOWS:

During a period in which a fiduciary possesses any power of sale, an instrument of conveyance or mortgage made by any other person shall be null and void unless joined in by the fiduciary.

Section 9. KRS 452.400 is amended to read as follows:

Actions must be brought in the county in which the subject of the action, or some part thereof, is situated:

(1) For the recovery of real property, or of an estate or interest therein;

(2) For the partition of real property except as is provided in KRS 452.420;

SECTION 1. A NEW SECTION OF KRS 151.100 TO 151.460 IS CREATED TO READ AS FOLLOWS:

(1) Whenever the department has reason to believe that a violation of any of the provisions of this chapter or any rule or regulation promulgated pursuant thereto has occurred, it may issue and serve upon the person complained against a written notice of the provision of this chapter or the rule or regulation alleged to have been violated and the facts alleged to constitute the violation thereof. Further, this notice shall require the person so complained against to answer the charges set out in the notice at a hearing before the department at a time not less than thirty (30) days after the date of notice unless the person complained against waives in writing the thirty (30) day period.

Unless the department considers that the petition is frivolous, it shall serve written notice of the petition on each person named therein and shall schedule a hearing before the department not less than thirty (30) days after the date of such notice, or unless the person complained against waives in writing the thirty (30) day period. Section 2. KRS 65.530 is amended to read as follows:

(1) The purposes of the authority shall be to establish, maintain, operate and expand necessary and proper riverport and river navigation facilities, and to acquire and develop property, or rights therein within the economic environs of the riverport or proposed riverport to attract directly or indirectly river-oriented

industry. It shall have the duty and such powers as may be necessary or desirable to promote and develop navigation, river transportation, riverports, and riverport facilities, and to attract industrial or commercial operations to the property held as industrial parks.

(2) The authority shall establish and fix reasonable rates, charges and fees for the use of the riverport facilities which shall be published in a newspaper of general circulation in the county in which the riverport is located. In fixing such rates, charges or fees the authority may take into consideration, among other factors, the total capital investment of the authority, the revenue needed properly to maintain such facilities, the revenue needed properly to expand the riverport and its facilities, the portion of the facilities utilized by the licensee or contracting party and its customers and the volume and type of business conducted. Any party aggrieved by the rates, charges or fees may appeal from the action of the authority to the circuit court of the county within which the authority operates, within ninety (90) days from the date that the authority finally publishes such rates, charges or fees and gives notice of same to the contracting party or licensee. The circuit court may hear evidence and determine whether or not the rates, charges or fees are, or are not, reasonable in amount. Appeal from the judgment of the circuit court may be prosecuted as any other civil appeal.

(3) The authority shall also have power, from time to time, to fix rates, charges or fees by contract, or by publishing general rates, charges or fees for commercial vendors, concessionaires or other persons for the use or occupancy of riverport facilities under such terms and conditions as it may deem to be in the best interest of maintaining, operating or expanding necessary riverport facilities, and the public use thereof.

(4) The authority may acquire by contract, lease, purchase, option, gift, condemnation or otherwise any real or personal property, or rights therein, necessary or suitable for establishing, developing, operating or expanding riverports, riverport facilities, water navigation facilities, including spoilage areas for the disposal of materials dredged from river bottoms in an effort to improve the navigability of rivers, *reserve storage areas and reserves of bulk materials utilized by the authority or any person acting as the authority's agent or licensee,* and industrial parks or sites within the economic environs of the riverport or proposed riverport. The authority may erect, equip, operate and maintain on such property buildings and equipment necessary and proper for riverport and water navigation facilities. The authority may dispose of any real or personal property, or rights therein, which in the opinion of the authority is not needed for use as riverport or water navigation facilities, or use as industrial parks or sites. The authority may lease, sell, convey, or assign its interest in land owned, optioned, or otherwise held by it to any person for the purpose of constructing and/or operating any industrial or commercial facility or for the purpose of acting as the authority's agent or licensee in effectively carrying out any of its powers and duties.

(5) With the consent of the legislative body of the governmental unit in which the property to be condemned is located, the authority may by resolution, reciting that the property cannot be acquired by purchase or agreement and is needed for riverport, water navigation, or industrial purposes in accordance with the powers set forth in subsection (4) of this section, direct the condemnation of any property. The procedure for condemnation shall conform to the procedure set out in the Eminent Domain Act of Kentucky.

(6) The authority may apply for, receive authorization for, establish and operate a foreign trade zone, as permitted by 19 U.S.C. section 81, provided approval is obtained from the Kentucky port and river development commission.

Section 3. To effectuate the provisions of the Act there is appropriated from the General Fund to the Department of Energy $250,000 for fiscal year 1980-81 and $250,000 for fiscal year 1981-82.

SB 266, AN ACT relating to hazardous substances.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

SECTION 1. A NEW SECTION OF KRS CHAPTER 224 IS CREATED TO READ AS FOLLOWS:

(1) The general assembly declares that it is the purpose of this section to promote the development of statewide programs, under the responsibility of a single agency, which are intended to protect the health of the citizens and the environment of the Commonwealth from present and future threats associated with the management of hazardous wastes, including disposal, treatment, recycling, storage, and transportation. The intent of the general assembly is to add to and coordinate, and not replace, existing efforts and responsibilities in the areas of hazardous waste management and to leave the primary burden and responsibility for hazardous waste management on private industry; and further to finance assistance and coordination by imposing assessments on the generators of hazardous waste. The assessments are intended to produce a reduction in waste generated; to promote the use of new techniques in recycling, treatment, and alternatives other than land disposal; and to place the burden of financing additional hazardous waste management activities

necessarily undertaken by state agencies on the users of those products associated with hazardous waste generation.

(2) The department for natural resources and environmental protection is given the authority to administer the provisions and programs of this section and the responsibility to achieve the purposes of this section.

(3) In addition to all specific responsibilities contained elsewhere in this chapter, the department shall:

(a) Respond effectively and in a timely manner to emergencies created by the release of hazardous substances as defined in Section 2 of this Act into the environment. The department shall provide for adequate containment and removal of the hazardous substances in order that the threat of a release or actual release of the substance may be abated and resultant harm to the environment minimized.

(b) Provide for post-closure monitoring and maintenance of hazardous waste disposal sites upon termination of post-closure monitoring and maintenance responsibilities by persons permitted to operate the facility pursuant to this chapter.

(c) Provide adequate testing, planning, contracting for removal, and cleanup of abandoned hazardous waste sites in all situations and to the extent that responsible parties are economically or otherwise unavailable to properly address the problem when the problem represents an imminent danger to the health of the citizens and the environment of the Commonwealth.

(4) The department shall recover, when possible, actual and necessary expenditures incurred in carrying out the duties under this section.

(5) It is the expressed purpose of this section to accomplish effective hazardous waste management that results in a reduction of the generation of hazardous wastes within the Commonwealth; further, it is a purpose of this chapter to allocate a portion of the cost of administering necessary governmental programs related to hazardous waste management to those industries who products are reasonably related to the production of hazardous waste.

(6) There is hereby imposed upon every person engaged within this state in the generation of hazardous waste an annual hazardous waste management assessment to be determined pursuant to this section according to the quantity by volume of hazardous waste generated, except that generators of "special wastes" and retailers who generate waste oil shall be exempt from said assessment. The assessment shall be reported and paid to the department of revenue on a quarterly basis on or before the twentieth (20th) day of the month after the end of each quarter. The payment shall be accompanied by a report or return in such form as the department of revenue may prescribe. If a federal law is enacted which accomplishes or purports to accomplish the purposes set forth in this section and which levies an assessment or tax upon any business assessed pursuant to this section, the amount of the assessment to be levied upon said business under this section shall be reduced by the amount of the federal assessment or tax upon said business; provided, however, that the reduction shall only be authorized when funds raised by the federal assessment or tax are made available to the state for any of the activities to be funded under this section. If federal monies are available to carry out the duties imposed by subsection (3) of this section the assessment shall cease to be levied and collected until such time as federal monies are no longer available to the Commonwealth for said purposes. The assessment shall be charged against generators of hazardous waste until June 30, 1984, and after such date no further hazardous waste management assessment shall be charged against generators. As of July 1, 1984 the assessment shall be charged against hazardous waste disposal facilities according to the quantity by volume of hazardous waste treated and disposed of at that facility.

(7) The assessment on generators shall be determined according to the following criteria for off-site treatment and disposal; the assessment for onsite treatment and disposal shall be one-half of the amount as would be assessed for off-site treatment and disposal except that onsite waste disposal facilities that incinerate, detoxify, solidify, neutralize or recycle hazardous waste shall be exempt unless the process involves the landfilling of hazardous waste.

(a) When the waste is destined for long-term containment without treatment, the assessment shall be two cents ($.02) per gallon initially, and shall increase by one cent ($.01) annually up to five cents ($.05) per gallon in 1983 and remain at five cents ($.05) thereafter if the waste is liquid, or two dollars and fifty cents ($2.50) per cubic yard if the waste is solid. Long-term containment includes disposal in a landfill, long-term storage, and other types of disposal specified by the department.

(b) When a waste not suitable for a long-term containment is chemically treated, resulting in a material which is suitable for long-term containment but is still hazardous, the assessment shall be one cent ($.01) per gallon if the waste is a liquid or one dollar ($1) per cubic yard if the waste is solid.

(c) When the waste is destined for chemical treatment resulting in a material which is not hazardous as determined by testing criteria promulgated by the department, the assessment shall be five mills ($.005) per gallon if the waste is liquid or fifty cents ($.50) per cubic yard if the waste is solid.

(d) When the waste is destined for destructive treatment by incineration or other means, the assessment shall be five mills ($.005) per gallon if the waste is liquid or fifty cents ($.50) per cubic yard if the waste is solid.

(8) The assessment on hazardous waste disposal facilities to be charged as of July 1, 1984 shall be determined according to the criteria set forth in paragraphs (a), (b), (c), and (d) of subsection (7) of this section for all hazardous waste disposal facilities except that onsite waste disposal facilities that incinerate, detoxify, solidify, neutralize or recycle hazardous waste shall be exempt unless the process involves the landfilling of hazardous waste.

(9) If any generator or operator of a hazardous waste disposal facility fails or refuses to file a return or furnish any information requested in writing by the department, the department of revenue may, from any information in its possession, make an estimate and issue an assessment against such generator or operator of a hazardous waste disposal facility and add a penalty of ten percent (10%) of the amount of the assessment so determined. This penalty shall be in addition to all other applicable penalties in this chapter.

(10) If any generator or operator of a hazardous waste disposal facility fails to make and file a return required by this chapter on or before the due date of the return or the due date as extended by the department of revenue, then, unless it is shown to the satisfaction of the department of revenue, that the failure is due to reasonable cause, five percent (5%) of the assessment found to be due by the department of revenue shall be added to the assessment for each thirty (30) days or fraction thereof elapsing between the due date of the return and the date on which filed, but the total penalty shall not exceed twenty-five percent (25%) of the assessment.

(11) If the assessment imposed by this chapter, whether assessed by the department of revenue, or the generator or operator of a hazardous waste disposal facility, or any installment or portion of the assessment is not paid on or before the date prescribed for its payment, there shall be collected, as a part of the assessment, interest upon the unpaid amount at the rate of eight percent (8%) per annum from the date prescribed for its payment until payment is actually made to the department of revenue.

(12) There is hereby created within the state treasury a trust and agency fund which shall not lapse to be known as the hazardous waste management fund. The department of revenue shall be responsible for collecting and receiving funds as provided in this section, and all such assessments collected or received by the state treasury shall be deposited in the hazardous waste management fund. When the state treasurer certifies to the department that the balance of the hazardous waste management fund exceeds six million dollars ($6,000,000), assessments shall not be collected until the state treasurer certifies to the department of revenue that the balance in the hazardous waste management fund is less than three million dollars ($3,000,000).

(13) Upon request of the secretary, monies accumulated in the hazardous waste management fund shall be released in amounts necessary to accomplish the performance of the duties imposed by subsection (3) of this section. However, monies from the fund shall not be used when federal monies are available to carry out said duties except when immediate action is required to protect public health or the environment in which case the department shall actively pursue reimbursement of the fund by any available federal monies.

SECTION 2. A NEW SECTION OF KRS CHAPTER 224 IS CREATED TO READ AS FOLLOWS:

(1) As used in this section:

(a) "Discharge" means but is not limited to spilling, leaking, pumping, pouring, emitting, emptying or dumping.

(b) "Hazardous substance" means any substance or combination of substances including wastes of a solid, liquid, gaseous or semi-solid form which, because of its quantity, concentration or physical, chemical or infectious characteristics may cause or significantly contribute to an increase in mortality or an increase in serious irreversible or incapacitating reversible illness, or pose a substantial present or potential hazard to human health or the environment. Such substances may include but are not limited to those which are, according to criteria established by the department, toxic, corrosive, ignitable, irritants, strong sensitizers or explosive.

(c) "Preventive measures" mean the installation or testing of equipment or devices, designated way of performing a specified operation or the preparation of an emergency response plan.

(2) The department shall promulgate regulations designating the hazardous substances subject to the provisions of this section.

(3) Persons possessing or controlling a hazardous substance shall immediately notify the department of any discharge which exceeds the limits permitted by law. Notification received under this subsection or information obtained in a notification received under this subsection may not be used against the person making such a notification in any criminal proceeding.

(4) Persons having possession of or control over a hazardous substance being discharged or who caused the discharge shall take the actions necessary to restore the environment to the extent practicable and minimize the harmful effects from any discharge into the air, lands or waters of the Commonwealth.

(5) The department shall be the lead agency for hazardous substance emergency spill response and, after consultation with other affected federal, state and local agencies and private organizations, shall establish a contingency plan for undertaking emergency actions in response to the discharge of hazardous substances. The contingency plan shall:

(a) Provide for efficient, coordinated and effective action to minimize damage to the air, land and waters of the Commonwealth caused by the discharge of hazardous substances;

(b) Include containment, cleanup and disposal procedures;

(c) Provide for restoration of the lands or waters affected to the satisfaction of the department;

(6) The department shall have the authority, power and duty to:

(a) Recover from persons liable therefor for the benefit of the hazardous waste management fund, the department's actual costs expended in response to an environmental emergency. Except as provided in paragraph (b), this section is intended solely to recognize the existence of a cause of action on behalf of the department and is not intended to expand or contract the bases of liability, the elements of proof or the amount of liability of any person;

(b) Notwithstanding paragraph (a), recover its costs incurred in the removal of oil or hazardous substances discharged in violation of section 311(b)(3) of the federal clean water act from any person liable therefor under section 311 of the federal clean water act subject to limitations of liability and defenses provided in said section. Such limitations of liability shall apply to the total of state and federal expenses.

(c) In every case where action required under this section is not being adequately taken or the identity of the person responsible for the discharge is unknown, the department or its agent may contain, remove or dispose of the hazardous substance or take any other emergency action which it deems appropriate under the circumstances, including, but not limited to, issuance of an emergency order as provided in KRS 224.071 to the person possessing, controlling or responsible for the discharge of hazardous substance as necessary for the protection of the environment and public health, safety or welfare.

(d) Any duly authorized officer, employe or agent of the department may upon notice to the owner or occupant enter any property, premises or place at any time for the purposes of this section, if such entry is necessary to prevent damage to the air, land or waters of the Commonwealth. Notice to the owner or occupant shall not be required if the delay attendant upon providing it will result in imminent risk to public health or safety.

(7) Nothing in this section shall replace the financial and technical assistance available to the Commonwealth pursuant to section 311 of the federal clean water act (P.L. 92-500) as amended, but rather shall be used to provide the Commonwealth with a mechanism for more immediate response to emergencies resulting from the discharge of hazardous substances.

(2) "Occupational disease" means a disease arising out of and in the course of the employment.

(a) A disease shall be deemed to arise out of the employment if there is apparent to the rational mind, upon consideration of all the circumstances, a causal connection between the conditions under which the work is performed and the occupational disease, and which can be seen to have followed as a natural incident to the work as a result of the exposure occasioned by the nature of the employment and which can be fairly traced to the employment as the proximate cause. The disease shall be incidental to the character of the business and not independent of the relationship of employer and employe. The disease need not have been foreseen or expected but, after its contraction, it must appear to be related to a risk connected with the employment and to have flowed from that source as a rational consequence.

(b) "Injurious exposure" as used in KRS 342.316 shall mean that exposure to occupational hazard which would, independently of any other cause whatsoever, produce or cause the disease for which claim is made.

(10) "Income benefits" means payments made under the provisions of this chapter to the disabled worker or his dependents in case of death, excluding medical and related benefits.

(11) "Medical and related benefits" means payments made for medical, hospital, burial and other services as provided in this chapter other than income benefits.

(15) "Wages" means, in addition to money payments for services rendered, the reasonable value of board, rent, housing, lodging, fuel or similar advantages received from the employer, and gratuities received in the course of employment from others than the employer as evidenced by the employe's federal and state tax returns.

(16) "Agriculture" means the operation of farm premises, including the planting, cultivation, producing, growing, harvesting and preparation for market of agricultural or horticultural commodities thereon, the raising of livestock for food products and for racing purposes, and poultry thereon, and any work performed as an incident to or in conjunction with such farm operations. (20) Except as otherwise provided in KRS 342.750, the formula for income benefits shall be 66-⅔ percent of the average weekly wages of the employe at the time of his injury, multiplied by the percentage of disability caused by the injury or occupational disease, subject to the limitation contained in KRS 342.740. Income benefits shall be payable during the applicable compensable period which is either (a) the specified number of weeks, or (b) the period of occupational disability during which the employe is disabled, or (c) where death results from the injury, the period during which the deceased's dependents qualify as such, or (d) where death is unrelated to the injury, the period during which the deceased's dependents qualify as such or during the period of the deceased's normal life expectancy, whichever is less.

HCR 46, A CONCURRENT RESOLUTION urging and requesting the Court of Justice to consider amending the rules to provide for fining the offending attorney but permitting late filing of appeals in certain cases.

WHEREAS, it is the opinion of the General Assembly of the Commonwealth of Kentucky that a problem exists in the Kentucky court systems as to court rules on the dismissal of appeals for untimely or late filing; and

WHEREAS, this problem is a serious social burden on the citizens of this Commonwealth in that innocent litigants are punished for the offenses of their lawyers; and

WHEREAS, the citizens of the Commonwealth are twice punished in that the cost of malpractice insurance is seriously increased by this problem, which in turn causes higher and higher legal fees to our citizens; and

WHEREAS, the punishment for such failure should fall more properly on the shoulders of the offending attorney and not the citizens of the Commonwealth; and

WHEREAS, this matter of public policy is of great urgency and importance for the Commonwealth of Kentucky and the General Assembly of the Commonwealth, and;

WHEREAS, the Court of Justice of the Commonwealth and the General Assembly are co-equal and separate branches of the government of the Commonwealth and must cooperate to insure the proper administration of justice;

NOW, THEREFORE,

Be it resolved by the House of Representatives of the General Assembly of the Commonwealth of Kentucky, the Senate concurring therein:

Section 1. That the General Assembly of the Commonwealth of Kentucky hereby requests and urges the Court of Justice of this Commonwealth to most urgently consider amendments to the civil and criminal rules to provide an appropriate method of fining an offending attorney but permitting late filing of appeals for a reasonable time after the normal filing period and on the basis of excusable neglect or such other exceptional circumstances as the court determines.

Section 2. That a copy of this resolution be sent to Chief Justice John S. Palmore.

Upon receipt of such application the court shall forthwith issue an order to all law enforcement agencies in possession of such records to segregate the records in accordance with the provisions of this Act.

Thereupon the court may make such informal adjustment as is practicable without a petition, or a petition for proceedings concerning the child may be filed by any person. The petition and all subsequent court documents shall be entitled: "In the interest of , a child."

(2) The petition shall be verified and may be upon information and belief. It shall set forth plainly:

(a) The facts which bring the child within the purview of this Act;

(3) If any of the facts required to be stated in the petition are not known by the petitioner, the petition shall so state.

(4) After a petition has been filed and after such further investigation as the court may direct, unless the parties appear voluntarily, the court shall issue a summons briefly reciting the substance of the petition and requiring the person who has the custody or control of the child to appear personally and bring the child before the court at a time and place stated. If the person so summoned is other than a parent or guardian of the child, the parent or guardian or both shall also be notified of the pendency of the proceeding and of the time and place appointed. Summons may be issued requiring the appearance of any other person whose presence, in the opinion of the judge, is necessary.

(5) If it appears to the court, by affidavit or by sworn testimony, that the child is in such condition or surroundings that he is being harmed or threatened with harm to such a degree that his best interest requires that his custody be immediately assumed by the court, the judge may sign an order giving temporary custody of the child to the court. As a part of such order, the court may request that the child shall be picked up by the peace officer serving the summons or by any other peace officer and placed as directed by the court. In any event, a copy of the temporary custody order shall be served on the parent, guardian or custodian of the child when the summons is served. The temporary custody order shall be effective until the case is heard on its merits, or until modified by the court. As a result of such order, the child shall be placed in custody and care in a family home or other suitable facility provided for under subsection (4) of this section, or in a facility operated by the department if the department is willing to receive the child or in a facility operated by a licensed child-caring institution or agency, and held therein pending further disposition of the court.

(6) The summons and notice provided for in subsection (4) of this section shall be served personally by the delivery of a copy thereof to the person summoned, unless the judge is satisfied that personal service would be impracticable, in which event the judge may order order service by mail addressed to the last known address, or by publication, or both. Service by mail shall be deemed to be effected upon mailing, and service by publication shall be deemed to be effected upon publication. It shall be sufficient to confer jurisdiction if service is effected at least forty-eight (48) hours before the time for appearance specified in the summons or notice.

(7) Service of summons or notice may be made by any suitable person under the direction of the court, and upon request of the court shall be made by any peace officer.

(8) Any person summoned who, without reasonable cause, fails to appear, may be proceeded against for contempt of court. In case the summons cannot be served, or the parties served fail to appear, or in any case when it appears to the judge that the service will be ineffectual, or that the welfare of the child requires that he be brought forthwith into the custody of the court, a warrant may be issued for the parent, guardian, person having custody and control, or the child.

SECTION 11. A NEW SECTION OF KRS CHAPTER 208A IS CREATED TO READ AS FOLLOWS:

Unless otherwise exempted in this Act, a child shall have a right to counsel at any hearing determining its right to freedom pending the disposition of its case, and its parents or other responsible person shall have a right to attend the hearing if such attendance will not unnecessarily delay the hearing. Any person aggrieved by a proceeding under this subsection may proceed by habeas corpus to the circuit court.

SECTION 12. A NEW SECTION OF KRS CHAPTER 208A IS CREATED TO READ AS FOLLOWS:

(1) All cases involving children brought before the court shall be granted a speedy hearing and shall be dealt with by the court at separate hearings and without a jury except that a trial by jury may be had in accordance with the provisions of Section 4(8) of this Act. The hearings may be conducted in an informal manner. The general public shall be excluded and only the immediate families or guardians of the parties before the court, witnesses necessary for the prosecution and defense of the case, the probation worker with direct interest in the case, such persons admitted as the judge shall find have a direct interest in the case or in the work of the court, and such other persons as agreed to by the child and his attorney may be admitted to the hearing. Witnesses shall be admitted to the hearing only for the duration of their testimony.

(2) Juvenile proceedings shall consist of two distinct hearings, an adjudication and a disposition, which may, upon motion of the child, the parent or the court be held on separate days.

(a) The adjudication shall determine the truth or falsity of the allegations in the petition and shall be made on the basis of an admission or confession of the child to the court or by the taking of evidence.

(b) Unless otherwise exempted, upon motion by any child brought before the court on a petition under Section 4(a), (b), or (c) of this Act, the Rules of Criminal Procedure shall apply to all matters involved in the adjudication of the case. All adjudications shall be supported by evidence beyond a reasonable doubt.

(3) Unless the child is proceeded against in accordance with the law governing crimes as provided in KRS Chapter 208F of this Act, the disposition of any child under the provisions of this Act, or any evidence given in the case, shall not be lawful evidence against the child for any purpose, except in subsequent cases involving the same child under this Act.

(4) In the case of any child brought before the court on a petition under Section (1)(d), the rules of evidence and procedure described in subsection (3) of this section shall apply.

SECTION 13. A NEW SECTION OF KRS CHAPTER 208A IS CREATED TO READ AS FOLLOWS:

The investigation shall include an inquiry into the child's age, habits, school record, general reputation and everything that may pertain to his life and character. The investigation shall also include an inquiry into the home conditions, life and character of the person having custody of the child. The result of the investigation shall be reported in writing to the judge previous to the final hearing of the child's case, and shall become a part of the record of the proceedings.

(2) The investigation shall be conducted by volunteer or salaried probation officers of the juvenile court or by a suitable public or private agency. The department may furnish investigation services under agreements with the individual juvenile courts. For this purpose, any county judge/executive may enter into a contract on behalf of his county with the department for the furnishings of such services.

(3) Before proceeding to determine the truth or falsity of the allegations in a petition, the court may decide whether or not the petition should be dismissed, continued for an informal adjustment or set for adjudication. An informal adjustment may be made at any time during the proceedings. Upon motion

of any party, at the successful completion of an informal adjustment, as approved by the court, the court shall dismiss the petition.

(4) The court shall insure that all constitutional rights shall be afforded the parties.

SECTION 14. A NEW SECTION OF KRS CHAPTER 208A IS CREATED TO READ AS FOLLOWS:

If the court determines that a formal proceeding is required to determine the truth or falsity of the allegations against the child, a petition, sworn to by the complainant, shall be required pursuant to Section 10 of this Act, and the court shall, when the child is brought before the court:

(1) Explain to the child and his parents, relative, guardian, or custodian their respective rights to counsel and, if the child and his parents, relative, guardian, or custodian are unable to obtain counsel, shall appoint counsel for the child and may appoint counsel for the parents, relative, guardian, or custodian;

(2) Explain the privilege against self-incrimination by saying that the child, parents, relative, guardian, or custodian may remain silent concerning the charges against the child, and that anything said may be used against the child and result in his commitment to the department or an institution for juvenile delinquents;

(3) Explain the right to confront anyone who has accused the child and to cross-examine that person on the allegations made against the child;

(4) Advise the child and his parents, relative, guardian, or custodian of the right to appeal from a determination of the court;

(5) Advise the child that these rights belong to him and may not be waived by his parents, relative, guardian, or custodian.

SECTION 15. A NEW SECTION OF KRS CHAPTER 208A IS CREATED TO READ AS FOLLOWS:

(1) The disposition shall determine the action to be taken by the court on behalf of, and in the best interest of, the child. Unless otherwise specified by the court, the disposition shall be limited to an informal adjustment of the matter between the parties and the court. The provisions of Section 13 of this Act shall be conditions precedent to any commitment, court-ordered probation, restitution, or other disposition enforceable by the authority of the court. No public or private agency or body, or party before the court, shall participate in any order of the court unless it receives from the court a verified statement, signed by the juvenile judge, that the rights enumerated in subsections (3) and (4) of Section 14 were granted to the child during the proceedings in juvenile court.

(2) At the disposition all information helpful in making a proper disposition, including oral and written reports, may be received by the court in compliance with subsection (1) of this section and relied upon to the extent of their probative value, provided that the parties or their counsel shall be afforded an opportunity to examine and controvert the reports and cross-examine the individuals making the reports.

(3) The court shall notify the law enforcement agency of the child's county of residence and the law enforcement agencies where any offense was committed by the disposition of each case and of each child committed by the court who is placed in a residential treatment facility by the department.

(4) Whenever any court commits a child to the department or whenever a juvenile court commits a child to any institution or agency, the court shall cause to be transmitted to the department, institution or agency a certified copy of the commitment order, together with a summary of the court's information concerning the child. The child shall be held by virtue of the order, and the certified copy of the order shall be proof of the authority of the department, institution or agency in behalf of the child. Such certified order shall be sufficient authority for any law enforcement officer to detain any person named therein and deliver him to such a place as shall be directed by the department, institution or agency given custody of him in the order.

SECTION 16. A NEW SECTION OF KRS CHAPTER 208A IS CREATED TO READ AS FOLLOWS:

(1) In support of any order or decree, the court may require the parents or other person having custody of a child, or any other person who has been found by the court to have engaged in an unlawful transaction with a minor or endangered the welfare of a minor or in any way encouraging, causing or contributing to the acts or conditions which bring the child within the purview of this Act to do any acts required by law or to desist from doing any acts forbidden by law, when the court deems such requirement necessary for the welfare of the child. The court may, in its discretion, order the appearance of the parents, relative, guardian, custodian, or other person having custody of the child at any court hearing involving the child. In case of failure to comply with any orders entered pursuant to the provisions of this section, the court may proceed against such persons for contempt of court.

(2) If it appears that the parent of any child, or the estate of any child, who has been found to fall within the purview of this chapter and who has been left in his own home or in the home of a relative, placed on probation or placed in a foster home or boarding home, or in the care of a public or private institution or agency, or the department, is able to contribute to the support of the child, the court shall

enter an order requiring the parent or estate to pay a reasonable sum for the support, maintenance or education of the child. The order shall direct that the money be paid to the circuit clerk to be disbursed as ordered by the court or be paid to the person, institution, agency or department to which the child was committed or probated. On application and on such notice as the court may direct, the court may make alterations in the requirement for contribution. The court may issue such orders necessary to compel payment of the sum due. The enforcement of a sentence imposed on a parent who fails to comply with the order of the court may be suspended at the discretion of the court, but the suspension may be revoked at the discretion of the court upon the failure of the parent to obey further orders of the court.

(3) A parent or guardian having custody of a child is charged with the control of such child and shall have the power to exercise parental control and authority over such child. In any case where a child is found delinquent and placed on probation, if the court finds at the hearing that the parent having custody of such child has failed or neglected to subject him to reasonable parental control and authority, and that such failure or neglect is the proximate cause of the act or acts of the child upon which the finding of delinquency is based, the court may require such parent to enter into a recognizance with sufficient surety, in an amount of not more than five hundred dollars ($500), conditioned upon the faithful discharge of the conditions of probation of such child. If the child thereafter commits a second act and is by reason thereof found delinquent, or violates the conditions of probation, and the court finds at the hearing that the failure or neglect of such parent to subject him to reasonable parental control and authority or to faithfully discharge the conditions of probation of such child on the part of such parent, is the proximate cause of the act of the child upon which such second finding of delinquency is based, or upon which such child is found to have violated the conditions of his probation, the court may declare all or a part of the recognizance forfeited and the amount of such forfeited recognizance shall be applied in payment of any damages which may have been caused by such child, if there be such damages, otherwise, the proceeds therefrom, or part remaining after the payment of damages as aforesaid, shall be retained by the court to apply to any future damages resulting from the act or acts of said child before he reaches his eighteenth birthday, at which date the remaining proceeds shall be returned to the parent or guardian. The provisions of this section as it relates to failure or neglect of parents to subject a child to reasonable parental control and authority shall be in addition to and not in substitution for any other sections of this chapter relating to failure or neglect to exercise such parental control or authority. The provisions of this section shall not apply to foster parents.

(4) In placing a child on probation in a family home or boarding home, or in committing a child to a private institution or agency, the court shall as far as practicable select a home, institution or agency operated or governed by persons of the same religious faith as the parents of the child.

SECTION 17. A NEW SECTION OF KRS CHAPTER 208A IS CREATED TO READ AS FOLLOWS:

Unless otherwise exempted,

(1) An appeal to the circuit court may be taken as a matter of right from the juvenile session of the district court from all orders and judgments whereby any infant, or other person, shall be restrained of his liberty, or placed in the custody of any institution, or fined or punished in any manner. The appeal shall be taken in the manner provided in the Rules of Criminal Procedure, and the circuit court shall, in the best interest of the child, hear such cases as soon as reasonably possible.

(2) A child's right to release during the pendency of an appeal shall be determined by a hearing held in circuit court to decide whether the circumstances surrounding the child are such as to endanger its safety or welfare or that of the community, or to indicate that the child cannot reasonably be expected to be present for the hearing of the appeal. Release hearings shall be held within three days after the filing of the appeal. The child shall have a right to counsel at such a hearing. The Commonwealth shall bear the burden of proof at such hearings and the decision shall be based upon a preponderance of the evidence. If the child is not released, the court shall order that a judgment of the juvenile court committing the child shall be effective pending appeal. Any party aggrieved by a denial of release pending appeal may appeal to the Court of Appeals.

(3) Any party aggrieved by the appellate decision of a circuit court made pursuant to subsection (1) may appeal to the Court of Appeals in the manner provided in the Rules of Criminal Procedure. The Court of Appeals shall, in the best interest of the child, hear such cases as soon as reasonably possible. A child's right to release pending this appeal shall be determined by the circuit court in the same manner described in subsection (2) of this section.

(4) Any party aggrieved by a proceeding under Section 4(1)(d) of this Act, may appeal from the juvenile court to the circuit court as a matter of right in the manner provided in Rule 72, Kentucky Rules of Civil Procedure. The circuit court may order that the child may be removed to a suitable place, pending the appeal, if it appears by affidavit or sworn testimony that the child would be in imminent danger if left with or returned to its parents, guardian, or other person party to the appeal.

SECTION 18. A NEW SECTION OF KRS CHAPTER 208A IS CREATED TO READ AS FOLLOWS:

(1) Except as otherwise provided by subsections (4) and (5) of Section 90, an order of commitment or an order of protective supervision or probation made by the court in the case of a child may be terminated at any time prior to expiration on the court's own initiative or on motion by:

(a) A child who is affected by an order of juvenile session of district court;

(b) The family, custodian, guardian, or legal representative of such a child;

(c) The county attorney of the county in which the committing court presides; or

(d) Any other person having an interest in the welfare of the child.

(2) Grounds for such action may include but are not limited to allegations that there has been a substantial change of material circumstances, there exists new evidence affecting the disposition of the child, the child is no longer in need of commitment, probation, or placement, the child has not received adequate and proper treatment, the original proceedings were not conducted in the manner required by law or the public interest requires termination of the order. Upon review of the child's case, the department, any agency, institution or individual responsible for the supervision, care or treatment of the child, shall divulge and communicate such information regarding the child as the court may require.

SECTION 19. A NEW SECTION OF KRS CHAPTER 208A IS CREATED TO READ AS FOLLOWS:

(1) When the court issues a temporary order for the custody of a child pursuant to the provisions of the Section 41 of this Act, the Court shall cause a child to receive a thorough medical, visual, and dental examination, within two (2) weeks, and at least every year after temporary placement, by a professional authorized by the Kentucky Revised Statutes to conduct such examinations.

(2) When the health or physical condition of any child before the juvenile court requires it, the court may order the child to be placed in a public hospital or institution for treatment or special care, or in a private hospital or institution which will provide treatment and care. In order to ascertain the physical condition of a child, the court may cause the child to be examined by a health officer or children's clinic or any reputable physician who will conduct the examination.

(3) The court may order or consent to necessary medical treatment, including surgical procedures, except for the purpose of abortion or sterilization, after a hearing conducted to determine the necessity of such treatment or procedure. Reasonable notice, taking into account any emergency circumstances, shall be provided to the parents, guardian or custodian of the child to enable them to attend the hearing.

SECTION 20. A NEW SECTION OF KRS CHAPTER 208A IS CREATED TO READ AS FOLLOWS:

(1) Any person who has been adjudicated as coming within the purview of this Act, may petition the court for the expungement of his record. He shall be informed of such right at the time of adjudication. The court on its own motion, or on the motion of a probation officer of the court or of a representative of the department or any other interested person, may initiate expungement proceedings concerning the record of any child who has been under the jurisdiction of the court. Such petition shall be filed or such court order entered no sooner than two years after the date of termination of the court's jurisdiction over the person, or two years after his unconditional release from commitment to the department for human resources or a public or private agency, except that the two-year period may be waived if the court finds that such extraordinary circumstances exist with regard to the petitioner as to make the waiver advisable.

(2) Upon the filing of a petition or entering of a court order, the court shall set a date for a hearing and shall notify the county attorney and anyone else whom the court or the child, his parents, relatives, guardian, or custodian has reason to believe may have relevant information related to the expungement of the record.

(3) The court shall order sealed all records in the petitioner's case in the custody of the court and any such records in the custody of any other agency or official; including police records, if at the hearing the court finds that:

(a) Since the termination of the court's jurisdiction or his unconditional release from commitment to the department or a public or private agency, the person whose record is in question has not been convicted of a felony, and has not been adjudicated under Section 4(1)(a) of this Act;

(b) No proceeding concerning a felony and no petition under Section (4)(1)(a) of this Act is pending or being instituted against him.

(4) Upon the entry of an order to seal the records, the proceedings in the case shall be deemed never to have occurred, and all index references shall be deleted and the person and court may properly reply that no record exists with respect to such person upon any inquiry in the matter.

(5) Copies of the order shall be sent to each agency of official named therein.

(6) Inspection of the records included in the order may thereafter be permitted by the court only upon petition by the person who is the subject of such records, and only to those persons named in such petition.

The officer shall make out a full account of all expenses so incurred by him and give the distance traveled. The account shall be verified by the officer upon oath before the district court and certified by the circuit clerk to the department, for payment out of funds appropriated for the purpose. Notice of discharge must be given to the committing court and to any other parties as may be required by law;

The department shall have the power to make such visitations and inspections of the homes, institutions and agencies in which children who have committed public offenses have been placed as it deems necessary to carry out its functions under the law.

(4) The department may assist the courts in placing children (who have committed public offenses) in family homes or boarding homes, and, under agreements with the individual courts, may assume responsibility for making such placements. Counties may pay or contribute towards the expenses of maintaining such children in family homes or boarding homes and, to the extent authorized by the fiscal court, the department may incur obligations chargeable to the county for such expenses.

(3) The institutional facilities under the control of the department shall be designed and operated in such a manner as to rehabilitate, train, develop and educate the children to become good citizens and useful members of society.

(4) Suitable programs of vocational education and training shall be carried on in the institutions, with the view of preparing the children for future self-support.

(5) The children in each institution shall be employed so far as practicable in labor incident to the maintenance and operation of the institution, and in suitable industries conducted by the institutions as a part of the vocational training program.

(6) The superintendent or managing officer of each institution may use, for the maintenance of the institution, the products of farms, dairies, and other departments and industries of the institution, or may sell or exchange such products for the benefit of the institution.

For this purpose, the services and facilities of local health officers and departments shall be made available to the department, and as far as practicable any publicly-owned hospital shall provide hospitalization without charge for any such child who is a resident of the political subdivision by which the hospital is owned or operated.

(2) Any child placed in a foster family home by an agency duly authorized in KRS Chapter 208B to place a child in a foster family home shall receive a complete medical, visual, and dental examination by a professional authorized by the Kentucky Revised Statutes to conduct such examinations. SECTION 25. A NEW SECTION OF KRS CHAPTER 208A IS CREATED TO READ AS FOLLOWS:

The department is authorized to expend available funds to provide for the board, lodging and care of children placed on probation by the department in a family home or boarding home, or may arrange for payments or contributions by any local governmental unit, or public or private agency or organization, willing to make payments or contributions for such purpose. The department may accept any gift, devise or bequest made to it for its purposes.

SECTION 26. A NEW SECTION OF KRS CHAPTER 208A IS CREATED TO READ AS FOLLOWS:

(1) The department may establish and operate regional reception-diagnostic centers for the observation, study and classification of children committed to it. Such children may upon their commitment be placed in a reception center for a period of observation and study. The reception centers shall be furnished with adequate psychiatric, psychological and social services. A case history for each child shall be prepared during his period of observation and study in the reception center. Upon the basis of study and observation in the reception center, the department shall make a recommendation as to the character of treatment or disposition which should initially be provided for the child.

(2) The department may utilize its regional reception-diagnostic centers as detention and evaluation facilities for children whose cases are pending final disposition of the court. This use of the facilities shall be made pursuant to agreement between the department and the individual fiscal courts.

SECTION 27. A NEW SECTION OF KRS CHAPTER 208A IS CREATED TO READ AS FOLLOWS:

(1) The fiscal court of any county may arrange with the department for the use of its regional reception-diagnostic centers for those cases pending before the district court of its county. The fiscal court is authorized to make such payments as agreed upon with the department for the use of the services and facilities. The use of the department's regional reception-diagnostic centers by the individual district courts shall not give such district courts jurisdiction over the department's regional reception-diagnostic centers.

(2) The fiscal court of any county other than a county containing a city of the first or second class or urban-county government may request in writing that the department operate, maintain and control any secure detention facility for juveniles presently located in the county for which it is responsible. Within ninety (90) days of the receipt of such request the department may take control of and operate and maintain such facility if it meets standards prescribed by the department. If the department's budget permits and

the department does operate, maintain and control such facility, it may accept appropriate children for placement in the facility who may be before the court in counties other than the county in which the facility is located.

(3) Upon the department's agreement to accept control of a secure detention facility for juveniles as prescribed in subsection (2) of this section, the department shall continue to operate the facility unless or until by mutual agreement the control, operation and maintenance of the facility is returned to the fiscal court.

(4) Upon the department's agreement to accept control of a secure detention facility for juevniles as prescribed in subsection (2) of this section, the detention facility and the physical property upon which the facility is located may be transferred to the Commonwealth by deed or by lease as agreeable to the department.

(5) The department may assist the counties in the acquisition, development and furnishing of detention facilities, and may employ available funds for that purpose. The detention facilities may be subject to the supervision of the department, and shall conform to rules and regulations prescribed by the department.

SECTION 28. A NEW SECTION OF KRS CHAPTER 208A IS CREATED TO READ AS FOLLOWS:

The department is authorized to make available, in a manner and on a basis agreed upon by the parties, for a determinable period of time any surplus real property which it may hold to the Kentucky federation of women's clubs for the purpose of constructing thereon a rehabilitation center for delinquent girls, and to participate with such funds as it may have available in the construction of said center and thereafter in the operation thereof; provided, however, that any action pursuant to this section by the department shall be subject to the prior approval of the commissioner of the executive department for finance and in accordance with any requirements which said commissioner may deem appropriate and necessary in accordance with the applicable laws of this Commonwealth.

SECTION 29. A NEW SECTION OF KRS CHAPTER 208A IS CREATED TO READ AS FOLLOWS:

INTERSTATE COMPACT ON JUVENILES

The governor is hereby authorized and directed to execute a compact on behalf of this state with any other state or states legally joining therein and, upon the enactment of this section, the Commonwealth of Kentucky shall be deemed a party to the Interstate Compact on Juveniles and shall be deemed to have contracted with each state joining therein, the compact being substantially as follows:

The contracting states solemnly agree:

ARTICLE I
Findings and Purposes

That juveniles who are not under proper supervision and control, or who have absconded, escaped or run away, are likely to endanger their own health, morals and welfare, and the health, morals and welfare of others. The cooperation of the states party to this compact is therefore necessary to provide for the welfare and protection of juveniles and of the public with respect to (1) cooperative supervision of delinquent juveniles on probation or parole; (2) the return, from one state to another, of delinquent juveniles who have escaped or absconded; (3) the return, from one state to another, of nondelinquent juveniles who have run away from home; and (4) additional measures for the protection of juveniles and of the public, which any two or more of the party states may find desirable to undertake cooperatively. In carrying out the provisions of this compact the party states shall be guided by the non-criminal reformative and protective policies which guide their laws concerning delinquent, neglected or dependent juveniles generally. It shall be the policy of the states party to this compact to cooperate and observe their respective responsibilities for the prompt return and acceptance of juveniles and delinquent juveniles who become subject to the provisions of this compact. The provisions of this compact shall be reasonably and liberally construed to accomplish the foregoing purposes.

ARTICLE II
Existing Rights and Remedies

That all remedies and procedures provided by this compact shall be in addition to and not in substitution for other rights, remedies and procedures, and shall not be in derogation of parental rights and responsibilities.

ARTICLE III
Definitions

That, for the purpose of this compact, "delinquent juvenile" means any juvenile who has been adjudged delinquent and who, at the time the provisions of this compact are invoked, is still subject to the jurisdiction of the court that has made such adjudication or to the jurisdiction or supervision of an agency or institution pursuant to an order of such court; "probation or parole" means any kind of conditional *release of juveniles authorized under the laws of the states party hereto; "court" means any court having jurisdiction over delinquent, neglected or dependent children; "state" means any state, territory or possession of the United States, the District of Columbia, and the Commonwealth of Puerto Rico; and "residence" or any variant thereof means a place at which a home or regular place of abode is maintained.*

ARTICLE IV

Return of Runaways

(a) That the parent, guardian, person or agency entitled to legal custody of a juvenile who has not been adjudged delinquent but who has run away without the consent of such parent, guardian, person or agency may petition the appropriate court in the demanding state for the issuance of a requisition for his return. The petition shall state the name and age of the juvenile, the name of the petitioner and the basis of entitlement to the juvenile's custody, the circumstances of his running away, his location if known at the time application is made, and such other facts as may tend to show that the juvenile who has run away is endangering his own welfare or the welfare of others and is not an emancipated minor. The petition shall be verified by affidavit, shall be executed in duplicate, and shall be accompanied by two certified copies of the document or documents on which the petitioner's entitlement to the juvenile's custody is based, such as birth certificates, letter of guardianship, or custody decrees. Such further affidavits and other documents as may be deemed proper may be submitted with such petition. The judge of the court to which this application is made may hold a hearing thereon to determine whether for the purpose of this compact the petitioner is entitled to the legal custody of the juvenile, whether or not it appears that the juvenile has in fact run away without consent, whether or not he is an emancipated minor, and whether or not it is in the best interest of the juvenile to compel his return to the state. If the judge determines, either with or without a hearing, that the juvenile should be returned, he shall present to the appropriate court or to the executive authority of the state where the juvenile is alleged to be located a written requisition for the return of such juvenile. Such requisition shall set forth the name and age of the juvenile, the determination of the court that the juvenile has run away without the consent of a parent, guardian, person or agency entitled to his legal custody, and that it is in the best interest and for the protection of such juvenile that he be returned. In the event that a proceeding for the adjudication of the juvenile as a delinquent, neglected or dependent juvenile is pending in the court at the time when such juvenile runs away, the court may issue a requisition for the return of such juvenile upon its own motion, regardless of the consent of the parent, guardian, person or agency entitled to legal custody, reciting therein the nature and circumstances of the pending proceeding. The requisition shall in every case be executed in duplicate and shall be signed by the judge. One copy of the requisition shall be filed with the compact administrator of the demanding state, there to remain on file subject to the provisions of law governing records of such court. Upon the receipt of a requisition demanding the return of a juvenile who has run away, the court or the executive authority to whom the requisition is addressed shall issue an order to any peace officer or other appropriate person directing him to take into custody and detain such juvenile. Such detention order must substantially recite the facts necessary to the validity of its issuance hereunder. No juvenile detained upon such order shall be delivered over to the officer whom the court demanding him shall have appointed to receive him, unless he shall first be taken forthwith before a judge of a court in the state, who shall inform him of the demand made for his return, and who may appoint counsel or guardian ad litem for him. If the judge of such court shall find that the requisition is in order, he shall deliver such juvenile over to the officer whom the court demanding him shall have appointed to receive him. The judge, however, may fix a reasonable time to be allowed for the purpose of testing the legality of the proceeding.

Upon reasonable information that a person is a juvenile who has run away from another state party to this compact without the consent of a parent, guardian, person or agency entitled to his legal custody, such juvenile may be taken into custody without a requisition and brought forthwith before a judge of the appropriate court who may appoint counsel or guardian ad litem for such juvenile and who shall determine after a hearing whether sufficient cause exists to hold the person, subject to the order of the court, for his own protection and welfare, for such a time not exceeding ninety days as will enable his return to another state party to this compact pursuant to a requisition for his return from a court of that state. If, at the time when a state seeks the return of a juvenile who has run away, there is pending in the state wherein he is found any criminal charge, or any proceeding to have him adjudicated a delinquent juvenile for an act committed in such state, or if he is suspected of having committed within such state a criminal offense or an act of juvenile delinquency, he shall not be returned without the consent of such state until discharged from prosecution or other form of proceeding, imprisonment, detention or supervision for such offense or juvenile delinquency. The duly accredited officers of any state party to this compact, upon the establishment of their authority and the identity of the juvenile being returned, shall be permitted to transport such juvenile through any and all states party to this compact, without interference. Upon his return to the state from which he ran away, the juvenile shall be subject to such further proceedings as may be appropriate under the laws of that state.

(b) That the state to which a juvenile is returned under this article shall be responsible for payment of the transportation cost of such return.

(c) That "juvenile" as used in this article means any person who is a minor under the law of the state of residence of the parent, guardian, person or agency entitled to the legal custody of such minor.

ARTICLE V

Return of Escapees and Absconders

(a) That the appropriate person or authority from whose probation or parole supervision a delinquent juvenile has absconded or from whose institutional custody he has escaped shall present to the appropriate court or to the executive authority of the state where the delinquent juvenile is alleged to be located a written requisition for the return of such delinquent juvenile. Such requisition shall state the name and age of the delinquent juvenile, the particulars of his adjudication as a delinquent juvenile, the circumstances of the breach of the terms of his probation or parole or of his escape from an institution or agency vested with his legal custody or supervision, and the location of such delinquent juvenile, if known, at the time the requisition is made. The requisition shall be verified by affidavit, shall be executed in duplicate, and shall be accompanied by two certified copies of the judgment, formal adjudication, or order of commitment which subjects such delinquent juvenile to probation or parole or to the legal custody of the institution or agency concerned. Such further affidavits and other documents as may be deemed proper may be submitted with such requisition. One copy of the requisition shall be filed with the compact administrator of the demanding state, there to remain on file subject to the provisions of law governing records of the appropriate court. Upon the receipt of a requisition demanding the return of a delinquent juvenile who has absconded or escaped, the court or the executive authority to whom the requisition is addressed shall issue an order to any peace officer or other appropriate person directing him to take into custody and detain such delinquent juvenile. Such detention order must substantially recite the facts necessary to the validity of its issuance hereunder. No delinquent juvenile detained upon such order shall be delivered over to the officer whom the appropriate person or authority demanding him shall have appointed to receive him, unless he shall first be taken forthwith before a judge of an appropriate court in the state, who shall inform him of the demand made for his return and who may appoint counsel or guardian ad litem for him. If the judge of such court shall find that the requisition is in order, he shall deliver such delinquent juvenile over to the officer whom the appropriate person or authority demanding him shall have appointed to receive him. The judge, however, may fix a reasonable time to be allowed for the purpose of testing the legality of the proceeding.

Upon reasonable information that a person is a delinquent juvenile who has absconded while on probation or parole, or escaped from an institution or agency vested with his legal custody or supervision in any state party to this compact, such person may be taken into custody in any other state party to this compact without a requisition. But in such event, he must be taken forthwith before a judge of the appropriate court, who may appoint counsel or guardian ad litem for such person and who shall determine, after a hearing, whether sufficient cause exists to hold the person subject to the order of the court for such a time, not exceeding ninety days, as will enable his detention under a detention order issued on a requisition pursuant to this article. If, at the time when a state seeks the return of a delinquent juvenile who has either absconded while on probation or parole or escaped from an institution or agency vested with his legal custody or supervision, there is pending in the state wherein he is detained any criminal charge or any proceeding to have him adjudicated a delinquent juvenile for an act committed in such state, or if he is suspected of having committed within such state a criminal offense or an act of juvenile delinquency, he shall not be returned without the consent of such state until discharged from prosecution or other form of proceeding, imprisonment, detention or supervision for such offense or juvenile delinquency. The duly accredited officers of any state party to this compact, upon the establishment of their authority and the identity of the delinquent juvenile being returned, shall be permitted to transport such delinquent juvenile through any and all states party to this compact, without interference. Upon his return to the state from which he escaped or absconded, the delinquent juvenile shall be subject to such further proceedings as may be appropriate under the laws of that state.

(b) That the state to which a delinquent juvenile is returned under this article shall be responsible for payment of the transportation costs of such return.

ARTICLE VI

Voluntary Return Procedure

That any delinquent juvenile who has absconded while on probation or parole, or escaped from an institution or agency vested with his legal custody or supervision in any state party to this compact, and any juvenile who has run away from any state party to this compact, who is taken into custody without a requisition in another state party to this compact under the provision of Article IV (a) or of Article V (a), may consent to his immediate return to the state from which he absconded, escaped or ran away. Such consent shall be given by the juvenile or delinquent juvenile and his counsel or guardian ad litem if any, by executing or subscribing a writing, in the presence of a judge of the appropriate court, which states that the juvenile or delinquent juvenile and his counsel or guardian ad litem, if any, consent to his return to the demanding state. Before such consent shall be executed or subscribed, however, the judge, in the presence *of counsel or guardian ad litem, if any, shall inform the juvenile or delinquent juvenile of his rights under this compact. When the consent has been duly executed, it shall be forwarded to and filed with the compact administrator of the state in which the court is located and the judge shall direct the officer having the juvenile or delinquent juvenile in custody to deliver him to the duly accredited officer or officers of the state demanding his return, and shall cause to be delivered to such officer or officers a copy of the consent. The court may, however, upon the request of the state to which the juvenile or delinquent juvenile is being returned, order him to return unaccompanied to such state and shall provide him with a copy of such court order; in such event a copy of the consent shall be forwarded to the compact administrator of the state to which said juvenile or delinquent juvenile is ordered to return.*

ARTICLE VII

Cooperative Supervision of Probationers and Parolees

(a) That the duly constituted judicial and administrative authorities of a state party to this compact (herein called "sending state") may permit any delinquent juvenile within such state, placed on probation or parole, to reside in any other state party to this compact (herein called "receiving state") while on probation or parole, and the receiving state shall accept such delinquent juvenile, if the parent, guardian or person entitled to the legal custody of such delinquent juvenile is residing or undertakes to reside within the receiving state. Before granting such permission, opportunity shall be given to the receiving state to make such investigations as it deems necessary. The authorities of the sending state shall send to the authorities of the receiving state copies of pertinent court orders, social case studies and all other available information which may be of value to and assist the receiving state in supervising a probationer or parolee under this compact. A receiving state, in its discretion, may agree to accept supervision of a probationer or parolee in cases where the parent, guardian or person entitled to the legal custody of the delinquent juvenile is not a resident of the receiving state, and if so accepted the sending state may transfer supervision accordingly.

(b) That each receiving state will assume the duties of visitation and of supervision over any such delinquent juvenile and in the exercise of those duties will be governed by the same standards of visitation and supervision that prevail for its own delinquent juveniles released on probation or parole.

(c) That, after consultation between the appropriate authorities of the sending state and of the receiving state as to the desirability and necessity of returning such a delinquent juvenile, the duly accredited officers of a sending state may enter a receiving state and there apprehend and retake any such delinquent juvenile on probation or parole. For that purpose, no formalities will be required, other than establishing the authority of the officer and the identity of the delinquent juvenile to be retaken and returned. The decision of the sending state to retake a delinquent juvenile on probation or parole shall be conclusive upon and not reviewable within the receiving state, but if, at the time the sending state seeks to retake a delinquent juvenile on probation or parole, there is pending against him within the receiving state any criminal charge or any proceeding to have him adjudicated a delinquent juvenile for any act committed in such state, or if he is suspected of having committed within such state a criminal offense or an act of juvenile delinquency, he shall not be returned without the consent of the receiving state until discharged from prosecution or other form of proceeding, imprisonment, detention or supervision for such offense or juvenile delinquency. The duly accredited officers of the sending state shall be permitted to transport delinquent juveniles being so returned through any and all states party to this compact, without interference.

(d) That the sending state shall be responsible under this article for paying the costs of transporting any delinquent juvenile to the receiving state or of returning any delinquent juvenile to the sending state.

ARTICLE VIII

Responsibility for Costs

(a) That the provisions of Articles IV (b), V (b) and VII (d) of this compact shall not be construed to alter or affect any internal relationship among the departments, agencies and officers of and in the government of a party state, or between a party state and its subdivisions, as to the payment of costs, or responsibilities therefor.

(b) That nothing in this compact shall be construed to prevent any party state or subdivision thereof from asserting any right against any person, agency or other entity in regard to costs for which such party state or subdivision thereof may be responsible pursuant to Articles IV (b), V (b) or VII (d) of this compact.

ARTICLE IX

Detention Practices

That, to every extent possible, it shall be the policy of states party to this compact that no juvenile or delinquent juvenile shall be placed or detained in any prison, jail or lockup nor be detained or transported in association with criminal, vicious or dissolute persons.

ARTICLE X

Supplementary Agreements

That the duly constituted administrative authorities of a state party to this compact may enter into supplementary agreements with any other state or states party hereto for the cooperative care, treatment and rehabilitation of delinquent juveniles whenever they shall find that such agreements will improve the *facilities or programs available for such care, treatment and rehabilitation. Such care, treatment and rehabilitation may be provided in an institution located within any state entering into such supplementary agreement. Such supplementary agreements shall (1) provide the rates to be paid for the care, treatment and custody of such delinquent juveniles, taking into consideration the character of facilities, services and subsistence furnished; (2) provide that the delinquent juvenile shall be given a court hearing prior to his being sent to another state for care, treatment and custody; (3) provide that the state receiving such a delinquent juvenile in one of its institutions shall act solely as agent for the state sending such delinquent juvenile; (4) provide that the sending state shall at all times retain jurisdiction over delinquent juveniles sent to an institution in another state; (5) provide for reasonable inspection of such institutions by the sending state; (6) provide that the consent of the parent, guardian, person or agency entitled to the legal custody of said delinquent juvenile shall be secured prior to his being sent to another state; and (7) make provision for such other matters and details as shall be necessary to protect the rights and equities of such delinquent juveniles and of the cooperating states.*

ARTICLE XI

Acceptance of Federal and Other Aid

That any state party to this compact may accept any and all donations, gifts and grants of money, equipment and services from the federal or any local government, or any agency thereof and from any person, firm or corporation, for any of the purposes and functions of this compact, and may receive and utilize the same subject to the terms, conditions and regulations governing such donations, gifts and grants.

ARTICLE XII

Compact Administrators

That the Governor of each state party to this compact shall designate an officer who, acting jointly with like officers of other party states, shall promulgate rules and regulations to carry out more effectively the terms and provisions of this compact.

ARTICLE XIII

Execution of Compact

That this compact shall become operative immediately upon its execution by any state as between it and any other state or states so executing. When executed it shall have the full force and effect of law within such state, the form of execution to be in accordance with the laws of the executing state.

ARTICLE XIV

Renunciation

That this compact shall continue in force and remain binding upon each executing state until renounced by it. Renunciation of this compact shall be by the same authority which executed it, by sending six months' notice in writing of its intention to withdraw from the compact to the other states party hereto. The duties and obligations of a renouncing state under Article VII hereof shall continue as to parolees and probationers residing therein at the time of withdrawal until retaken or finally discharged. Supplementary agreements entered into under Article X hereof shall be subject to renunciation as provided by such supplementary agreements, and shall not be subject to the six months' renunciation notice of the present article.

ARTICLE XV

Severability

That the provisions of this compact shall be severable and if any phrase, clause, sentence or provision of this compact is declared to be contrary to the constitution of any participating state or of the United States or the applicability thereof to any government, agency, person or circumstance is held invalid, the validity of the remainder of this compact and the applicability thereof to any government, agency, person or circumstances shall not be affected thereby. If this compact shall be held contrary to the constitution of any state participating therein, the compact shall remain in full force and effect as to the remaining states and in full force and effect as to the state affected as to all severable matters.

SECTION 30. A NEW SECTION OF KRS CHAPTER 208A IS CREATED TO READ AS FOLLOWS:

The following provisions apply to the compact described in Section 29 of this Act:

(1) Pursuant to said compact, the governor is hereby authorized and empowered to designate an officer who shall be the compact administrator and who, acting jointly with like officers of other party states, shall promulgate rules and regulations to carry out more effectively the terms of the compact. Said compact administrator shall serve subject to the pleasure of the governor. The compact administrator is hereby authorized, empowered and directed to cooperate with all departments, agencies and officers of and in the government of this state and its subdivisions in facilitating the proper administration of the compact or of any supplementary agreement or agreements entered into by this state thereunder.

(2) The compact administrator is hereby authorized and empowered to enter into supplementary agreements with appropriate officials of other states pursuant to the compact. In the event that such supplementary agreement shall require or contemplate the use of any institution or facility of this state or require or contemplate the provision of any service by this state, said supplementary agreement shall have no force

or effect until approved by the head of the department or agency under whose jurisdiction said institution or facility is operated or whose department or agency will be charged with the rendering of such service.

(3) The compact administrator, subject to the approval of the commissioner of the executive department for finance and administration, may make or arrange for any payments necessary to discharge any financial obligations imposed upon this state by the compact or by any supplementary agreement entered into thereunder.

(4) The courts, departments, agencies and officers of this state and its subdivisions shall enforce this compact and shall do all things appropriate to the effectuation of its purposes and intent which may be within their respective jurisdictions.

(5) In addition to any procedure provided in articles IV and VI of Section 29 of this Act for the return of any runaway juvenile, the particular states, the juvenile or his parents, the courts, or other legal custodian involved may agree upon and adopt any other plan or procedure legally authorized under the laws of this state and the other respective party states for the return of any such runaway juvenile.

(6) The governor is further authorized and directed to execute, with any other state or states legally joining in the same, an additional article to said compact in the form substantially as follows and upon enactment of Section 29 of this Act, the Commonwealth of Kentucky shall be deemed a party to the interstate compact on juveniles and shall be deemed to have contracted with each state joining therein:

That this article shall provide additional remedies, and shall be binding only as among and between those party states which specifically execute the same.

For the purposes of this article, "child," as used herein, means any minor within the jurisdictional age limits of any court in the home state.

When any child is brought before a court of a state of which such child is not a resident, and such state is willing to permit such child's return to the home state of such child, such home state, upon being so advised by the state in which such proceeding is pending, shall immediately institute proceedings to determine the residence and jurisdictional facts as to such child in such home state, and upon finding that such child is in fact a resident of said state and subject to the jurisdiction of the court thereof, shall within five (5) days authorize the return of such child to the home state, and to the parent or custodial agency legally authorized to accept such custody in such home state, and at the expense of such home state, to be paid from such funds as such home state may procure, designate, or provide, prompt action being of the essence.

Any juvenile charged with being a delinquent by reason of violating any criminal law shall be returned to the requesting state upon a requisition to the state where the juvenile may be found. A petition in such case shall be filed in a court of competent jurisdiction in the requesting state where the violation of criminal law is alleged to have been committed. The petition may be filed regardless of whether the juvenile has left the state before or after the filing of the petition. The requisition described in article V of the compact shall be forwarded by the judge of the court in which the petition has been filed.

(a) Each child requiring placement shall receive the maximum opportunity to be placed in a suitable environment and with persons or institutions having appropriate qualifications and facilities to provide a necessary and desirable degree and type of care.

(b) The appropriate authorities in a state where a child is to be placed may have full opportunity to ascertain the circumstances of the proposed placement, thereby promoting full compliance with applicable requirements for the protection of the child.

(c) The proper authorities of the state from which the placement is made may obtain the most complete information on the basis of which to evaluate a projected placement before it is made.

(d) Appropriate jurisdictional arrangements for the care of children will be promoted.

ARTICLE II
Definitions

As used in this compact:

(a) "Child" means a person who, by reason of minority, is legally subject to parental, guardianship or similar control.

(b) "Sending agency" means a party state, officer or employe thereof; a subdivision of a party state, or officer or employe thereof; a court of a party state; a person, corporation, association, charitable agency or other entity which sends, brings, or causes to be sent or brought any child to another party state.

(c) "Receiving state" means the state to which a child is sent, brought, or caused to be sent or brought, whether by public authorities or private persons or agencies, and whether for placement with state or local public authorities or for placement with private agencies or persons.

ARTICLE III
Conditions for Placement

(a) No sending agency shall send, bring, or cause to be sent or brought into any other party state any child for placement in foster care or as a preliminary to a possible adoption unless the sending agency shall comply with each and every requirement set forth in this article and with the applicable laws of the receiving state governing the placement of children therein.

(b) Prior to sending, bringing or causing any child to be sent or brought into a receiving state for placement in foster care or as a preliminary to a possible adoption, the sending agency shall furnish the appropriate public authorities in the receiving state written notice of the intention to send, bring, or place the child in the receiving state. ARTICLE IV
Penalty For Illegal Placement

This sending, bringing, or causing to be sent or brought into any receiving state of a child in violation of the terms of this compact shall constitute a violation of the laws respecting the placement of children of both the state in which the sending agency is located or from which it sends or brings the child and of the receiving state. Such violation may be punished or subjected to penalty in either jurisdiction in accordance with its laws. In addition to liability for any such punishment or penalty, any such violation shall constitute full and sufficient grounds for the suspension or revocation of any license, permit, or other legal authorization held by the sending agency which empowers or allows it to place or care for children.

ARTICLE V
Retention of Jurisdiction

(a) The sending agency shall retain jurisdiction over the child sufficient to determine all matters in relation to the custody, supervision, care, treatment and disposition of the child which it would have had if the child had remained in the sending agency's state, until the child is adopted, reaches majority, becomes self-supporting or is discharged with the concurrence of the appropriate authority in the receiving state. Such jurisdiction shall also include the power to effect or cause the return of the child or its transfer to another location and custody pursuant to law. The sending agency shall continue to have financial responsibility for support and maintenance of the child during the period of the placement. Nothing contained herein shall defeat a claim of jurisdiction by a receiving state sufficient to deal with an act of delinquency or crime committed therein.

(b) When the sending agency is a public agency, it may enter into an agreement with an authorized public or private agency in the receiving state providing for the performance of one (1) or more services in respect of such case by the latter as agent for the sending agency.

(c) Nothing in this compact shall be construed to prevent a private charitable agency authorized to place children in the receiving state from performing services or acting as agent in that state for a private charitable agency of the sending state; nor to prevent the agency in the receiving state from discharging financial responsibility for the support and maintenance of a child who has been placed on behalf of the sending agency without relieving the responsibility set forth in paragraph (a) hereof.

ARTICLE VI

Institutional Care of Delinquent Children

A child adjudicated delinquent may be placed in an institution in another party jurisdiction pursuant to this compact but no such placement shall be made unless the child is given a court hearing on notice to the parent or guardian with opportunity to be heard, prior to his being sent to such other party jurisdiction for institutional care and the court finds that:

(1) Equivalent facilities for the child are not available in the sending agency's jurisdiction; and

(2) Institutional care in the other jurisdiction is in the best interest of the child and will not produce undue hardship.

ARTICLE VII

Compact Administrator

The executive head of each jurisdiction party to this compact shall designate an officer who shall be general coordinator of activities under this compact in his jurisdiction and who, acting jointly with like officers of other party jurisdictions, shall have power to promulgate rules and regulations to carry out more effectively the terms and provisions of this compact.

(c) Any appropriate law enforcement officer may take a child into protective custody and may hold that child in protective custody without the consent of the parent or other person exercising custodial control or supervision, if the officer has reasonable cause to believe that there exists an imminent danger to the

(4) Anyone acting upon reasonable cause in the making of a report or acting under subsection (1) of this section in good faith shall have immunity from any liability, civil or criminal, that might otherwise be incurred or imposed. Any such participant shall have the same immunity with respect to participation in any such judicial proceeding resulting from such report or action.

The person performing the diagnostic procedures or taking such photographs or X-rays shall be immune from criminal or civil liability for having performed the act. SECTION 38. A NEW SECTION OF KRS CHAPTER 208B IS CREATED TO READ AS FOLLOWS:

(1) An abuse, neglect or dependency action is commenced by the filing of a petition in the juvenile session of the district court. The petition and all subsequent court documents shall be entitled: "In the interest of , a child."

(a) The facts from which the petitioner believes the child to be abused, neglected or dependent;

(b) The name and residence if known of the person alleged to have committed the offense.

(3) If any of the facts required to be stated in the petition are not known by the petitioner, the petition shall so state.

(4) After a petition has been filed, the clerk of the court shall issue and the sheriff or other authorized agent shall serve a copy of the petition and a summons to the parent or other person exercising custodial control or supervision, unless the identity or location of the parent is unknown, in which case the petition and summons shall be issued to the nearest known adult relative. The summons shall include an explanation of the importance of the petition and an explanation of the rights of the parent or other person exercising custodial control in any subsequent proceedings, emphasizing the immediate importance of contacting the court about legal representation.

SECTION 39. A NEW SECTION OF KRS CHAPTER 208B IS CREATED TO READ AS FOLLOWS:

(1) A petition, as provided for in Section 38 of this Act, shall be filed at the time of the granting of an emergency custody order. Under the circumstances listed in subsections (a) and (b) below, an abused, neglected or dependent child may be taken into immediate custody even though it is not proved conclusively who has perpetrated the abuse or who has caused the neglect. Such order may be issued ex parte by the court for the county where the child is present when it appears to the court that there are reasonable grounds to believe as supported by affidavit or by recorded sworn testimony in person before the judge that:

(a) The child would be abused, neglected or dependent as defined in Section 3 of this Act if returned to or left in the custody of his parent or other person exercising custodial control or supervision; and

(b) There are no alternatives less drastic than removal of the child from his home such as those set out in subsection (2) of this section which could reasonably protect the child from abuse, neglect or

dependency pending a judicial review or a temporary removal hearing on the matter. If any alternative less drastic than removal of the child from his home could reasonably protect the child from abuse, neglect or dependency, pending a judicial review or a temporary removal hearing on the matter, no such emergency removal order shall issue.

(2) If the child comes within the purview of Section 4(1)(d) of this Act, the court may sign an order giving emergency custody of the child to the court. As a part of such order, the court may order that the child is to be picked up by any peace officer and placed as directed by the court. The sheriff shall serve or tender upon the parent or other person exercising custodial control or supervision a written copy of the emergency custody order. If the parent or person exercising custodial control of the child cannot be found, the sheriff, making all good faith efforts to notify same, shall notify the nearest known relative, neighbor, or other person familiar with the child. The child may be placed in one of the facilities operated or approved by the department including foster homes or with relatives of the child taking into account the parents' feelings toward such relative placement, or any other appropriate placement available to the court. The emergency custody order shall be effective no longer than seventy-two (72) hours, exclusive of Sunday and legal holidays, unless there is a judicial review held with oral notice to the county attorney, parent or other person exercising custodial control or supervision of the child to determine if the child should be held for a longer period. The seventy-two (72) hour period may be extended or delayed upon the waiver or request of the child's parent or other person exercising custodial control or supervision.

(3) If the court determines that a formal proceeding is required, the court shall, when the child and his parent or other person exercising custodial control or supervision are brought before the court:

(a) Advise the child and his parent of their respective right to appointment of individual counsel;

1. The court shall appoint counsel for the child.

2. The court shall appoint separate counsel for the parent exercising custodial control or supervision, if they are unable to afford counsel.

3. The court may order separate counsel for the person exercising custodial control or supervision of the child if they are unable to afford counsel.

(b) Explain that the child and his parent or other person exercising custodial control or supervision may remain silent concerning the allegations in the petition.

(c) Explain that the child and his parent or other person exercising custodial control or supervision have the right to a full adjudicatory hearing within twenty-one (21) days unless specifically waived in the record by the parent or other person exercising custodial control or supervision. Explain that the child and his parent or other person exercising custodial control or supervision have the right to confront and cross-examine all adverse witnesses and to present evidence on their own behalf.

SECTION 40. A NEW SECTION OF KRS CHAPTER 208B IS CREATED TO READ AS FOLLOWS:

Counsel may be appointed by the court pursuant to Section 39(3) of this Act.

SECTION 41. A NEW SECTION OF KRS CHAPTER 208B IS CREATED TO READ AS FOLLOWS:

The judicial review or temporary removal hearing provided for in Section 39(3)(c) of this Act shall address the following issues:

(1) Whether there are reasonable grounds to believe that the child would be abused, neglected or dependent if returned to or left in the custody of his parent or other person exercising custodial control or supervision even though it is not proved conclusively who has perpetrated the abuse, neglect or dependency. The Commonwealth shall bear the burden of proof and if the Commonwealth should fail to establish same, the child shall be released to or retained in the custody of his parent or other person exercising custodial control or supervision.

(2) If, after completion of the temporary removal hearing, the court is of the opinion that the child is abused, neglected or dependent, the court shall issue an order for temporary removal. Such order shall state the specific reasons for removal and show that alternative less restrictive placements and services have been considered. If the court finds that the child is not abused, neglected or no action is taken within seventy-two (72) hours, the emergency order shall be automatically dissolved and the child returned by the department to the parent or other person exercising custodial control or supervision. A request for a continuance on the part of the parent or other person exercising custodial control or supervision shall constitute action precluding automatic dissolution of the emergency custody order.

(3) In placing such child, the court shall give preference to available and qualified relatives of the child considering the wishes of the parent or other person exercising custodial control or supervision from whom the child is removed. The court may also consider placing the child in one (1) of the facilities operated or approved by the department or its delegated representative including foster homes or in other appropriate placement available to the court.

(4) Any person aggrieved by a proceeding under this section may file a petition in circuit court for immediate entitlement to custody and a hearing shall be expeditiously held according to the Rules of Civil

Procedure. During the pendency of the petition for immediate entitlement the orders of the district court shall remain in effect.

SECTION 42. A NEW SECTION OF KRS CHAPTER 208B IS CREATED TO READ AS FOLLOWS:

(1) In cases where criminal charges arising out of the same transaction or occurrence are filed against an adult alleged to be the perpetrator of child abuse or neglect, such charges shall be tried separately from the adjudicatory hearing on the petition filed pursuant to Section 38 of this Act in the interest of the child. A finding of civil jurisdiction pursuant to this Act shall be inadmissible in such criminal proceedings. Upon motion of the adult, and upon waiver of the twenty-one (21) day time limitation for adjudication on the petition filed pursuant to Section 38 of this Act, any such criminal charges placed against an adult arising from the same factual transaction shall be tried or resolved prior to the adjudication on the petition filed pursuant to this Act to avoid possible incrimination of the adult prior to the criminal trial, if the charges can be tried or resolved within six (6) months.

(2) The adjudication shall determine the truth or falsity of the allegations in the petition. The burden of proof shall be upon the petitioner, and a determination of abuse, neglect and dependency shall be made by a preponderance of the evidence.

(3) The disposition shall determine the action to be taken by the court on behalf of the child and his parent or other person exercising custodial control or supervision.

SECTION 43. A NEW SECTION OF KRS CHAPTER 208B IS CREATED TO READ AS FOLLOWS:

(1) In determining the disposition of all cases brought on behalf of abused, neglected or dependent children, the juvenile session of the district court shall have, but shall not be limited to, the following dispositional alternatives:

(a) Informal adjustment of the case;

(b) Protective orders, such as the following:

1. Order the parent or any other person to abstain from any conduct abusing, neglecting or making the child dependent;

2. Order that the child be placed in his own home under supervision of the department with appropriate services.

(c) Removal of the child to the custody of an adult relative taking into consideration the wishes of the parent, guardian, or other person exercising custodial control or supervision.

(d) Commitment of the child to the custody of the department for placement for an indeterminate period of time not to exceed the age of twenty-one (21).

(2) In any proceeding under this chapter, when the court is petitioned to remove or continue the removal of a child from the custody of his parent or other person exercising custodial control or supervision, the court shall first consider whether the child may be reasonably protected against the alleged abuse, neglect or dependency, by alternatives less drastic than removal. Such alternatives may include, but shall not be limited to, the provision of medical, educational, psychiatric, psychological, social work, counseling, day care, or homemaking services with monitoring whereever necessary by department or other appropriate agency. Where the court specifically finds that such alternatives are adequate to reasonably protect the child against the alleged abuse neglect or dependency, the court shall not order the removal or continuing removal of the child.

(3) If the court orders the removal or continues the removal of the child, services provided to the parent and the child shall be designed to promote the return of the child to his home as soon as possible.

(4) The department shall establish such terms and conditions of parental visitation with said child after consultation with the parents or persons exercising custodial control or supervision of the child. If the parents are dissatisfied with the visitation schedule, then they may petition the court for review of the visitation schedule. The court, after reviewing all of the circumstances surrounding the case, may alter the visitation schedule if it finds the schedule set up by the department has been arbitrary or unreasonable.

(5) Before making disposition of a case of a child brought before the court under this section of this Act, the judge shall cause an investigation to be made concerning the circumstances surrounding the child and his family. The report of the investigation shall be in writing and shall include recommendation for the best potential care of the child. The result of the investigation shall be made available to the court after the adjudication and prior to disposition. Copies of the report shall be placed in the court record five (5) days prior to the disposition hearings. The written report shall become part of the court record of the proceedings. Objections by counsel to portions of the dispositional report shall be noted in the record.

SECTION 44. A NEW SECTION OF KRS CHAPTER 208B IS CREATED TO READ AS FOLLOWS:

of the child, provided, however, that no termination of parental rights shall be ordered unless the circuit court also shall find by clear and convincing evidence the existence of one or more of the following grounds:

(2) In determining the best interest of the child and the existence of a ground for termination the circuit court shall consider all relevant factors including:

(a) Emotional illness, mental illness or mental deficiency of the parent as certified by a qualified mental health professional, which renders the parent, consistently unable to care for the immediate and ongoing physical or psychological needs of the child for extended periods of time;

(c) If the child has been placed with the department or a child-placing or child-caring agency, whether the department has rendered or attempted to render all reasonable services to the parent which reasonably might be expected to bring about a reunion of the family, including the parent's testimony concerning such services and whether additional services would be likely to bring about lasting parental adjustment enabling a return of the child to the parent within a reasonable period of time, considering the age of the child;

(d) The effort the parent has made to adjust his circumstances, conduct or conditions to make it in the child's best interest to return him to his home within a reasonable period of time, considering the age of the child;

(b) The child has a recent record of failing to appear at court hearings and requires detention to assure his presence at subsequent hearings; or

(c) The child has run away from a secure or non-secure facility; or

(d) The alleged status offender has run away from his home and his parents, guardian, or person exercising similar custodial control or supervision of the child has orally agreed to assume physical custody or pay for his transportation within forty-eight (48) hours. The child may on his own motion present to the court reasons why he should not be returned to his parents or person exercising similar custodial control or supervision of the child. Upon consideration of such motion the court may in its discretion place the youth in a non-secure facility and concurrently order that a protective services investigation be commenced as allowed by KRS Chapter 208B; or

(e) The department has initiated or intends to initiate transfer of the youth by competent document under the provisions of the interstate compact pursuant to Section 29 of this Act; or

(f) The child is a danger to himself or others, unless he is suspected of having a mental or emotional disorder and requires medical attention in which case the child shall be placed for evaluation in a facility in accordance with KRS Chapter 208G; or

(g) The child is, by himself, or in association with an adult who profits therefrom engaging in illegal sexual activity, including prostitution as prohibited by KRS Chapter 530, indecent exposure as prohibited by any acts prohibited by KRS Chapter 531.

For good cause the court may allow the admission of hearsay evidence.

(2) The court shall first determine that all appropriate remedies have been considered and exhausted to assure that the least drastic alternative method of treatment is utilized.

(3) The court may order the child and his family to participate in any programs which are necessary to effectuate a change in the child and the family. The court shall consider all appropriate local remedies to aid the child and his family subject to the following conditions:

When it appears to the court that the parents have failed to cooperate and actively participate in said programs, the court may issue a summons for the parent of the child which shall require them to attend a hearing in which they may rebut any evidence which may allege that they have violated a court order. The court may exercise its powers of contempt in addition to any other remedy provided by law to compel obedience of the parents, guardian, or person exercising custodial control or supervision of the child to the court's orders.

(2) Any person who violates any provision of this chapter shall be fined not less than $100 nor more than $500 or be imprisoned in the county jail for not more than 30 days, or both.

SECTION 80. KRS CHAPTER 208E IS ESTABLISHED AND A NEW SECTION THEREOF IS CREATED TO READ AS FOLLOWS:

Unless the nature of the offense or other circumstances are such as to indicate the necessity of keeping the child in secure custody, the officer shall release the child to the custody of his parent or other responsible adult upon the written promise, signed by such person, to bring the child to the court at a stated time or at such time. The written promise, accompanied by a written report by the officer, shall be submitted to the court forthwith. If the person fails to produce the child as agreed or upon notice from the court, a petition, warrant, or both may be issued for the apprehension of the person or of the child, or both.

(4) The peace officer may, in lieu of following the procedure set forth in subsection (3) of this section, take a child to a court approved center offering voluntary services to children and release the child without formal charges being filed, provided that the offense the child has allegedly committed under the provisions of Section 4(1)(a) of this Act:

(a) Is not a felony offense; and

(b) The peace officer has received the permission of the parent or other responsible adult; and

(c) Has followed guidelines which the court has established for such release.

SECTION 81. A NEW SECTION OF KRS CHAPTER 208E IS CREATED TO READ AS FOLLOWS:

(1) The fiscal court of each county shall provide for a suitable facility or facilities for the custody and care of children held in custody pending disposition of their cases by the district court, and may employ necessary personnel for the operation thereof.

(2) In counties containing a city of the first or second class, the fiscal court shall maintain a permanent detention home, either through arrangement with another public agency or with a private organization or agency, or by acquiring and operating the home as a county institution.

(3) In counties other than those containing a city of the first or second class, the fiscal court shall either maintain a detention home or arrange for the use of private or family homes.

(4) Each child detained in such facility shall be deemed to be under the jurisdiction of the district court before which his case is pending.

SECTION 82. A NEW SECTION OF KRS CHAPTER 208E IS CREATED TO READ AS FOLLOWS:

No child under sixteen (16) shall at any time be detained in any police station, lockup, jail or prison, except that, on the basis of a hearing for that purpose, by the juvenile court judge, a child whose conduct or condition is such as to endanger his safety or welfare or that of others in the detention facility for children, may be placed in a jail or other place of detention for adults, but in a room or ward separate by sight and sound from adult prisoners.

SECTION 83. A NEW SECTION OF KRS CHAPTER 208E IS CREATED TO READ AS FOLLOWS:

(1) If child is not released as provided in subsection (3) of Section 80 of this Act, the child shall be taken without delay to the court or to the detention facility provided for under Section 82 of this Act. The officer shall as soon as possible thereafter make a written report to the court, stating the fact of such detention, the offense charged, and the reason why the child was not released to the parent or other responsible adult. Pending further disposition of the case, the court may release the child to the custody of the parent or other responsible person or may continue to hold the child in detention.

(2) When a child is detained for the alleged commission of an offense as provided in Section 4(1)(a) of this Act and not released, a hearing shall be held as soon as practical, but not to exceed seventy-two (72) hours, exclusive of Sunday, and legal holidays, of the commencement of detention.

(3) The child shall be afforded all constitutionally guaranteed rights at every stage of the proceedings including, but not limited to notice of the charges, the privilege against self-incrimination, the right to confront and cross-examine witnesses and the right to counsel.

(4) The hearing shall address the following issues:

(a) If there is probable cause to believe that an offense has been committed and that the accused child committed that offense. The Commonwealth shall bear the burden of proof and it shall be by a preponderance of the evidence, and if it should fail to establish such probable cause, the child shall be released and the complaint dismissed;

(b) Whether further detention is necessary to assure the safety of the child, protection of the community, and the appearance of the child in court;

(c) In determining detention for offenses provided in Section 4(1)(a) of this Act, the court shall consider the seriousness of the alleged offense; the possibility that the child would commit an offense dangerous to himself or the community pending disposition of the original offense; the child's prior record, if any; and whether there are charges pending against the child in another jurisdiction;

(5) If, after completion of the detention hearing the court is of the opinion that detention is necessary, the order shall state in writing the specific reasons for detention and the nature of the detention.

(6) Unless a hearing is held and the necessity for detention properly established, the child shall be released to the custody of its parent or other responsible persons pending further disposition of the case. (A child shall have a right to counsel at any hearing determining its right to freedom pending the disposition of its case, and its parents or other responsible person shall have a right to attend the hearing if such attendance will not unnecessarily delay the hearing. Any person aggrieved by a proceeding under this subsection may proceed by habeas corpus to the circuit court.)

(7) Whether the child is released before or after a hearing, or is detained as a result of such hearing, the child and his parents, relative, guardian, or custodian shall be given written notice of the time and place of the adjudicative hearing concerning the child and an account of the specific charges against the child, including the specific statute alleged to have been violated. Such notice shall be given at least seventy-two (72) hours prior to the initial hearing on the case.

SECTION 84. A NEW SECTION OF KRS CHAPTER 208E IS CREATED TO READ AS FOLLOWS:

(1) Physical evidence shall be obtained and utilized in the investigation of public offenses involving children in the same manner as it is obtained and utilized in the investigation of public offenses involving adults.

(2) All records and physical evidence so obtained shall be surrendered to the court upon elimination of a child as a suspect in the case.

(3) The court shall upon receipt of physical evidence, return any evidence, which is not contraband or is not needed for further prosecution, to its lawful owner.

SECTION 85. A NEW SECTION OF KRS CHAPTER 208E IS CREATED TO READ AS FOLLOWS:

(1) In each district court there shall exist court-designated worker(s) who shall receive complaints arising under Section 4(1)(a) of this Act. All complaints which constitute a capital offense or Class A or B felony or a youth under the provisions of KRS Chapter 208F of this Act shall be set for arraignment. All other public offenses shall be proceeded within accordance with the following:

(a) The county attorney shall cause a review to be made of each complaint. The purpose of this review shall be to determine from the available evidence whether there is reasonable grounds to believe that the alleged facts would constitute a public offense and are sufficiently serious to warrant court action. The county attorney may elect not to proceed with the complaint.

(b) In the event the county attorney elects to proceed, the court-designated worker shall make a preliminary determination as to whether the complaint is complete, consulting with the county attorney or designee as may be necessary. In any case where the court-designated worker finds that the complaint is incomplete, the court-designated worker shall return the complaint without delay to the person or agency originating the complaint or having knowledge of the facts, or to the appropriate law enforcement agency having investigative jurisdiction of the offense, and request, and the agency shall promptly thereafter furnish, additional information in order to complete the complaint. If the court-designated worker determines that the complaint is complete, he shall conduct a preliminary intake inquiry concerning such complaint to determine whether in the interests of justice the complaint can be resolved informally without the filing of a petition. The court-designated worker may recommend that a petition be filed. Prior to conducting a preliminary intake inquiry, the court-designated worker shall notify the child and the child's parents or guardian in writing:

1. Of their opportunity to be present at the preliminary intake inquiry;

2. Their right to have counsel present during the preliminary intake inquiry as well as the formal conference thereafter;

3. That their participation in the preliminary intake inquiry or any resulting plan of diversion is voluntary;

4. That all information gained by virtue of participation in the preliminary intake inquiry is privileged and that said privilege can be waived only with the consent of the child, and

5. That the child has the right to deny the charge and demand a formal court hearing.

(c) Upon the completion of the preliminary intake inquiry, the court-designated worker shall conduct a formal conference at which conference he shall present to the child and the child's parents or guardian information obtained at the preliminary intake inquiry and shall set forth in writing alternative

referral programs available to the child and the criteria used to determine whether to proceed with a diversionary agreement or whether to refer the matter for the filing of a public offense petition. If the court-designated worker determines that, in his judgment, the interests of the child and the public will be thereby best served, he may recommend that a public offense petition not be filed. If such a recommendation is made, the court-designated worker shall advise in writing the complainant, the victim if any, and the law enforcement agency having investigative jurisdiction of the offense of the recommendation and the reasons therefor and that person or agency may submit within ten (10) days from receipt of such notice a complaint to the county attorney or designee for special review.

(d) The county attorney or designee upon receipt of a request for special review shall consider the facts presented by the complainant or agency and by the court-designated worker who made the recommendation that no petition be filed, before such county attorney or designee makes a final decision as to whether a petition shall or shall not be filed. In all cases in which the child is alleged to have committed a delinquent act and is not detained, the court-designated worker shall submit his written recommendation to the county attorney or designee within twenty (20) days from the date the child was taken into custody or the complaint was filed. In cases where the child is in detention, the court-designated worker's report shall be submitted within seventy-two (72) hours of the detention.

(e) In cases where the court-designated worker has recommended that no petition be filed and the complainant or victim if any or law enforcement agency having investigative jurisdiction of the offense have not called for a special review, said worker and the child may enter into a diversionary or mediation program or other program voluntarily accepted by the child and his parents or legal custodians which agreement may include the following: An informal plan of services provided by the court or its staff; referral of the child to a public or private organization, agency or person to assist the child and the child's family to resolve the problems presented in the complaint; referral to a community service program in accordance with the provisions of Section 90(1) of this Act; restitution, limited to the amount of actual property or pecuniary loss incurred by the victim provided that the youth has the means or could acquire the means to make restitution; other such programs or efforts which might reasonably benefit the community and the child. In assessing periods of community service to be performed and restitution to be paid by the youth who has entered into a diversion agreement, the court-designated worker shall to the extent possible involve members of the community. Such members of the community shall meet with the youth and advise the court-designated worker as to the terms of the diversion agreement and shall supervise the youth in carrying out its terms. The diversionary agreement shall not cover a period in excess of six (6) months.

(f) If the terms of the agreement are successfully completed, the court-designated worker shall retire the complaint, the charges shall be considered dismissed and further prosecution is prohibited. In the event the child fails to comply with the terms of the agreement, the court-designated worker shall provide ten (10) days' written notice to the child and the child's parents or legal custodians and counsel of his intent to file a public offense petition based upon the original complaint, whereupon the court-designated worker shall meet and confer with the child and the child's parents or legal custodians and counsel to consider from the child's viewpoint why a petition should not be filed.

(g) In the event that a complaint is not retired as a result of an agreement or in the event that the child fails to comply with the terms of an agreement and a petition is filed, the court shall proceed to hear the petition in accordance with the provisions of subsection (2) of this section as if the agreement had never been formulated. In the event that petition is filed based upon the court-designated worker's determination that the child has failed to comply with the terms of an agreement, the child may upon arraignment of said petition move for dismissal of the petition on the basis that the agreement was substantially complied with.

(2) In the event a petition is filed, said petition shall be verified by information and belief and contain the information listed in Section 10 of this Act.

SECTION 86. A NEW SECTION OF KRS CHAPTER 208E IS CREATED TO READ AS FOLLOWS:

If, prior to an adjudicatory hearing:

(1) There is a reasonable cause to believe that a child before the court has committed a felony other than those described in (2) and (3) in this section, a misdemeanor, or violation, the court shall proceed in accordance with KRS Chapter 208E of this Act.

(2) A child over 14 before the court has been charged with a capital offense, Class A felony or Class B felony, the court shall proceed in accordance with KRS Chapter 208F of this Act.

(3) A child over 16 before the court has been charged with a Class C or Class D felony and has on two prior separate occasions been adjudicated delinquent of a felony offense, the court shall proceed in accordance with KRS Chapter 208F of this Act.

(4) A person previously convicted as a youthful offender and charged with the commission of a felony, shall be proceeded against in accordance with KRS Chapter 208F of this Act.

(5) A child who is charged as is provided in subsection (2) of this section and is also charged with a Class C or D felony arising from the same course of conduct, shall have all charges included in the same proceedings and the court shall proceed in accordance with KRS Chapter 208F of this Act.

SECTION 87. A NEW SECTION OF KRS CHAPTER 208E IS CREATED TO READ AS FOLLOWS:

When a child before the court, whether by the petition provided for in Section 10 of this Act, or by reason of having been taken into custody pursuant to Section 80 of this Act is found by the court to come within the purview of Section 4(1)(a) of this Act, the court shall so decree and in its decree shall make a finding of the facts upon which the court exercises its jurisdiction over the child. If the court finds that the child does not come within the purview of Section 4(1)(a) of this Act, the child shall be discharged and the proceedings dismissed.

SECTION 88. A NEW SECTION OF KRS CHAPTER 208E IS CREATED TO READ AS FOLLOWS:

No adjudication by a juvenile court of the status of any child shall be deemed a conviction, nor shall such adjudication operate to impose any of the civil disabilities ordinarily resulting from a criminal conviction, nor shall any child be found guilty or be deemed a criminal by reason of such adjudication.

SECTION 89. A NEW SECTION OF KRS CHAPTER 208E IS CREATED TO READ AS FOLLOWS:

(1) After adjudication, a determination by the court that detention pending disposition is necessary shall be based on a finding of the court by a preponderance of the evidence that the circumstances surrounding the child are such as to endanger his safety or welfare or that of the community.

(2) After the adjudication, the court may order public offenders for evaluation pursuant to Section 138 of this Act.

SECTION 90. A NEW SECTION OF KRS CHAPTER 208E IS CREATED TO READ AS FOLLOWS:

If in its decree the juvenile court finds that the child comes within the purview of KRS Chapter 208E of this Act, the court may:

(1) Order the child to make restitution or reparation to any injured person to such extent, in such sum and upon such conditions as the court determines.

(2) Place the child on probation or under supervision in his own home or in a suitable family home or boarding home, upon such conditions as the court shall determine. Probation or supervision shall not be ordered or administered as a punishment, but as a measure for the protection, guidance and well-being of the child and his family. A child so placed on probation or supervision shall be subject to the visitation and supervision of a probation officer or a child welfare worker. Probation and supervision methods shall be directed to the discovery and correction of the basic causes of maladjustment and to the development of the child's personality and character, with the aid of the social resources of the community. A child so placed on probation or supervision shall remain subject to the jurisdiction of the court until he becomes eighteen (18) years of age, unless he is discharged prior thereto by the court, except that if a person is placed on probation or supervision after he reaches the age of seventeen (17) years and six (6) months, such probation or supervision shall be for a period not to exceed one (1) year.

(3) Commit the child to the custody or guardianship of the department or of a private institution or public agency authorized to care for such children, or place the child under the custody and the supervision of a suitable person. All orders of commitment may include such advisory recommendations as the court may deem proper in the best interests of the child and of the public. Such commitment or placement shall be until the age of eighteen (18) subject to the power of the court to terminate the order and discharge the child prior thereto, except that if such commitment or placement is after a person has reached the age of seventeen (17) years and six (6) months such commitment or placement shall be for an indeterminate period not to exceed one (1) year. The governing authorities of said department, agency or institution may likewise discharge the child unless the court directs otherwise. Prior to said discharge two (2) weeks' written notice must be given to the committing court, to the legal representative of the child and to the county attorney of the county in which committing court presides. During the period of commitment or placement, the court may review a dispositional order and may modify or terminate such order as the court deems essential to the best interests of the child. In committing a child to a private institution or agency the court shall select one that is approved by the department and children committed to such an institution or agency shall be subject to the visitation and supervision of a probation officer or child welfare worker.

SECTION 91. A NEW SECTION OF KRS CHAPTER 208E IS CREATED TO READ AS FOLLOWS:

The court may also order:

(1) In the event a child who has not reached his eighteenth birthday commits a new offense while under the jurisdiction of the court or during the period of commitment the court shall have exclusive, original jurisdiction of new offense. If a child fourteen (14) or older has been adjudicated delinquent the court

in its discretion may order participation in a community services work program. The work program shall be of a constructive nature designed to promote the rehabilitation of the child. The program shall be appropriate to the age level and physical ability of the child and shall be combined with counseling from a probation officer or other responsible person. The work program shall not be scheduled during such times that would interfere with educational, occupational, or religious obligations of the child. Assignment to a community services work program shall be made to a governmental or nonprofit community organization for a specified period of time, not to exceed one hundred and twenty (120) hours. A child may be directed to participate in a community services work program as provided in this subsection for the purposes of restitution authorized by Section 90(1) of this Act.

(2) If a child sixteen (16) years or older is adjudicated delinquent in the commission of any offense the court may in its discretion impose a fine. The imposition of a fine for an offense committed by a child shall be based upon a determination that such disposition is in the best interest of the child and to aid in his rehabilitation. Any such order shall include a finding that the child is financially able to pay such fine.

(a) Fines shall be levied consistent with the schedule set forth below:
For a felony, not to exceed $500;
For a misdemeanor, not to exceed $250;
For a violation, not to exceed $100.

(3) When a child is directed by the court to pay a fine, the court may provide for payment to be made within a specified period of time or in specified installments. If such provision is not made a part of the court's disposition, the fine shall be payable immediately. Nothing contained herein shall be construed as limiting the court's exercising its inherent contempt powers.

(4) Any detention imposed for failure to comply with the court order shall not be scheduled for a time that would interfere with the educational or religious obligations of the child, and shall be in a secure detention facility. Any portion of a day spent in detention pursuant to the court's exercising of its contempt powers shall be deemed as one (1) day for purposes of serving a detention term.

SECTION 92. A NEW SECTION OF KRS CHAPTER 208E IS CREATED TO READ AS FOLLOWS:

In addition to the dispositions described in Sections 90 and 91 of this Act, the court may:

(1) If a child is fourteen (14) years of age or older, and is adjudicated delinquent in the commission of a capital offense, Class A felony, Class B felony, the court in its discretion may commit the child to the department for purposes of institutionalization for an indeterminate period of time not exceeding twelve (12) months.

(2) If a child is sixteen (16) years of age or older, and is adjudicated delinquent in the commission of a felony offense and has previously been adjudicated delinquent of a felony offense in two (2) or more separate adjudications, the court in its discretion may commit the child to the department for purposes of institutionalization for an indeterminate period of time not exceeding twelve (12) months.

(3) The department shall maintain jurisdiction over the child during the period of the commitment. The committing court may, upon motion of the department, order the child released from the residential institution operated by the department.

(4) The department shall notify the committing court prior to the termination of institutionalization as to the future intentions of the department as they relate to continued treatment of the child.

(5) The committing court may, with the consent of the department and upon motion of the child, grant shock probation to any child committed under this section after the child has been committed for a minimum of thirty (30) days.

(6) After a child has been disposed of as provided in this section he may not then be transferred to the circuit court as provided for in Section 96 of this Act.

SECTION 93. A NEW SECTION OF KRS CHAPTER 208E IS CREATED TO READ AS FOLLOWS:

(1) Any child committed to the department who is placed on supervised placement from a residential treatment facility by the department and who violates the terms or conditions of supervised placement may be apprehended and returned to active custody of the department by any probation officer of the department or by any peace officer on direction of the department.

(2) Such child may be taken into custody and detained in one of the department's residential treatment facilities prior to the administrative hearing, provided a preliminary hearing is held by a person designated by the commissioner of the bureau for social services within forty-eight (48) hours of such detention to determine if there is probable cause to believe that the child violated his supervised placement conditions and, if so, to determine if the best interest of the child requires that the child be held in custody pending an administrative hearing pursuant to subsection (3).

(3) Whether or not the child is returned to the department's active custody pending a hearing, before readmitting the child to a residential treatment program pursuant to this section, except as provided in subsection (2), an administrative hearing shall be held within seven (7) days of the request to readmit the child

to a residential treatment program unless the child and his representative request or agree to a longer period of time. The hearing shall be held by a three-member board designated by the department to hear such matters at which time the child and parents shall be given an opportunity to be heard and be represented by counsel.

(4) If it appears to the department that a child committed to it by reason of the commission of a public offense constituting a felony, is incapable of benefiting from treatment by the facilities of the department, the child shall be returned by the department to the circuit court of the county in which the offense was committed, for appropriate proceedings. If the child originally was committed to the department by such circuit court, following a conviction of the felony upon a trial in the circuit court, the court shall commit the child to the state penitentiary for the duration of the sentence fixed by the verdict, allowing credit for such period of time as the child was in custody of the department. Otherwise, the circuit court shall proceed the same as if the child was an adult under arrest on a felony charge, and in the event the child is convicted and sentenced on the felony charge, credit shall be allowed on the sentence for the period of time the child was in the custody of the department.

SECTION 94. A NEW SECTION OF KRS CHAPTER 208E IS CREATED TO READ AS FOLLOWS:

The department shall promulgate such regulations as are necessary to implement this chapter.

SECTION 95. A NEW SECTION OF KRS CHAPTER 208E IS CREATED TO READ AS FOLLOWS:

Any person who violates Section 82 of this Act, shall be fined not less than one hundred ($100) nor more than five hundred dollars ($500) or imprisoned in the county jail for not more than thirty (30) days, or both.

SECTION 96. A NEW SECTION OF KRS CHAPTER 208F IS CREATED TO READ AS FOLLOWS:

(1) For children falling in the purview of Section 86(2), (3), (4) and (5) of this Act, the court shall hold a preliminary hearing during which the Commonwealth shall prove by probable cause the existence of at least one of the following factors:

(a) In the commission of the offense or in the flight therefrom, the child did inflict serious physical injury or did cause physical injury through the use of a deadly weapon or dangerous instrument. The terms "serious physical injury," "physical injury," "deadly weapon" and "dangerous instrument" as used in this subsection are defined in KRS 500.080;

(b) The child has been adjudicated delinquent of a felony within one (1) year prior to the commission of the charged offense; or

(c) The child has failed to comply with the conditions of dispositional order imposed following an adjudication of delinquency for a felony offense during the year immediately preceding the bringing of this action.

(2) If the Commonwealth sustains its burden of proving the existence of at least one (1) of the foregoing factors, the child shall be transferred to the circuit court to be tried as a youthful offender, except that the child may present to the court reasons why he should not be transferred to the circuit court.

(3) If the Commonwealth fails to prove the existence of at least one (1) of the factors listed in subsection (1) of this section or if the court is convinced that the child should be dealt with in the juvenile court as any other person charged with a public offense under the provisions of this chapter taking into account the child's amenability to treatment with the juvenile justice system, the child shall not be transferred to the circuit court but shall be treated as any other child before the juvenile court charged with the commission of a public offense.

SECTION 97. KRS CHAPTER 208F IS ESTABLISHED AND A NEW SECTION THEREOF IS CREATED TO READ AS FOLLOWS:

The purpose of the investigation shall be to determine the suitability of the applicants to receive a child, taking into account at all times the best interest of the child for whom application to receive has been made. The child welfare worker making the investigation shall make a finding in writing recommending either that the application be granted or that the application be denied. In either case reasons for the child welfare worker's recommendation shall be given in writing. The recommendation of the child welfare worker shall then be reviewed by the secretary. If the application is refused the secretary shall in general terms furnish in writing the reasons for his refusal.

(3) No person, association or organization, other than the department or a licensed child-placing institution or agency shall place a child or act as intermediary in the placement of a child for adoption or otherwise, except in the home of a stepparent, grandparent, sister, brother, aunt or uncle, or upon written approval of the secretary. Nothing in this subsection shall be construed to limit the department for human resources in carrying out its aid to dependent children program in accordance with KRS Chapter 205.

(4) In the event a child who does not fall within the exception provided for in KRS 199.470(4) or (5) is placed or received in a home without the permission of the secretary for human resources, or in the event permission to receive a child has been denied, a representative of the department may petition the juvenile court of the county in which the child is found setting out the facts concerning the child. When such petition has been filed, the juvenile court shall take jurisdiction of the child and shall provide for it as it would provide for a dependent, neglected or abused child under *Section 4(1)(d) of this Act* [KRS 208.020] except that the child may not be placed in the home of the applicants to receive him unless permission to do so is granted by the secretary or such action is ordered by a circuit court, the Kentucky Court of Appeals or Supreme Court of Kentucky.

Section 153. This Act shall become effective on July 1, 1982.

SB 326, AN ACT relating to sexual offenders.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

SECTION 1. A NEW SECTION OF KRS 532 IS CREATED TO READ AS FOLLOWS:

The bureau of corrections shall operate a rehabilitation program for sexual offenders, hereinafter referred to as the "program."

SECTION 2. A NEW SECTION OF KRS 532 IS CREATED TO READ AS FOLLOWS:

(1) A "sexual offender" as used in this chapter is an individual who has been adjudicated guilty of any felony described in KRS Chapter 510, any other felony committed in conjunction with a misdemeanor described in KRS Chapter 510, or any felony the commission of which is primarily related to committing or attempting to commit one of the offenses described in KRS Chapter 510.

(2) A sexual offender becomes an "eligible sexual offender" when the sentencing court determines that the offender:

(a) Has not used deadly physical force as defined in KRS 503.010 in the commission of the felony for which he has been convicted; and

(b) Has demonstrated evidence of a mental, emotional, or behavioral disorder, but not active psychosis or mental retardation; and

(c) Is likely to commit additional offenses as described in KRS Chapter 510 if allowed to remain at liberty; and

(d) Evidences a desire to participate in the program described in this Act by waiving his right to sentencing without unreasonable delay.

(3) "Bureau" is the bureau of corrections.

SECTION 3. A NEW SECTION OF KRS 532 IS CREATED TO READ AS FOLLOWS:

(1) The sentencing court may defer sentencing and commit an eligible sexual offender, hereinafter referred to as the offender, to the bureau of corrections' sexual offender program for a period of time up to ninety (90) days in order to determine if an individual can benefit from the program.

(2) At any time prior to or at the expiration of this ninety (90) day period, the staff of the program shall prepare a report to the sentencing court in which the staff advises the sentencing court whether the eligible sexual offender is responding to programs and their recommendations as to the eligible sexual offenders continued participation in the program.

(3) If the staff recommends that the offender be denied participation in the program and be sentenced to the bureau, the offender may request a hearing to contest the staff recommendations. The report to the sentencing court shall be admissible in evidence at this hearing and the offender shall be entitled to know the contents of the report. Upon the motion of the offender, the court may appoint an expert to examine the offender and submit a report to the court.

(4) If the offender is accepted into the program, he may continue in the program as long as he agrees to participate and the staff believes that the offender is responding and continue to meet the criteria set forth in Section 2(2).

(5) When the staff determines that the offender is no longer benefiting from the program, a report shall be made so advising the sentencing court.

SECTION 4. A NEW SECTION OF KRS CHAPTER 532 IS CREATED TO READ AS FOLLOWS:

(1) The bureau of corrections shall have the sole authority and responsibility for establishing the design of the rehabilitation program created in this Act.

(2) The bureau of corrections shall have the authority to transfer sexual offenders sentenced to their custody to the program and shall adopt rules and regulations concerning the transfer of sexual offenders.

(3) All sexual offenders participating in the program shall be housed separately from all incarcerated inmates.

SECTION 5. A NEW SECTION OF KRS CHAPTER 532 IS CREATED TO READ AS FOLLOWS:

(1) The bureau shall cause the offender to be examined a minimum of once annually to determine the progress of treatment, and it shall file a written report of these examinations in the sentencing court not less than once a year.

(2) The bureau shall not permit an offender to participate in any unsupervised community based component of the program without the prior approval of the sentencing court.

(3) At any time after commitment, the bureau may file a written report in the sentencing court stating facts which show that the offender has improved to a degree that he no longer meets the criteria established in Section 2(2) or that he is no longer benefiting from participation in the program. The written report shall include information about the treatment received by such offender, a diagnosis of the offender's current condition, and recommendations made by the staff. Upon receipt of the written report, the court shall set a hearing date within sixty (60) days and shall order the offender returned to the jurisdiction of the court.

(4) The hearing shall follow the procedures as set forth in Section 3(3) of this Act. If the court determines that the offender continues to meet the criteria established in Section 2(2) of this Act, it shall order his return to the bureau to be held under the previous commitment. However, if the bureau returns an offender to the court because the bureau has determined that he is no longer benefiting from participation in the program, or if the court determines that the offender has improved to the extent that he no longer meets the criteria of an offender established in Section 2(2) of this Act, the court shall order him discharged from the custody of the bureau.

SECTION 6. A NEW SECTION OF KRS CHAPTER 532 IS CREATED TO READ AS FOLLOWS:

(1) Upon the offender's discharge from the program, criminal proceedings shall recommence. If the court finds that the offender has been successfully rehabilitated by the treatment program, the court may sentence the offender, or may suspend the sentence and may place the offender on probation. If the court finds that the offender continues to present a present danger to others, the court may commit the offender to the custody of the bureau as provided by law.

(2) A judge who suspends the sentence or execution of judgment and places an offender on probation:

(a) May at any time, for cause, revoke the order placing such offender on probation and impose such sentence of commitment as might have been imposed at the trial of conviction.

(b) Shall require that the offender be provided regular treatment in a rehabilitation program approved or operated by the bureau. The agency or person treating the offender shall make written reports at least every six (6) months to the court and to the probation officer supervising the offender. If the agency or person providing treatment exhausts treatment for the offender, or if it is determined that the offender will make no progress in the treatment program, the court shall terminate mandatory probation visits by the offender to that treatment program. The court may require the offender to be provided further treatment in another suitable program approved by the bureau. The costs, fees, and charges for treatment of the offender, while on probation, shall be the responsibility of the offender except that if the offender is indigent, these costs shall be borne by the county. The costs of treatment and care of an indigent offender placed on probation and charged against the county may be recovered by the county from the estate or property, if any, of the offender.

(c) The bureau may establish a program to train persons to provide post-discharge treatment for offenders.

SECTION 7. A NEW SECTION OF KRS CHAPTER 532 IS CREATED TO READ AS FOLLOWS:

The time spent in custody of the bureau pursuant to the provisions of this Act, either for evaluation or treatment, shall be considered for all purposes as time served in prison, if the offender is subsequently sentenced to the bureau.

SECTION 8. A NEW SECTION OF KRS CHAPTER 532 IS CREATED TO READ AS FOLLOWS:

The bureau is granted the power to enter into agreements with public or private agencies in order to implement and operate the program created by this Act.

SECTION 9. A NEW SECTION OF KRS CHAPTER 532 IS CREATED TO READ AS FOLLOWS:

Any employe of the bureau who is assigned to work in this program or a program operated by the bureau exclusively for sexual offenders in the institutions operated by the bureau shall be immune from disclosing in any civil or criminal proceeding, without the consent of the offender, any communication, including records, from the offender or between a member of the offender's family and the employe, except that the employe shall disclose any communication relevant to any hearing on the offender's continued participation in the program. The offender shall be informed in writing of the limits of the immunity from disclosure created above.

Section 10. KRS 439.340 is amended to read as follows:

(1) The board may release on parole such persons confined in any adult state penal or correctional institution of Kentucky as are eligible for parole. All paroles shall issue upon order of the board duly adopted. As soon as practicable after his admission and at such intervals thereafter as it may determine, the bureau of corrections shall obtain all pertinent information regarding each prisoner, except those not eligible for parole. Such information shall include his criminal record, his conduct, employment and attitude in prison, and the reports of such physical and mental examinations as have been made. The bureau of corrections shall furnish the circumstances of his offense and his previous social history to the institution and the board. The bureau of corrections shall prepare a report on such information as it obtains. It shall be the duty of the bureau of corrections to supplement this report with such material as the board may request and submit such report to the board.

(2) Before granting the parole of any prisoner, the board shall consider the pertinent information regarding the prisoner and shall have him appear before it, or one or more members for interview and hearing, except that the board in its discretion may request the parole board of another state confining prisoners pursuant to KRS 196.610 to interview eligible prisoners and make a parole recommendation to the board. A parole shall be ordered only for the best interest of society and not as an award of clemency, and it shall not be considered a reduction of sentence or pardon. A prisoner shall be placed on parole only when arrangements have been made for his proper employment or for his maintenance and care, and when the board believes he is able and willing to fulfill the obligations of a law abiding citizen.

(3) The board shall adopt rules or regulations with respect to the eligibility of prisoners for parole, the conduct of parole and parole revocation hearings, or conditions to be imposed upon parolees. Regulations governing the eligibility of prisoners for parole shall be in accordance with professionally accepted ideas of correction and reform and may utilize in part objective, performance-based criteria; however, nothing herein contained shall preclude the board from utilizing its present regulations in conjunction with such other factors involved that would relate to the inmate's needs and the safety of the public.

(4) *Any prisoner who is confined in the sexual offender program of the bureau of corrections and who is granted parole shall be required to participate in regular treatment in a mental health program approved or operated by the bureau after his release.*

(5) Whenever the parole officer or the staff of the mental health program determines that the offender is no longer benefiting from the mental health program, a report shall be made so advising the parole board who shall make such decisions as they deem proper.

(6) Whenever an order for parole is issued it shall recite the conditions thereof.

SB 362, AN ACT relating to service credit and vesting in state retirement systems.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

Section 1. KRS 21.375 is amended to read as follows:

[If at the time] A person *who does not have eight (8) years of service in the judicial retirement system but who is a member of that system, or is a former member who has service credit therein in accordance with subsection (2) or (3) of KRS 21.460, shall become vested in the judicial retirement system for benefits attributable to the amount of his actual service credit therein if such service credit, when combined with service credit which he has in, or for which he is receiving benefits from, the Kentucky employes retirement system, county employes retirement system, state police retirement system, or teachers retirement system, is equal to eight (8) years of service* [becomes a member of the judicial retirement system he has service credit in the Kentucky employes retirement system, county employes retirement system, state police retirement system, or teachers retirement system, the period of service for which he earned that credit shall be counted toward the eight (8) years of service required for vesting in the judicial retirement system, but shall not be counted as service for the purpose of computation of benefits].

Section 2. KRS 21.460 is amended to read as follows:

(1) If any member of the system ceases, other than by death or by disability retirement under KRS 21.410, to hold an office qualifying him for membership in the system established by KRS 21.350 to 21.480, without having *met the requirements for vesting* [completed eight (8) years of service], he shall be refunded on demand the amount of his accumulated contributions *and any service credit he had in the system shall be nullified* [including, in the case of a circuit judge, contributions made by him under the former KRS 23.350 before he became a member of the system established by KRS 21.350 to 21.510].

(2) The member may elect to leave his contributions in the system, in which event the service credit he had in the system shall be considered to be service credit for vesting purposes as provided in KRS 21.375 and KRS 61.680(6), and, in the event he again becomes a member of the judicial retirement system, shall be counted toward his total service credit in that system.

(3) If a person who has been refunded his contributions in accordance with subsection (1) of this section subsequently becomes a member of the Kentucky employes retirement system, county employes retirement system, state police retirement system, or teachers retirement system, he may while holding such membership repurchase the service credit he previously had in the judicial retirement system by repaying to that system the amount that was refunded to him with interest at six percent (6%) per annum, in which event such service credit shall have operative effect to the same limited extent as provided in subsection (2) of this section.

(4) If *a person who has been refunded his contributions in accordance with subsection (1) of this section* thereafter [he] becomes again the holder of an office qualifying him for membership in the *judicial retirement* system, he shall not be entitled to credit for his prior period of service unless *he has previously repaid his refunded contributions in accordance with subsection (3) of this section or unless* at the time of his election to again participate in the system he repays to the system the amount that was refunded to him *with interest at six percent (6%) per annum.*

Section 3. KRS 61.680 is amended to read as follows:

(1) Every employe shall be deemed to consent and agree to any deduction from his compensation required by KRS 16.505 to 16.652 and 61.510 to 61.692 and 78.510 to 78.852 and to all other provisions thereof.

(2) (a) Notwithstanding any other provisions of KRS 16.505 to 16.652 and 61.510 to 61.692 and 78.510 to 78.852 and 161.220 to 161.715, upon death, disability, or service retirement a member's accounts under the state police retirement system, Kentucky employes retirement system, county employes retirement system and teachers' retirement system shall be consolidated for the purpose of determining eligibility and amount of benefits. The computation of benefits shall be based on the applicable formula in each system and service credit in each system, but the final compensation shall be determined as if all service were in one system. If the member has prior service in more than one system, he must obtain at least twelve (12) months' current service in each system in which he has prior service in order to validate such prior service in each system for purposes of determining consolidated benefits under this section. Upon the determination of benefits each system shall pay the applicable percentage of total benefits.

(b) The provisions of subsection (2)(a) of this section shall be waived if the member notifies the board of his desire to maintain separate retirement accounts in the state police retirement system, Kentucky employes retirement system or county employes retirement system, or if he is a member of the state police retirement system or is working in a hazardous position under the Kentucky employes retirement system or county employes retirement system and as a result of an act in line of duty becomes disabled or deceased.

(c) If the member has not contributed at least one year in a system in which he has prior service his current service in such system shall be valid for purposes of determining eligibility and in computation of benefits on a consolidated basis.

(3) A member with service credit in the Kentucky employes retirement system, state police retirement system or the county employes retirement system who enters the service of a department, board, agency or instrumentality of the Commonwealth whereby such person would be eligible for membership in the judicial retirement system may elect to retain membership in the system in which he is a member, either the Kentucky employes retirement system, state police retirement system or the county employes retirement system. When such an election is made, the agency employing the member shall withhold employe contributions, make employer contributions and remit these contributions to the system in which the member retained his membership.

(4) (a) Prior to July 1, 1976 a person entering the service of an employer participating in the Kentucky employes retirement system or the county employes retirement system with service credit in the teachers' retirement system and who desires to retain membership in the teachers' retirement system, and who is permitted by that system to continue is hereby exempt from participating in the Kentucky employes retirement system or the county employes retirement system.

(b) Any person who has elected to retain membership in the teachers' retirement system as provided in subsection (a) of this section may cancel his election and participate in the system under which his position would normally participate, provided he elects to cancel his option prior to January 1, 1977.

(c) Any member of the general assembly who upon election is a contributing member of the teachers' retirement system may elect to retain membership in the teachers' retirement system during his term of office rather than participate in the Kentucky employes retirement system. Such election to retain membership in the teachers' retirement system must be filed in writing within 90 days after his term of office begins or he will participate in the Kentucky employes retirement system during his term of office. No contributions may be made to the teachers' retirement system for the same period of service under the Kentucky employes retirement system as a member of the general assembly.

(5) Effective July 1, 1974 any member of the Kentucky employes retirement system or county employes retirement system who is working in a position covered by one of these retirement systems and his employe contributions, service credit and employer contributions made on his behalf are being transferred to the other retirement system shall contribute to the system in which his employer participates and no further contributions or service credit shall be transferred to the system in which he elected to retain membership as subsection (2) of this section eliminates the necessity of such transfers.

(6) Notwithstanding the provisions of subsection (3) of this section [and KRS 21.375], a person *who does not have the amount of service required for vesting* [entering membership of the judicial retirement system with service credit] in the state police retirement system, Kentucky employes retirement system, county employes retirement system or teachers' retirement system, *but who is a member of one of such systems or is a former member of one or more of such systems with valid service credit therein,* will become vested for early and normal retirement benefits in each *of such systems* [system] in which he has service credit when his combined service credit in all *such* systems, *plus any service credit he has in the judicial retirement system,* is equal to that required for vesting in each respective system. *The retirement benefits from each system shall be those attributable to the amount of actual service and "final compensation" or "final average salary" in each system.*

The Committee on Judiciary reported **SB 77** with the expression of opinion that the same should pass. Read at length for the first time and ordered placed in the Consent Calendar.

SB 77, AN ACT relating to the release of misdemeanants from jail.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:.

Section 1. KRS 439.179 is amended to read as follows:

(a) Seeking employment; or

(b) Working at his employment; or

(c) Conducting his own business or other self-employment occupation including, in the case of a woman, housekeeping and attending the needs of her family; or

(d) Attendance at an educational institution; or

(e) Medical treatment*; or*

(f) For any other reason which the court deems appropriate.

(2) Unless such privilege is expressly granted by the court, the prisoner is sentenced to ordinary confinement. The prisoner may petition the sentencing court for such privilege at the time of sentence or thereafter, and, in the discretion of the sentencing court, may renew his petition. The sentencing court may withdraw the privilege at any time by order entered with or without notice.

(3) The jailer shall notify the department for human resources which shall endeavor to secure employment for unemployed prisoners under this section. If a prisoner is employed for wages or salary, they shall, by wage assignment, be turned over to the district court which shall deposit the same in a trust checking account and shall keep a ledger showing the status of the account of each prisoner. Such wages or salary are not subject to garnishment of either the employer or the district court during the prisoner's term, and shall be disbursed only as provided in this section; but for tax purposes they are the income of the prisoner.

(4) Every prisoner gainfully employed is liable for the cost of his board in the jail, at the amount established by law. If he defaults his privilege under this section is automatically forfeited. In those cases where the prisoner is confined for a breach of the bylaws or ordinances of a city, or for violation of a statute where the city gets the benefit of the fine, the board will be paid by the district court to the city treasury.

In those cases where the prisoner is confined for contempt, board shall be paid by the district court to the state treasury. In all other cases the fiscal court shall receive the wages earned and disburse the funds as provided in subsection (5). The fiscal court may, by ordinance, provide that the county furnish or pay for the transportation of prisoners employed under this section to and from the place of employment.

(5) Unless otherwise ordered by the sentencing court, the wages or salaries of employed prisoners shall be disbursed by the district court on a monthly basis for the following purposes and in the order stated:

(a) The board of the prisoner;

(b) Support of the prisoner's dependents, if any;

(c) Payment, either in full or ratably, of the prisoner's obligations acknowledged by him in writing or which have been reduced to judgment;

(d) The balance, if any, to the prisoner upon his discharge.

(6) If the prisoner was convicted in a justice or a police court, the district judge shall have authority and jurisdiction to make all determinations and orders under this section as might otherwise be made by the sentencing court after the prisoner is received at the jail.

(7) The district court may direct that its functions under subsections (3) or (5) or both be performed by any bonded public official. Such order shall remain in force until rescinded by the district court.

(8) The bureau of corrections shall, at the request of the district judge, investigate and report on the amount necessary for the support of the prisoner's dependents.

(9) The jailer may refuse to permit the prisoner to exercise his privilege to leave the jail as provided in subsection (1) for any breach of discipline or other violation of jail regulations for a period not to exceed 5 days.

(10) Nothing in this statute shall be construed to affect KRS 64.150 which provides for the payment of fees to the jailer. In this section "jail" refers to all misdemeanant institutions, and "jailer" to the superintendent thereof, but, in counties of the first class, "jailer" designates the sheriff who serves as superintendent of the jail.

(11) In counties containing an urban-county form of government, the duties, responsibilities and obligations vested herein in the bureau of corrections shall be performed by the adult misdemeanant probation and work release agency of the urban-county government.

The Committee on Transportation reported **SB 68, SB 136, SB 148** with Committee Amendment attached thereto, **SB 200, SB 246, SB 298,** and **SB 332** with the expression of opinion that the same should pass. Read at length for the first time and ordered placed in the Consent Calendar.

Floor Title Amendment No. 2 to **SB 102,** by Representative Clarke:

Amend printed copy of **SB 102,** on page 1, line title, by amending the title to read as follows: "AN ACT relating to compensation of active and retired public officials."

Floor Amendment No. 7 to **SB 102,** by Representative Clarke:

Amend printed copy of **SB 102,** on pge 5, after line 1 by adding the following:

"Section 4. KRS 64.480 is amended to read as follows:

(1) Effective, with respect to the offices of governor on December 11, 1979, and lieutenant governor on the fifth Tuesday following the regular November election in 1975 and with respect to the other offices named in this section, on the first Monday in January, 1976, the compensation of the following named officers, payable monthly out of the state treasury, shall be the sum per annum designated for the respective offices, as follows: governor, $45,000 until December 11, 1981, and then $50,000 thereafter; lieutenant governor, an amount sufficient, when added to any per diem received during sessions of the general assembly while serving in the capacity of president of the senate, to equal $27,900 per annum, plus any compensation received while acting in the place of the governor; attorney general, superintendent of public instruction, commissioner of agriculture, secretary of state, state treasurer, auditor of public accounts, and clerk of the Supreme Court of Kentucky elected in November, 1975, as clerk of the Court of Appeals, $27,900.

(2) In order to equate or adjust the compensation of the lieutenant governor, attorney general, superintendent of public instruction, commissioner of agriculture, secretary of state, state treasurer, auditor of public accounts, and clerk of the Supreme Court of Kentucky with the purchasing power of the 1949 dollar, the executive department for finance and administration of Kentucky shall compute by the second Friday in February of every year, beginning in 1977, the maximum permissible compensation of the officials mentioned in subsection (2) hereof based precisely upon the consumer price index formula approved in Matthews v. Allen, Kentucky, 360 S.W. 2d 139 (1962). Thus the maximum permissible compensation effective for the entire year of 1977 and subsequent years will be the actual compensation to be paid said officials; *however, beginning in 1984, such compensation shall not exceed a six percent (6%) increase over the compensation paid the prior year.* The year of adjustment will be the particular full calendar year involved.

(3) It is the intention of the legislature that the constitutionally permissible adjustment of salaries of these officials be framed around equating current salaries with the purchasing power of the dollar in 1949 when section 246 of the Kentucky Constitution was amended. Section 246 of the Constitution, as amended, established a monetary level of $12,000 per annum for said officials. The formula merely effects an adjustment of the constitutional monetary level in terms of the current consumer price index.

Section 5. KRS 65.527 is amended to read as follows:

In order to equate the compensation of county judges/executive, county clerks, sheriffs, justices of the peace, county commissioners, coroners and jailers with the purchasing power of the dollar, the executive department for finance and administration shall compute by the second Friday in February of every year the annual increase or decrease in the consumer price index of the preceding year by using 1949 as the base year in accordance with Section 246 of the Constitution of Kentucky which provides that the above elected officials shall be paid at a rate no greater than $7,200 per annum. The executive department for finance and administration shall notify the appropriate governing bodies charged by law to fix the compensation of the above elected officials of the annual rate of compensation to which the elected officials are entitled pursuant to the increase or decrease in the consumer price index. Upon notification from the executive department for finance and administration, the appropriate governing body may set the annual compensation of the above elected officials at a rate *not to exceed six percent (6%) over the compensation paid the prior year* [no greater than that stipulated by the executive department for finance and administration]."

and by renumbering each subsequent section accordingly.

Section 18. KRS 45.360 is amended to read as follows:

(1) The executive department for finance and administration shall, *in accordance with this section and the provisions of KRS Chapter 45A and 56,* purchase, or shall delegate and control the purchase of, the combined requirements of all spending agencies of the state including, but not limited to, interests in real property, contractual services, rentals of all types, supplies, materials, equipment, and services, except that competitive bids may not be required:

(a) For contractual services where no competition exists, such as telephone service, electrical energy, and other public utility services;

(b) When in the judgment of the executive department for finance and administration food, clothing, equipment, supplies, or other materials to be used in laboratory and experimental studies can be purchased otherwise to the best advantage of the state; and instructional materials available from only one (1) source;

(c) Where rates are fixed by law or ordinance;

(d) For library books;

(e) For commercial items that are purchased for resale;

(f) For professional, technical, scientific, or artistic services [(Contracts exempted by this provision shall be reviewed and approved in accordance with KRS 45.535)];

(g) For all other commodities, equipment and services which, in the reasonable discretion of the executive department for finance and administration, are available from only one (1) source; and

(h) Interests in real property.

(2) Nothing in this section shall deprive the executive department for finance and administration from negotiating with vendors who maintain a general service administration price agreement with the United States of America or any agency thereof, provided, however, that no contract executed under this provision shall authorize a price higher than is contained in the contract between general service administration and the vendor affected.

(3) The executive department for finance and administration shall have supervision over all purchases by the various spending agencies, except as otherwise provided by law, and shall prescribe rules and regulations *as provided by KRS Chapters 45A and 56* to govern purchasing by or for all such agencies, [subject to the approval of the secretary of the executive department for finance and administration,] and shall publish a manual of procedures to be distributed to agencies [and to be revised upon issuance of amendments to such procedures]. No purchase or contract shall be binding on the state or any agency thereof unless approved by the department or made under general regulations which the executive department for finance and administration may prescribe.

(4) The executive department for finance and administration shall adopt regulations to require agencies to take and maintain inventories of plant and equipment. The executive department for finance and administration *may* [shall] conduct periodic physical audits of inventories.

(5) [The executive department for finance and administration shall require all agencies to furnish an estimate of specific needs for supplies, materials, and equipment to be purchased by competitive bidding for the purpose of permitting scheduling of purchasing in large volume. It shall establish and enforce schedules for purchasing supplies, materials, and equipment. In addition, all agencies shall submit to the executive department for finance and administration prior to the beginning of each fiscal year an estimate of all needs for supplies, materials, and equipment during that year which will have to be acquired through competitive bidding.

(6)] The executive department for finance and administration shall have power[, with the approval of the secretary of the executive department for finance and administration,] to transfer between departments, to salvage, to exchange, and to condemn supplies, equipment, and real property.

(6) (a)[(7)] *Except where such authority is delegated in accordance with paragraph (b) of this subsection,* the executive department for finance and administration shall sell or otherwise dispose of all property (including any interest in real property) of the state which is not needed or has become unsuitable for public use, or would be more suitable consistent with the public interest for some other use, as determined by the secretary of the executive department for finance and administration. The determination of the secretary of

the executive department for finance and administration shall be set forth in an order, and shall be reached only after [review of] a [written] request by the agency desiring to dispose of the property. Such request shall describe the property and state the reasons why the agency believes disposal should be effected. All instruments required by law to be recorded which convey any interest in any such real property so disposed of shall be executed and signed by the secretary of the executive department for finance and administration and approved by the governor. Unless the secretary of the executive department for finance and administration deems it in the best interest of the state to proceed otherwise, all such property (including any interests in real property) shall be sold either by invitation of sealed bids or by public auction, provided however that the selling price of any interest in real property shall not be less than the appraised value thereof as determined by the department, or the department of transportation for such requirements of that department.

(b) In cases involving live animals and growing crops, where the secretary of finance finds that the marketability or value of such state property will be adversely affected by the delay imposed by the regular surplus property processing procedures, the secretary of finance may delegate the authority to dispose of the state property to the governmental unit or agency having custody or charge of the property.

(7)[(8)] Except as provided in KRS Chapters 175, 176, 177 and 180, [and subject to the provisions of KRS Chapter 45A,] the executive department for finance and administration shall purchase or otherwise acquire all real property determined to be needed for state use, upon the approval of the secretary of the executive department for finance and administration as to the determination of need and as to the action of purchase or other acquisition, provided that the amount paid shall not exceed the appraised value as determined by the department, or the department of transportation (for such requirements of that department), or value set by eminent domain procedure.

(8)[(9)]. Real property or any interest therein may[, subject to the provisions of KRS Chapter 45A,] be purchased, leased, or otherwise acquired from any officer or employe of any agency of the state upon a finding by the executive department for finance and administration, based upon a written application by the head of the agency requesting the purchase, and approved by the secretary of the executive department for finance and administration and the governor, that the employe has not either himself or through any other person influenced or attempted to influence either the agency requesting the purchase of the property or the executive department for finance and administration in connection with such acquisition. In any case in which such an acquisition is consummated, the said request and finding shall be recorded and kept by the secretary of state along with the other documents recorded pursuant to the provisions of KRS Chapter 56.

(9)[(10)] The executive department for finance and administration shall maintain records of all purchases and sales made under its authority and shall make periodic summary reports of all transactions to the secretary of the executive department for finance and administration, the governor, and the general assembly. The executive department for finance and administration shall also report trends in costs and prices, including savings realized through improved practices, to the above authorities.

(10)[(11)] For capital construction projects, [subject to the provisions of KRS Chapter 45A,] the bidding may be on a total design-bid basis; a package system commonly referred to as "turnkey"; phase bidding commonly referred to as "fast track"; or construction management, whichever in the judgment of the secretary of the executive department for finance and administration offers the lowest real cost to the taxpayer. Bids shall be reviewed by the engineering staff to assure quality and value, and compliance with bid procedures. All specifications shall be written to promote competition.

(11)[(12)] The executive department for finance and administration shall attempt in every practicable way to insure the state's supplying its real needs at the lowest possible cost.

(12)[(13)] The executive department for finance and administration shall have control and supervision over all purchases of energy consuming equipment, supplies and related equipment purchased or acquired by any agency of the state as provided in KRS 45.360 to 45.990, and shall designate by regulation the manner in which an energy consuming item will be purchased so as to promote energy conservation and acquisition of energy efficient products.

Section 19. KRS 45A.015 is amended to read as follows:

[(1) Unless displaced by the particular provisions of this code, the principles of law and equity, including the uniform commercial code, the law merchant, and law relative to capacity to contract, agency, fraud, misrepresentation, duress, coercion, mistake, and bankruptcy, shall supplement its provisions.

(2)] Every contract or duty under this code shall impose an obligation of good faith in its performance or enforcement. "Good faith" shall mean honesty in fact in the conduct or transaction concerned and the observance of reasonable [commercial] standards of fair dealing.

Section 20. KRS 45A.045 is amended to read as follows:

The executive department for finance and administration shall have the following authorities and responsibilities:

(1) To serve as the central procurement and contracting agency of the Commonwealth;

(2) To recommend regulations, rules, and procedures;

(3) To purchase or otherwise acquire, or, with the approval of the secretary, to delegate the purchase and acquisition of, all supplies, services and construction for the Commonwealth *as provided in this chapter and in KRS Chapters 45 and 56*;

(4) To sell, trade, or otherwise dispose of surplus supplies, services, and construction for the Commonwealth;

(5) To exercise general supervision and control over all warehouses, storerooms, and stores and of all inventories of supplies, services, and construction belonging to the Commonwealth;

(6) To establish and maintain programs for the development and use of purchasing specifications and for the inspection, testing, and acceptance of supplies, services, and construction.

Section 21. KRS 45A.050 is amended to read as follows:

(1) Except as provided in KRS Chapters 175, 176, 177 and 180 *with respect to the letting, award and administration of contracts for the construction, reconstruction, and maintenance of roads and bridges*, all rights, powers, duties, and authority relating to the procurement of supplies, services, and construction, and the management, control, warehousing, sale, and disposal of supplies, services, and construction now vested in or exercised by any state agency under the several statutes relating thereto, are hereby transferred to the secretary of the executive department for finance and administration as provided in this code, subject to the provisions of subsection (2) of this section.

(2) Unless otherwise ordered by the secretary of the executive department for finance and administration, the acquisition of the following shall not be required through the executive department for finance and administration:

(a) Works of art for museum and public display;

(b) Published books, maps, periodicals, and technical pamphlets; and

(c) Services of visiting speakers, professors, and performing artists.

Section 22. KRS 45A.090 is amended to read as follows:

(1) In the event that all bids submitted pursuant to competitive sealed bidding under KRS 45A.080 result in bid prices in excess of the funds available for the purchase, and the [chief] purchasing officer determines in writing:

(a) That there are no additional funds available from any source so as to permit an award to the lowest responsive and responsible bidder; *or* [and]

(b) The best interest of the state will not permit the delay attendant to a resolicitation under revised specifications, or for revised quantities, under competitive sealed bidding as provided in KRS 45A.080, then a negotiated award may be made as set forth in subsections (2) or (3) of this section.

(2) Where there is more than one bidder, competitive negotiations pursuant to KRS 45A.085, shall be conducted with the three (3) (two (2) if there are only two (2)) bidders determined in writing to be the lowest responsive and responsible bidders to the competitive sealed bid invitation. Such competitive negotiations shall be conducted under the following restrictions:

(a) If discussions pertaining to the revision of the specifications or quantities are held with any potential offeror, all other potential offerors shall be afforded an opportunity to take part in such discussions; and

(b) A request for proposals, based upon revised specifications or quantities, shall be issued as promptly as possible, shall provide for an expeditious response to the revised requirements, and shall be awarded upon the basis of the lowest bid price or lowest evaluated bid price submitted by any responsive and responsible offeror.

(3) Where, after competitive sealed bidding, it is determined in writing that there is only one responsive and responsible bidder, a noncompetitive negotiated award may be made with such bidder in accordance with KRS 45A.095.

Section 23. KRS 45A.110 is amended to read as follows:

(1) [A written determination of responsibility of a bidder or offeror shall be made and it shall be made in accordance with regulations issued by the secretary of the executive department for finance and administration.] A reasonable inquiry to determine the responsibility of a bidder or offeror may be conducted. The failure of a bidder or offeror to promptly supply information in connection with such an inquiry may be grounds for a determination of nonresponsibility with respect to such a bidder or offeror.

(2) Except as otherwise provided by law, information furnished by a bidder or offeror pursuant to this section may not be disclosed outside of the division of state purchasing or the purchasing agency administering the contract without prior written consent of the bidder or offeror.

Section 24. KRS 45A.295 is amended to read as follows:

SCR 44, A CONCURRENT RESOLUTION relating to a study of installment payment of state and local property taxes:

WHEREAS, the property tax is consistently rated the least popular form of taxation; and

WHEREAS, Kentucky local governments and school districts rely heavily upon the property tax for their fiscal support; and

WHEREAS, one of the factors contributing to the unpopularity of the property tax is the absence of a provision for installment payment of the tax liability, thus requiring an annual, lump sum payment; and

WHEREAS, provision for installment payment of payment tax liability should be made if such provision would not adversely affect the fiscal needs of local governments and school districts and unduly burden those offices which would be responsible for the administration of an installment payment system;

NOW, THEREFORE,

Be it resolved by the Senate of the General Assembly of the Commonwealth of Kentucky, the House of Representatives Concurring therein:

Section 1. That the Legislative Research Commission direct the Interim Joint Committee on Appropriations and Revenue to study the feasibility of providing for installment payment of state and local property tax liabilities, and, if found feasible, prepare draft legislation for introduction in the 1982 Session of the General Assembly.

Section 2. The results of this study, along with any legislative proposals, shall be made available to the members of the General Assembly not later than July 1, 1981.

Section 3. Staff services to be utilized in completing this study are estimated to cost two thousand five hundred dollars ($2,500). These staff services shall be provided from the regular Commission budget and are subject to the limitations and other research responsibilities of the Commission.

Procurements, not to exceed an aggregate amount of five thousand dollars ($5,000) for construction, *five thousand dollars ($5,000) for equipment replacement parts purchased by the bureau of highways,* and one thousand dollars ($1,000) for all other purchases may be made in accordance with small purchase regulations promulgated by the secretary of the executive department for finance and administration. Procurement requirements shall not be artificially divided so as to constitute a small purchase under this section. At least every three (3) years, the secretary shall review the prevailing costs of labor and materials and may make recommendations to the next regular session of the general assembly for the revision of the then current maximum small purchase amount as justified by intervening changes in the cost of labor and materials.

The Committee on Energy reported **HR 115** and **SCR 54** with the expression of opinion that the same should pass. Read at length for the first time and ordered placed in the Consent Calendar.

HR 115, A RESOLUTION urging the energy committee during the interim to study alternatives which could alleviate the severe impact of energy costs on lower income families and encourage energy conservation.

WHEREAS, some amount of energy is a necessity for any family and must be used regardless of its cost; and

WHEREAS, the cost of energy, whether fuel oil or electricity, propane, gas or coal, has increased much faster than overall inflation; and

WHEREAS, energy has always constituted a greater percentage of total expenditures of low-income households than of other households; and

WHEREAS, the total real income of poor people has declined in the 70's as welfare, unemployment and social security benefits have not kept pace with inflation; and

WHEREAS, low income people generally live in older and poorly maintained housing that wastes energy, yet cannot afford repairs which would lower consumption;

NOW, THEREFORE,

Be it resolved by the House of Representatives of the General Assembly of the Commonwealth of Kentucky:

Section 1. That the Energy Committee, during the 1980-82 interim should study alternatives to assist low income Kentuckians to obtain necessary energy supplies and to encourage energy-saving practices by all

Kentuckians. The committee should carefully analyze Kentucky's experiment with direct energy assistance under the Energy Cost Assistance Program to determine whether problems encountered with the program could be avoided and a fair and effective program implemented. The committee should study alternate cost assistance methods, such as lifeline rates, credits or more lenient termination policies, and also programs which promise to lower costs by reducing consumption, such as weatherization programs and incentives.

SCR 54, A CONCURRENT RESOLUTION urging the U. S. Department of Energy not to adopt a proposed rule restricting recreational watercraft.

WHEREAS, the U. S. Department of Energy has proposed a standby energy conservation plan which includes provisions to prohibit the use of recreational motorboats on one or both days of the weekend in the event of an energy shortage; and

WHEREAS, such restrictions unfairly discriminate against boating, because no similar restrictions are proposed for other forms of recreation, such as snowmobiling, aviation or recreational vehicles; and

WHEREAS, a ban on weekend boating in Kentucky would severely damage the state's growing tourist industry, which is centered around the many lakes, resevoirs and rivers of the Commonwealth, and could threaten the economic survival of entire communities; and

WHEREAS, boating uses less than one-half of one percent of the nation's oil, so that restrictions on boating, while denying enjoyment to many people and working economic hardships, would not produce significant fuel savings; and

WHEREAS, public comment on the proposed rules has been requested, and may affect the final decision;

NOW, THEREFORE,

Be it resolved by the Senate of the General Assembly of the Commonwealth of Kentucky, the House of Representatives concurring therein:

Section 1. That the Department of Energy is urged not to adopt its proposed rule on recreational watercraft, as published in the Federal Register, February 7, 1980, and is urged to refrain from placing any such discriminatory restrictions on boating.

Section 2. That a copy of this resolution is to be sent to all members of the Kentucky congressional delegation, to the secretary of the U. S. Department of Energy, and to Ms. Carol Snipes, Conservation and Solar Energy, U. S. Department of Energy, who has been designated to receive comments on the proposed rules.

(2) No such merger or consolidation shall be effectuated unless in advance thereof the plan and agreement therefor have been filed with the commissioner and approved in writing by him after a hearing thereon. The commissioner shall give such approval within a reasonable time after such filing unless he finds such plan or agreement:

(a) Is contrary to law; or

(b) Inequitable to the stockholders *or members* of the insurers involved; or

(c) Would substantially reduce the security of and service to be rendered to policyholders of the domestic insurer in this state or elsewhere; or

(d) Would materially tend to lessen competition in the insurance business in this state or elsewhere as to the kinds of insurance involved, or would materially tend to create a monopoly as to such business; or

(e) Is subject to other material and reasonable objections.

(3) No director, officer, agent or employe of any insurer party to such merger or consolidation, or member of the family of such director, officer, agent, or employe, shall receive any fee, commission, compensation or other valuable consideration whatsoever for in any manner aiding, promoting or assisting therein except as set forth in such plan or agreement.

SB 231, AN ACT relating to insurance.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

SECTION 1. A NEW SECTION OF KRS CHAPTER 304, SUBTITLE 3, IS CREATED TO READ AS FOLLOWS:

A "combined stock and mutual" insurer is an incorporated insurer with capital divided into shares owned by its shareholders, but which is controlled by the votes both of its stockholders and of its participating policyholder members to the extent any such rights of membership are granted and specified in the insurer's policies or its articles of incorporation.

SECTION 2. A NEW SECTION OF KRS CHAPTER 304, SUBTITLE 24, IS CREATED TO READ AS FOLLOWS:

(1) A domestic stock or mutual insurance company may amend its articles of incorporation so as to become a combined stock and mutual company; provided, that no such amendment shall deprive any stockholder or member or policyholder of the right, at any and all meetings of stockholders and members or policyholders held thereafter, to cast as many votes for directors as are provided by the articles of incorporation in force at the time of the adoption of such amendment, or by the law in force at such time. No such amendment shall be construed to change the identity of the corporation and it shall thereafter continue to be governed by the laws applicable thereto at the time of such amendment and as amended hereafter and not inconsistent with this subtitle, as well as those relating to the added characteristic of capital stock or mutuality which it shall have acquired by such amendment.

(2) The articles of incorporation of a combined stock and mutual insurance company may be amended in any respect provided by KRS Chapter 271A and this subtitle, in the manner therein provided. The articles of incorporation of a combined stock and mutual insurance company may also be amended in respect to any matter which the original articles of incorporation of a combined stock and mutual insurance company might lawfully have contained, or so as to vest in its board of directors authority to make and alter bylaws subject to the power of the stockholders and members to change or repeal such bylaws, by the affirmative vote, at a regular meeting of stockholders and members or at a special meeting of stockholders and members called for that expressly stated purpose by the board of directors which shall first have proposed the amendment and declared it to be advisable, of (a) a majority of the total number of votes to which stockholders are entitled, and (b) at least one fifth of the total number of votes to which participating policyholder members are entitled, provided the proposed amendment does not receive the negative vote of more than five percent (5%) of the total number of votes to which all participating policyholder members are entitled.

(3) The articles of incorporation of a combined stock and mutual insurance company may also be amended so as to increase or decrease its capital stock, or so as to change the number and par value of the shares of its capital stock, or so as to limit or deny to stockholders the preemptive right to subscribe to any or all shares of stock which may be authorized to be thereafter issued, by a majority vote of all its shares but without the vote of its members, at a regular meeting or at a special meeting of stockholders called for that expressly stated purpose by the board of directors which shall first have proposed the amendment and declared it to be advisable and not adverse to or in conflict with the rights and interests of the members, provided that if the proposed amendment is to increase or decrease the capital stock or to change the number of the shares of the capital stock, the resolution specifying the proposed amendment and the certificate of amendment shall expressly provide (a) that the stockholders holding all its shares shall, at all meetings, be entitled to the same number of total votes after the amendment is adopted as they were entitled to before the amendment, and (b) that each stockholder shall, at all meetings, be entitled to a fraction of one (1) vote for each share of stock held by him, the numerator of which fraction shall be the number of shares outstanding before the first such amendment is adopted and the denominator of which fraction shall be the number of shares outstanding.

Section 3. KRS 304.3-070 is amended to read as follows:

(a) No foreign insurer shall be authorized to transact insurance in this state which does not maintain reserves as required by subtitle 6 as applicable to the kind or kinds of insurance transacted by such insurer, wherever transacted in the United States; or which transacts business anywhere in the United States on the assessment plan, or stipulated premium plan, or any similar plan.

(b) No insurer shall be authorized to transact a kind of insurance in this state unless duly authorized or qualified to transact such insurance in the state or country of its domicile.

(e) A combined stock and mutual insurer must maintain separate accounting for income, expense and surplus retention in a manner as provided by a regulation to be promulgated by the commissioner.

(2) In determining the solvency of or impairment to any foreign or alien insurer which is requesting the issuance or continuance of any certificate of authority to do business in this state, the commissioner may admit as assets only those items which would qualify as admitted assets for a domestic insurer similarly situated.

Section 4. KRS 304.24-010 is amended to read as follows:

(1) This subtitle shall apply only to domestic stock insurers, *domestic combined stock and mutual insurers,* and domestic mutual insurers transacting or proposing to transact insurance on the cash premium or legal reserve plan, except that KRS 304.24-160, 304.24-250, and 304.24-310 shall also apply to foreign and alien insurers.

Section 7. KRS 304.24-040 is amended to read as follows:

(1) This section applies to stock, *combined stock and mutual, or* [and] mutual insurers hereafter incorporated in this state. Such an insurer may be formed for the purpose of transacting any kind or kinds of insurance, as well as annuity business.

(2) Incorporators. (4) Unless otherwise provided in the articles of incorporation or an amendment thereto, each stockholder of a combined stock and mutual insurance company shall, at all meetings, be entitled to one vote for each share of common stock held by him and each holder of a policy entitled to participate in profits or savings shall be a member and, as such, shall be entitled to vote on the same basis to which he would be entitled in a mutual company under KRS 304.24-210.

Section 8. KRS 304.24-310 is amended to read as follows:

(1) If provided for in its articles of incorporation or charter, *an* [a stock insurer or mutual] insurer may issue any or all of its policies or contracts with or without participation in profits, savings, unabsorbed portions of premiums, may classify policies issued and risks insured on a participating and nonparticipating basis, and subject to KRS 304.15-380, may determine the right to participate and the extent of participation of any class or classes of policies. SB 20, AN ACT relating to local government.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

SECTION 1. KRS CHAPTER 82A IS ESTABLISHED AND A NEW SECTION THEREOF IS CREATED TO READ AS FOLLOWS:

(1) Whenever any person desires to offer for dedication by recorded plat any public way or easement within the city limits, he shall file with the city legislative body a map or plat of the territory bounded, intersected or immediately adjacent to the proposed public way or easement, showing the proposed name, nature and dimensions of the public way or easement offered for dedication. If the city legislative body decides the proposed dedication would be beneficial to the public interest and suitable for the immediate or future acceptance of the city, it shall approve the map or plat, and the mayor shall subscribe a certificate of approval on the map and acknowledge the execution thereof before any public officer authorized to take acknowledgments of deeds. The map or plat may then be recorded in the office of the county clerk.

(2) Property dedicated as a public way or easement by the owner within any territory subsequently annexed to a city shall not be a public way or easement of the city until dedication by the owner has been accepted by ordinance.

(3) When any property has been opened to the unrestricted use of the general public for five (5) consecutive years, it shall be conclusively presumed to have been dedicated to the city as a public way or easement, subject to acceptance by the city. The city may, at any time after the expiration of five (5) years from the time the property is opened to the public, pass an ordinance declaring it so dedicated, and accepting the dedication, whereupon it shall be a public way or easement of the city for all purposes. The lack of an actual dedication to the city, or of a record title on the part of the city, shall be no defense against the collection of any tax that may be levied against property abutting thereon for the payment of the cost of any improvement constructed thereon by order of the city. Nothing herein shall be construed to require the expiration of five (5) years to raise a presumption of dedication in any case where, under any rule of law in force in this state, a dedication would be presumed in less than five (5) years.

SECTION 2. A NEW SECTION OF KRS CHAPTER 82A IS CREATED TO READ AS FOLLOWS:

(1) Upon the adoption of an ordinance by the city legislative body closing the whole or any portion of a public way, the city shall institute an action in the circuit court to have it closed. All the owners of property abutting that public way, or the portion proposed to be closed, shall be made defendants.

(2) If all defendants fail to object to the closing within twenty (20) days after the date of service, the court shall render a decree accordingly, but if any defendant objects within that time, the court shall award damages, if any, in the same manner as prescribed by the eminent domain act of Kentucky and shall direct that the public way be closed upon payment into court of the amount awarded. The court shall give these proceedings precedence over other cases.

Section 3. KRS 93.360 Public ways — Dedication — Action to close — Damages, 94.360 Public ways and places — Control — Action to close, and 94.370 Dedication of public ways — Plats or maps filed only when accepted and recorded — Cities of fourth class are repealed.

The Committee Amendment No. 1 to **SB 20** is as follows:

Amend printed copy of **SB 20,** page 2, after Section 1(3), line 21, by adding the following:

"Provided, however, that no property of a carrier by rail, as defined in KRS 276.010(3), shall be presumed to be dedicated as a public way or easement under this section or any other rule of law in force in this state unless the carrier consents to said dedication in writing."

(c) The territory is contiguous;

(d) The territory is able to provide necessary city services to its residents within a reasonable period after its incorporation; and

(b) The ability of any existing city, county or district to provide needed services;

(c) Whether the territory and any existing city are interdependent or part of one community;

(d) The need for city services in the territory;

(e) The development scheme of applicable land-use plans;

(f) The area and topography of the territory; and

(g) The effect of the proposed incorporation on the population growth and assessed valuation of the real property in the territory [town in accordance with the prayer of the petition, naming it and describing the boundary thereof, by metes and bounds, and appointing therefor not less than five (5) trustees, a marshal and assessor, who shall hold their respective offices until the next election at which officers for cities and towns may be elected].

(3) Defense may be made to the petition by any inhabitant of the proposed *city* [town], and if defense is made, the court shall hear and determine the same, and render a judgment establishing or refusing to establish a *city* [town], as may seem proper.

(4) If the court renders judgment granting the petition, the order shall set out the name of the city, a metes and bounds description of its boundaries, the population contained therein and the class to which the city shall be assigned by reason of its population. The order shall appoint the officers appropriate to the class of the new city, who shall hold their respective offices until the next regular election at which city officers are elected, at which time officers shall be elected by the residents of the new city [But if the court shall be satisfied that the population within the prescribed boundary is sufficient, and the proper notice or publication has been made or given, it shall have no discretion as to the establishment of the town. The pleadings and practice, except as herein provided, shall be the same as in equity causes, but no appeal shall lie from the judgment].

(5) Whenever any *city* [town] shall be established in the manner above provided, the court shall in the judgment direct the clerk of the court wherein such judgment is entered to, not later than ten (10) days thereafter, certify a copy thereof to the secretary of state, whose duty it shall be to properly index and file the same as a permanent record in his office.

SECTION 4. A NEW SECTION OF KRS CHAPTER 81 IS CREATED TO READ AS FOLLOWS:

(2) A city may be dissolved by judgment of the circuit court on petition filed by a majority of the voters of the city. The petition shall contain the signature and address of each petitioner.

(3) Each petition for dissolution shall be filed in the circuit court of the county in which the greater part of the city is located and shall set out the name and class of the city, a metes and bounds description of its boundaries, the number of voters and residents therein, and other facts relevant to the petition.

Moneys, together with any interest thereon, which have been expended in violation of the laws or regulations governing said grant in aid shall be returned to the Commonwealth upon demand. Upon completion of a capital project the beneficiary agency shall provide the department for local government an accounting of all expenditures and promptly return to the Commonwealth all grant moneys, including interest earned thereon, not required for the project after all the costs of the project have been paid, and such moneys shall be reallocated for other capital projects in the area development district in which such money had been allocated. Interest earned on grant moneys may be applied to the capital project with approval of the department for local government. [When the secretary of the executive department for finance and administration has approved a capital project, the executive department for finance and administration shall cause detailed cost estimates, site surveys, appraisals, architectural and engineering designs, and plans and specifications to be prepared,

(3) Except when a direct grant for a capital project is made to a beneficiary agency as authorized under subsection *(2)*[(4)] of this section, the [executive] department *of* [for] finance [and administration] shall award, [and] administer, *and* [or shall delegate to beneficiary agencies, and] control, [the award and administration] all contracts for the construction or acquisition of all capital projects [wholly financed out of the fund], in accordance with the provisions of KRS Chapters 45*A* and 56. *The department of finance may delegate to the beneficiary agency the planning, design, award, administration and control of all contracts for supplies, services and construction and for acquisition, improvement or administration of real estate.* All contracts awarded under this section for the construction, reconstruction or renovation of a building or other improvement to real estate shall be deemed to be contracts for public works within the meaning of KRS Chapters 341, 376 and other applicable laws. *Real property acquired as part of a capital project may be transferred from the seller to the beneficiary agency without title passing through the Commonwealth.*

(4) [The secretary of the executive department for finance and administration, after consultation with the commissioner of the department for local government, may make direct grants in aid of money out of the fund to any beneficiary agency for the construction or acquisition of any approved capital project, the estimated cost of which does not exceed the greater amount of fifty thousand dollars ($50,000), or one-third (⅓) of the total estimated cost of the project. When a direct grant in aid has been made to a beneficiary agency, all contracts awarded for the purchase of materials, supplies, equipment or services, except professional and technical services, required for the construction or acquisition of the project shall be awarded to the lowest and best bidder in the discretion of the beneficiary agency after public advertisement as required by KRS Chapter 424 or other applicable law. All beneficiary agencies receiving a direct grant in aid under this subsection shall keep and maintain complete and accurate records of accounts of all expenditures of the grant monies which shall be subject to audit by the Commonwealth for a period of five (5) years after completion of the capital project. Any grant monies not required after all of the costs of the capital project have been paid by the beneficiary agency shall be promptly returned to the Commonwealth for reallocation for expenditure for other capital projects in the area development district to which such funds had been originally allocated.

(5)] No capital project shall be constructed under KRS 42.350 to 42.370 except upon land to which (a) the Commonwealth, a political subdivision of the Commonwealth or the beneficiary agency of the capital project has a good and marketable title, free of encumbrances, or (b) the beneficiary agency of the project has the right to the uninterrupted use, occupancy and possession for a period longer than the estimated useful life of the capital project; provided nothing herein shall prohibit the construction or renovation of public buildings on land with an existing encumbrance to secure payment of funds obtained for the acquisition or improvement of said land. Each beneficiary agency shall execute and deliver to the Commonwealth its written assurances, which shall be binding on such agencies' successors and assigns, guaranteeing that during its estimated useful life, the capital project shall be operated and maintained for public purposes and pledging that no mortgage or other encumbrances shall be placed against any capital project wholly financed out of the fund, except industrial development projects, for the breach of which assurances the Commonwealth shall have right of entry to the capital project and the beneficiary agency, or its successors and assigns, shall forthwith convey the title to the capital project to the Commonwealth. Similar assurances shall be executed and delivered to the Commonwealth by the beneficiary agencies of capital projects financed in part out of the fund and in part from other sources, except that when such additional funding is derived from the issuance and sale of revenue bonds or under other statutorily authorized financing methods, to secure the repayment of which funds a statutory mortgage lien is granted in favor of any person or group of persons, the capital project may be encumbered to the extent authorized or required by the law under which such financing method was undertaken; nor shall anything in this section prohibit the encumbrance of any real property located within an industrial park or constituting an industrial site, developed or improved as a capital project under KRS 42.350 and this section, by any person, firm, company, partnership, or corporation to which such property has been conveyed, to obtain financing for the construction upon such property of industrial and commercial buildings. The written assurances provided by beneficiary agencies under this section shall be lodged for recording and recorded in the office of the county clerk of the county in which the proposed project shall be located.

SB 315, AN ACT relating to motor vehicle emission inspections and maintenance.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

Section 1. That the General Assembly expresses its concern that the Commonwealth comply with the requirements of the federal clean air act (P.L. 95-95) in order to protect the health of its citizens and to allow for further economic growth and development in those areas designated nonattainment for auto-related pollutants.

Section 2. That it is the intent of the General Assembly to enable the establishment and enforcement of an automobile emission inspection and maintenance program and other auto pollution control strategies in counties designated nonattainment for such pollutants which are part of urbanized areas with populations greater than two hundred thousand (200,000) by December 31, 1982, as necessary to qualify for extensions available under the federal clean air act for meeting ambient air quality standards.

Section 3. That the Legislative Research Commission be directed to appoint a special subcommittee on auto emission pollution with membership from both houses of the legislature. The subcommittee shall consist of fifteen (15) members, with ten (10) members appointed from among those legislators representing Jefferson county and five (5) members from among those representing Boone, Kenton, and Campbell counties.

SB 284, AN ACT relating to development.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

Section 1. KRS 147.580 is amended to read as follows:

The Southern Growth Policies Agreement is hereby enacted into law and entered into by this state, in the form substantially as follows:

Article I. Findings and Purposes.

(1) The party states find that the South has a sense of community based on common social, cultural and economic needs and fostered by a regional tradition. There are vast potentialities for mutual improvement of each state in the region by cooperative planning for the development, conservation and efficient utilization of human and natural resources in a geographic area large enough to afford a high degree of flexibility in identifying and taking maximum advantage of opportunities for healthy and beneficial growth. The independence of each state and the special needs of subregions are recognized and are to be safeguarded. Accordingly, the cooperation resulting from this Agreement is intended to assist the states in meeting their own problems by enhancing their abilities to recognize and analyze regional opportunities and take account of regional influences in planning and implementing their public policies.

(2) The purposes of this Agreement are to provide:

(a) Improved facilities and procedures for study, analysis and planning of governmental policies, programs and activities of regional significance.

(b) Assistance in the prevention of interstate conflicts and the promotion of regional cooperation.

(c) Mechanisms for the coordination of state and local interests on a regional basis.

(d) An agency to assist the states in accomplishing the foregoing.

Article II. The Board.

(1) There is hereby created the Southern Growth Policies Board, hereinafter called "the Board."

(2) The Board shall consist of five members from each party state, as follows:

(a) The Governor.

(b) Two members of the State Legislature, one appointed by the presiding officer of each house of the Legislature or in such other manner as the Legislature may provide.

(c) Two residents of the state who shall be appointed by the Governor to serve at his pleasure.

(3) In making appointments pursuant to paragraph (2)(c), a Governor shall, to the greatest extent practicable, select persons who, along with the other members serving pursuant to paragraph (2), will make the state's representation on the Board broadly representative of the several socio-economic elements within his state.

(4) A Governor may be represented by an alternate with power to act in his place and stead, if notice of the designation of such alternate is given to the Board in such manner as its Bylaws may provide.

(5) A legislative member of the Board may be represented by an alternate with power to act in his place and stead, unless the laws of his state prohibit such representation and if notice of the designation of such alternate is given to the Board in such manner as its By laws may provide. An alternate for a legislative member of the Board shall be selected by the member from among the members of the legislative house in which he serves.

(6) A member of the Board serving pursuant to paragraph (2)(c) of this Article may be represented by another resident of his state who may participate in his place and stead, except that he shall not vote: provided that notice of the identity and designation of the representative selected by the member is given to the Board in such manner as its Bylaws may provide.

Article III. Powers.

(1) The Board shall prepare and keep current a Statement of Regional Objectives, including recommended approaches to regional problems. The Statement may also identify projects deemed by the Board to be of regional significance. The Statement shall be available in its initial form two years from the effective date of this Agreement and shall be amended or revised no less frequently than once every six years. The Statement shall be in such detail as the Board may prescribe. Amendments, revisions, supplements or evaluations may be transmitted at any time. An annual Commentary on the Statement shall be submitted at a regular time to be determined by the Board.

(2) In addition to powers conferred on the Board elsewhere in this Agreement, the Board shall have the power to make or commission studies, investigations and recommendations with respect to:

(a) The planning and programming of projects of interstate or regional significance.

(b) Planning and scheduling of governmental services and programs which would be of assistance to the orderly growth and prosperity of the region, and to the well-being of its population.

(c) Effective utilization of such federal assistance as may be available on a regional basis or as may have an interstate or regional impact.

(d) Measures for influencing population distribution, land use, development of new communities and redevelopment of existing ones.

(e) Transportation patterns and systems of interstate and regional significance.

(f) Improved utilization of human and natural resources for the advancement of the region as a whole.

(g) Any other matters of a planning, data collection or informational character that the Board may determine to be of value to the party states.

Article IV. Avoidance of Duplication.

(1) To avoid duplication of effort and in the interest of economy, the Board shall make use of existing studies, surveys, plans and data and other materials in the possession of the governmental agencies of the party states and their respective subdivisions or in the possession of other interstate agencies. Each such agency, within available appropriations and if not expressly prevented or limited by law, is hereby authorized to make such materials available to the Board and to otherwise assist it in the performance of its functions. At the request of the Board, each such agency is further authorized to provide information regarding plans and programs affecting the region, or any subarea thereof, so that the Board may have available to it current information with respect thereto.

(2) The Board shall use qualified public and private agencies to make investigations and conduct research, but if it is unable to secure the undertaking of such investigations or original research by a qualified public or private agency, it shall have the power to make its own investigations and conduct its own research. The Board may make contracts with any public or private agencies or private persons or entities for the undertaking of such investigations or original research within its purview.

(3) In general, the policy of paragraph (2) of this Article shall apply to the activities of the Board relating to its Statement of Regional Objectives, but nothing herein shall be construed to require the Board to rely on the services of other persons or agencies in developing the Statement of Regional Objectives, or any amendment, supplement or revision thereof.

Article V. Advisory Committees.

The Board shall establish a Local Governments Advisory Committee. In addition, the Board may establish advisory committees representative of subregions of the South, civic and community interests, industry, agriculture, labor or other categories or any combinations thereof. Unless the laws of a party state contain a contrary requirement, any public official of the party state or a subdivision thereof may serve on an advisory committee established pursuant hereto and such service may be considered as a duty of his regular office or employment.

Article VI. Internal Management of the Board.

(1) The members of the Board shall be entitled to one vote each. No action of the Board shall be binding unless taken at a meeting at which the majority of the total number of votes on the Board are cast in favor thereof. Action of the Board shall be only at a meeting at which a majority of the members or their alternates are present. The Board shall meet at least once a year. In its Bylaws, and subject to such directions and limitations as may be contained therein, the Board may delegate the exercise of any of its powers relating to internal administration and management to an Executive Committee or the Executive Director. In no event shall any such delegation include a final approval of:

(a) A budget or appropriation request.

(b) The Statement of Regional Objectives or any amendment, supplement or revision thereof.

(c) Official comments on or recommendations with respect to projects of interstate or regional significance.

(d) The annual report.

(2) To assist in the expeditious conduct of its business when the full Board is not meeting, the Board shall elect an Executive Committee of not to exceed *twenty-three (23)* [seventeen] members, including at least one member from each party state. The Executive Committee, subject to the provisions of this Agreement and consistent with the policies of the Board, shall be constituted and function as provided in the Bylaws of the Board. One-half of the membership of the Executive Committee shall consist of Governors, and the remainder shall consist of other members of the Board, except that at any time when there is an odd number of members on the Executive Committee, the number of Governors shall be one less than half of the total membership. The members of the Executive Committee shall serve for terms of two years, except that members elected to the first Executive Committee shall be elected as follows: one less than half of the membership for two years and the remainder for one year. The Chairman, Chairman-Elect, Vice Chairman and treasurer of the Board shall be members of the Executive Committee and anything in this paragraph to the contrary notwithstanding shall serve during their continuance in these offices. Vacancies in the Executive Committee shall not affect its authority to act, but the Board at its next regularly ensuing meeting following the occurrence of any vacancy shall fill it for the unexpired term.

(3) The Board shall have a seal.

(4) The Board shall elect, from among its members, a Chairman, a Chairman-Elect, a Vice Chairman and a Treasurer. Elections shall be annual. The Chairman-Elect shall succeed to the office of Chairman for the year following his service as Chairman-Elect. For purposes of the election and service of officers of the Board, the year shall be deemed to commence at the conclusion of the annual meeting of the Board, and terminate at the conclusion of the next annual meeting thereof. The Board shall provide for the appointment of an Executive Director. Such Executive Director shall serve at the pleasure of the Board, and together with the Treasurer and such other personnel as the Board may deem appropriate shall be bonded in such amounts as the Board shall determine. The Executive Director shall be Secretary.

(5) The Executive Director, subject to the policy set forth in this Agreement and any applicable directions given by the Board, may make contracts on behalf of the Board.

(6) Irrespective of the civil service, personnel or other merit system laws of any of the party states, the Executive Director, subject to the approval of the Board, shall appoint, remove or discharge such personnel as may be necessary for the performance of the functions of the Board, and shall fix the duties and compensation of such personnel. The Board in its Bylaws shall provide for the personnel policies and programs of the Board.

(7) The Board may borrow, accept or contract for the services of personnel from any party jurisdiction, the United States, or any subdivision or agency of the aforementioned governments, or from any agency of two or more of the party jurisdictions or their subdivisions.

(8) The Board may accept for any of its purposes and functions under this Agreement any and all donations, and grants of money, equipment, supplies, materials and services, conditional or otherwise, from any state, the United States, or any other governmental agency, or from any person, firm, association, foundation, or corporation, and may receive, utilize and dispose of the same. Any donation or grant accepted by the Board pursuant to this paragraph or services borrowed pursuant to paragraph (7) of this Article shall be reported in the annual report of the Board. Such report shall include the nature, amount and conditions, if any, of the donation, grant, or services borrowed, and the identity of the donor or lender.

(9) The Board may establish and maintain such facilities as may be necessary for the transacting of its business. The Board may acquire, hold, and convey real and personal property and any interest therein.

(10) The Board shall adopt Bylaws for the conduct of its business and shall have the power to amend and rescind these Bylaws. The Board shall publish its Bylaws in convenient form and shall file a copy thereof and a copy of any amendment thereto, with the appropriate agency or officer in each of the party states.

(11) The Board annually shall make to the Governor and Legislature of each party state a report covering the activities of the Board for the preceding year. The Board at any time may make such additional reports and transmit such studies as it may deem desirable.

(12) The Board may do any other or additional things appropriate to implement powers conferred upon it by this Agreement.

Article VII. Finance.

(1) The Board shall advise the Governor or designated officer or officers of each party state of its budget of estimated expenditures for such period as may be required by the laws of that party state. Each of the Board's budgets of estimated expenditures shall contain specific recommendations of the amount or amounts to be appropriated by each of the party states.

(2) The total amount of appropriation requests under any budget shall be apportioned among the party states. Such apportionment shall be in accordance with the following formula:

(a) One-third in equal shares,

(b) One-third in the proportion that the population of a party state bears to the population of all party states, and

(c) One-third in the proportion that the per capita income in a party state bears to the per capita income in all party states. In implementing this formula, the Board shall employ the most recent authoritative sources of information and shall specify the sources used.

(3) The Board shall not pledge the credit of any party state. The Board may meet any of its obligations in whole or in part with funds available to it pursuant to Article VI (8) of this Agreement, provided that the Board takes specific action setting aside such funds prior to incurring an obligation to be met in whole or in part in such manner. Except where the Board makes use of funds available to it pursuant to Article VI (8), or borrows pursuant to this paragraph, the Board shall not incur any obligation prior to the allotment of funds by the party states adequate to meet the same. The Board may borrow against anticipated revenues for terms not to exceed two years, but in any such event the credit pledged shall be that of the Board and not of a party state.

(4) The Board shall keep accurate accounts of all receipts and disbursements. The receipts and disbursements of the Board shall be subject to the audit and accounting procedures established by its Bylaws. However, all receipts and disbursements of funds handled by the Board shall be audited yearly by a certified or licensed public accountant, and the report of the audit shall be included in and become part of the annual report of the Board.

(5) The accounts of the Board shall be open at any reasonable time for inspection by duly constituted officers of the party states and by any persons authorized by the Board.

(6) Nothing contained herein shall be construed to prevent Board compliance with laws relating to audit or inspection of accounts by or on behalf of any government contributing to the support of the Board.

Article VIII. Cooperation With the Federal Government and Other Governmental Entities.

Each party state is hereby authorized to participate in cooperative or joint planning undertakings with the Federal Government, and any appropriate agency or agencies thereof, or with any interstate agency or agencies. Such participation shall be at the instance of the Governor or in such manner as state law may provide or authorize. The Board may facilitate the work of state representatives in any joint interstate or coöperative federal-state undertaking authorized by this Article, and each such state shall keep the Board advised of its activities in respect of such undertakings, to the extent that they have interstate or regional significance.

Article IX. Subregional Activities.

The Board may undertake studies or investigations centering on the problems of one or more selected subareas within the region; provided that in its judgment, such studies or investigations will have value as demonstrations for similar or other areas within the region. If a study or investigation that would be of primary benefit to a given state, unit of local government, or intrastate or interstate area is proposed, and if the Board finds that it is not justified in undertaking the work for its regional value as a demonstration, the Board may undertake the study or investigation as a special project. In any such event, it shall be a condition precedent that satisfactory financing and personnel arrangements be concluded to assure that the party or parties benefited bear all costs which the Board determines that it would be inequitable for it to assume. Prior to undertaking any study or investigation pursuant to this Article as a special project, the Board shall make reasonable efforts to secure the undertaking of the work by another responsible public or private entity in accordance with the policy set forth in Article IV (2).

Article X. Comprehensive Land Use Planning.

If any two or more contiguous party states desire to prepare a single or consolidated comprehensive land use plan, or a land use plan for any interstate area lying partly within each such state, the Governors of the states involved may designate the Board as their joint agency for the purpose. The Board shall accept such designation and carry out such responsibility: provided that the states involved make arrangements satisfactory to the Board to reimburse it or otherwise provide the resources with which the land use plan is to be prepared. Nothing contained in this Article shall be construed to deny the availability for use in the preparation of any such plan of data and information already in the possession of the Board or to require payment on account of the use thereof in addition to payments otherwise required to be made pursuant to other provisions of this Agreement.

Article XI. Compacts and Agencies Unaffected.

Nothing in this Agreement shall be construed to:

(1) Affect the powers of jurisdiction of any agency of a party state or any subdivision thereof.

(2) Affect the rights or obligations of any governmental units, agencies or officials, or of any private persons or entities conferred or imposed by any interstate or interstate-federal compacts to which any one or more states participating herein are parties.

(3) Impinge on the jurisdiction of any existing interstate-federal mechanism for regional planning or development.

Article XII. Eligible Parties; Entry Into and Withdrawal.

(1) This Agreement shall have as eligible parties the states of Alabama, Arkansas, Delaware, Florida, Georgia, Kentucky, Louisiana, Maryland, Mississippi, Missouri, North Carolina, Oklahoma, South Carolina, Tennessee, Texas, Virginia, [and] West Virginia, *the Commonwealth of Puerto Rico and the territory of the Virgin Islands.*

(2) Any eligible state may enter into this Agreement and it shall become binding thereon when it has adopted the same: provided that in order to enter into initial effect, adoption by at least five states shall be required.

(3) Adoption of the Agreement may be either by enactment thereof or by adherence thereto by the Governor; provided that in the absence of enactment, adherence by the Governor shall be sufficient to make his state a party only until December 31, 1973. During any period when a state is participating in this Agreement through gubernatorial action, the Governor may provide to the Board an equitable share of the financial support of the Board from any source available to him. Nothing in this paragraph shall be construed to require a Governor to take action contrary to the constitution or laws of his state.

(4) Except for a withdrawal effective on December 31, 1973, in accordance with paragraph (3) of this Article, any party state may withdraw from this Agreement by enacting a statute repealing the same, but no such withdrawal shall take effect until one year after the Governor of the withdrawing state has given notice in writing of the withdrawal to the Governors of all other party states. No withdrawal shall affect any liability already incurred by or chargeable to a party state prior to the time of such withdrawal.

Article XIII. Construction and Severability.

This Agreement shall be liberally construed so as to effectuate the purposes thereof. The provisions of this Agreement shall be severable and if any phrase, clause, sentence or provision of this Agreement is declared to be contrary to the constitution of any state or of the United States, or the application thereof to any government, agency, person or circumstance is held invalid, the validity of the remainder of this Agreement and the applicability thereof to any government, agency, person or circumstance shall not be affected thereby. If this Agreement shall be held contrary to the constitution of any state participating therein, the Agreement shall remain in full force and effect as to the state affected as to all severable matters.

WHEREAS, the Commonwealth of Kentucky, its departments, authorities, agencies and bureaus, and political subdivisions and governmental units of the Commonwealth of Kentucky, including cities, counties, authorities, districts and other entities, are in many cases authorized to, and have made applications for, federal grants in aid for the construction and installation of various public works and projects and are entitled to receive such federal grants in the future; and

WHEREAS, in many situations in which federal grants to the Commonwealth of Kentucky and such other entities have been formally approved, or entitlement thereto is absolute by reason of law, significant delays have occurred between the awarding of such grants or entitlement thereto, and the actual receipt of same, resulting in cash flow disruptions, delays in initiating construction of public projects and other adverse consequences which are not in the public interest; and

WHEREAS, it is in the public interest that the Commonwealth and such units of government be specifically authorized to issue grant anticipation notes in anticipation of the receipt of such federal grants secured by a pledge of the proceeds of such grants to the end that such governmental units may more effectively and prudently administer the construction and acquisition of public projects and public works;

SECTION 1. A NEW SECTION OF KRS CHAPTER 58 IS CREATED TO READ AS FOLLOWS:

(4) Grant anticipation notes issued pursuant to the authority of this section are hereby declared to be issued for public, governmental purposes and the interest derived thereon shall be exempt from taxation by the Commonwealth and by all political subdivisions of the Commonwealth. Grant anticipation notes shall also be exempt from ad valorem taxation by the Commonwealth or any political subdivision thereof.

Section 2. Because of foreseeable delays in initiation, construction and acquisition of public works and public projects which are reasonably expected to result in higher costs to the citizens of the Commonwealth for public works and public projects, an emergency is declared to exist, and this Act shall become effective upon its passage and approval by the Governor.

The House of Representatives of the Commonwealth of Kentucky hereby recognizes with deep compassion the passing of former State Representative Franklin Webster, age ninety, of Williamstown, Kentucky, a great statesman, who passed Saturday, March 22, 1980. Representative Webster served four terms in the Kentucky General Assembly, from 1964 to 1972, representing Owen, Grant and Pendleton Counties. He served with great distinction and sincere dedication. He made a great contribution to education, serving as principal and teacher in Grant, Owen and Pendleton Counties for more than half century, touching the lives of thousands. He served his country well with great integrity and devotion to duty. The nation mourns his passing and this prestigious body extends our deepest sympathy to the family. The House of Representatives of the Commonwealth of Kentucky hereby congratulates Mayor Guthrie M. Wilson and the citizens of the City of Bardstown on your Bicentennial Celebration of your most historic and magnificent City. Bardstown has provided our state with a great heritage of which we can boast, a beautiful city incorporated in 1788. All Kentucky City Hall of Fame Award for outstanding achievement in Community Development in 1977 is complimentary. Bardstown is exceedingly proud of its world-wide reputation gained by My Old Kentucky Home known throughout the world as the symbol of Stephen Foster's most endearing song. The Stephen Foster Drama is most intriguing with its beautiful melodies ringing from an outdoor amphitheater. The drama affords local college students an opportunity to exercise their talents. Bardstown creates a mental atmosphere of the days of the Southern Belle and gallant gentlemen, provides accommodations for recreation, family entertainment and educational experiences. The opportunities you afford the people of Kentucky to learn and enjoy the history of our State brought to life with your invitation, "The door is open in Bardstown where hospitality awaits you" is commendable. As you celebrate your two hundredth birth may fond memories be perpetual. (Sponsored by Representative Rapier)

SB 187, AN ACT relating to alcoholic beverage control.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

SECTION 1. A NEW SECTION OF KRS CHAPTER 242 IS CREATED TO READ AS FOLLOWS:

(1) The provisions of this section shall be applicable in any city of the second class notwithstanding any other provisions of this chapter relating to the discontinuance of prohibition in any county, city, or territory which may be to the contrary.

(2) In any city of the second class in which prohibition is in effect in all or part of the city, and upon a determination that an economic hardship exists in one (1) or more of the voting precincts of the city in the manner prescribed in subsection (10) of this section, the governing body of the city shall by ordinance designate such precinct or precincts as a limited sale precinct or precincts and shall provide for an

election to be held in such precinct or precincts to take the sense of the people of each such precinct as to the discontinuance of prohibition in such precinct.

(3) The election shall be held in such precinct or precincts in the manner prescribed in KRS 242.010 to 242.040 and KRS 242.060 to 242.120. Such election shall not be deemed to be an election in the "same territory" within the meaning of subsection (5) of KRS 242.030; provided, however, that no election on the same question shall be held in the same precinct or precincts more often than once every five (5) years.

(4) The ballot for such election shall conform to the requirements of KRS 242.050 except that the form of the proposition shall be, "Are you in favor of the sale of alcoholic beverages in (official name and designation of precinct)?"

(5) If a majority of the votes cast in any limited sale precinct in which an election is held pursuant to this section are in favor of the sale of alcoholic beverages in that precinct, the governing body of the city shall by ordinance create or provide for the office of city alcoholic beverage control administrator and shall adopt a comprehensive regulatory ordinance covering the licensing and operation of establishments for the sale of alcoholic beverages within a limited sale precinct. In its discretion the governing body may provide that:

(a) Only three (3) licenses permitting the package sale at retail of alcoholic beverages shall be granted within the territorial limits of any limited sale precinct.

(b) Only four (4) licenses to sell alcoholic beverages by the drink for consumption on the premises by the general public shall be granted in any one (1) limited sale precinct. One (1) such license in each limited sale precinct may be reserved for grant to any newly established hotel, motel or inn containing not less than fifty (50) sleeping units and having dining facilities for not less than one hundred (100) persons. The remaining three (3) licenses may be granted to a hotel, motel or inn meeting the aforestated requirements or to bona fide restaurants open to the general public having dining facilities for not less than one hundred (100) persons; and further provided that additional licenses to sell alcoholic beverages by the drink for consumption on the premises may be granted to social membership clubs established and maintained for the benefit of members only by bona fide fraternal or veterans organizations.

(6) The governing body may also incorporate in the regulatory ordinance such other reasonable rules and regulations as may be necessary or desirable for the proper administration and enforcement of this section and for the maintenance of public order in a limited sale precinct, and for the issuance of any licenses permitted by KRS 243.070; provided that any rule or regulation adopted in the regulatory ordinance shall conform to the requirements of KRS 241.190.

(7) Notwithstanding any limitations imposed on the city's taxing or licensing power by KRS 243.070 upon the discontinuance of prohibition in any limited sale precinct, the governing body of the city is hereby authorized to impose a regulatory license fee upon the gross receipts of each establishment located therein and licensed to sell alcoholic beverages. The regulatory license fee may be levied at the beginning of each city budget period at such percentage rate as shall be reasonably estimated to fully reimburse the city for the estimated costs of any additional policing, regulatory or administrative expenses related to the sale of alcoholic beverages in the city. Such regulatory license fee shall be in addition to any other taxes, fees or licenses permitted by law, but a credit against such fee shall be allowed in an amount equal to any licenses or fees imposed by the city pursuant to KRS 243.070.

(8) Subject to the limitation imposed by subsection (3) of this section, no provision contained in this section providing for the establishment of a limited sale precinct shall preclude or abridge the right of the constitutionally qualified voters of such precinct to petition for a subsequent election on same question.

(9) If an election is held pursuant to other provisions of KRS Chapter 242 in the city or the county in which a limited sale precinct is located for the purpose of taking the sense of the voters upon the question of adopting or repealing prohibition for the entire city or the entire county, the status of such question in a limited sale precinct shall be determined in the following manner:

(a) The status of a limited sale precinct shall not be affected by any election for the entire city or the entire county if such limited sale precinct was established less than five (5) years prior to the date of the proposed election for the entire city or the entire county and in such case no ballot shall be furnished to the voters of any limited sale precinct in such election.

(b) If such limited sale precinct was established more than five (5) years prior to the date of the proposed election for the entire city or the entire county, the voters within each limited sale precinct shall be furnished a ballot upon which the question shall be, "Are you in favor of continuing the sale of alcoholic beverages in (official name and designation of precinct) as a limited sale precinct?" No other ballot shall be furnished to the voters of any limited sale precinct.

(c) The ballots of each limited sale precinct shall be counted separately, and, if a majority of the votes cast in the limited sale precinct are in favor of continuing the sale of alcoholic beverages therein as a limited sale precinct, then such status shall continue within such precinct, except that if the city or the county in which the limited sale precinct is located votes against prohibition in the remainder of the city

or the county, the limited sale precinct status of any precinct may be terminated by the governing body of the city or the county and thereafter the status of such precinct shall be the same as that in effect for the remainder of the city or the county.

(10) Any precinct located entirely within any city of the second class in which prohibition is in effect in all or part of the city shall be designated as a limited sale precinct by the governing body of the city; provided that:

(a) The governing body determines to its satisfaction that the general trade, business and economy of one (1) or more of the precincts within the city is substantially adversely affected by reason of the legal sale of alcoholic beverages in any neighboring or adjoining state, county, city, town, district or precinct. For the purpose of making such determination, the governing body may hold such hearings, examine such witnesses or receive such evidence as it believes necessary or desirable for such purpose; or

(b) The governing body receives a petition signed by a number of constitutionally qualified voters of a precinct equal to thirty-three percent (33%) of the votes cast in the precinct at the last preceding general election requesting the governing body of the city to designate such precinct as a limited sale precinct. The petition may consist of one (1) or more separate units and shall be filed with the mayor of the city. In addition to the name of the voter, the petition shall also state his post office address and the correct date upon which his name is signed. Upon receipt of the petition, the mayor shall cause the same to be presented to the governing body of the city at its next regularly scheduled meeting and, after verifying that such petition is in compliance with the requirements of this section, the governing body shall forthwith by ordinance designate the precinct to be a limited sale precinct.

Section 2. KRS 242.1293, Election in county with city of second class with prohibition for limited sale by the drink for on-premises consumption, is repealed.

The Committee Amendment No. 1 to **SB 187** is as follows:

Provided, that any city of the first class shall not omit the imposition of an ad valorem tax on such property of any steam railroad, street railway, ferry, bridge, gas, water, heating, telephone, telegraph, electric light or electric power company.

(2) The power to impose a tax includes the power to impose reasonable penalties for failure to declare tax liability if required, and to impose penalties and interest for failure to pay taxes when lawfully due. The power to impose a tax also includes the power to provide for its administration.

(3) Taxes may be imposed by a city only by ordinance. The purpose for which each tax is imposed shall be specified in the ordinance and the revenue generated shall be expended for no other purpose than that for which the tax is imposed. Failure to specify the purpose of a tax shall render the ordinance invalid.

(4) Each city shall impose annually a separate tax levy sufficient to provide for the interest and amortization of each of its general obligation bond issues, and the money so provided shall be accounted for separately and not used for any other purpose.

(5) Any city may provide by ordinance for reasonable differences in the rate of ad valorem taxation within different areas of the same taxing district on that class of property which includes the surface of land. Those differences shall relate directly to differences between nonrevenue-producing governmental services and benefits giving the land urban character which are available in one (1) or several areas of a taxing district in contrast to other areas of the same taxing district in which those services and benefits are not available.

(6) Any city may exempt manufacturing establishments from municipal taxation, for a period not exceeding five (5) years, as an inducement to their location within the city.

(7) Nothing in this section shall be construed to repeal, amend or otherwise affect any statute specifying or limiting tax or fee rates, exempting property from local taxation, fixing a special rate on proper classification or imposing a state tax which is declared in lieu of all local taxation, nor shall it be construed to authorize a city to require any company that pays both an ad valorem tax and a franchise tax to pay a license tax.

SECTION 2. A NEW SECTION OF KRS CHAPTER 91A IS CREATED TO READ AS FOLLOWS:

(1) Any city may by ordinance elect to have all city ad valorem taxes including delinquent taxes collected by the sheriff of the county. The election shall be effective only if a copy of the ordinance is delivered to the sheriff as soon as practicable, and a copy of the ordinance levying the taxes to be collected is delivered to the county clerk as soon as practicable. If the city so elects:

(a) The county clerk shall place city ad valorem taxes due on the tax bills of owners of property in the city prepared in accordance with KRS 133.220 and 133.230.

(b) The sheriff shall collect all city ad valorem taxes including delinquent taxes in the same manner as county ad valorem taxes as provided in KRS Chapter 134 and the sheriff shall be compensated in an amount calculated to defray additional costs to the sheriff for the services performed, but such amount shall not exceed the rates provided for tax collection by KRS Chapter 134. All procedures provided by KRS Chapter 134 concerning collection of delinquent taxes by counties shall be applicable.

(2) If a city does not elect to have city ad valorem taxes collected by the sheriff as provided in subsection (1) of this section, city ad valorem taxes shall be due and payable at the same time as state and county ad valorem taxes are due and payable, unless otherwise prescribed by ordinance or statute. The city shall establish by ordinance procedures for the collection of ad valorem taxes which shall specify the manner of billing, the place for payment, discounts, if any, for early payment, penalties and interest for late payment, and other necessary procedures related to ad valorem tax administration.

(3) In cities proceeding under subsection (2) of this section, ad valorem taxes upon real or personal property shall be delinquent if not paid by the date set by ordinance or statute. A lien superior to all other liens, except a lien for state taxes, whether such liens were acquired before or after the maturity of the taxes referred to in this section, shall exist in favor of the city from the date the taxes are due, for the amount of the taxes, interest and penalties, upon all the real and personal property of the delinquent taxpayer. The city may enforce the lien by action in the name of the city in the circuit court. In that action it may also obtain a personal judgment against the delinquent taxpayer for the tax, penalties, interest and costs of the suit.

SECTION 3. A NEW SECTION OF KRS CHAPTER 91A IS CREATED TO READ AS FOLLOWS:

(1). Each property valuation administrator shall, as soon as completed, deliver to each city in the county a copy of that portion of the assessment records which represents the assessment of property within the city. The property valuation administrator shall be reimbursed for the cost of providing this service by the department of finance.

(2) The assessment dates for the city shall conform to the corresponding dates for the county.

(3) Each city shall use the annual county assessment for property located within the city as the basis for city ad valorem tax levies, unless the city legislative body provides for the assessment of such property by the city through the adoption of an ordinance which shall:

(a) Assign responsibility for property assessments to an office of the city created by ordinance.

(b) Provide for a board of equalization and such procedures as are necessary to meet constitutional requirements for due process in any grievance or remedy sought by city taxpayers.

(c) Provide assessment procedures in such detail as necessary to fully safeguard any city ad valorem tax revenues, meet all constitutional requirements for property valuation, due process and equal protection under the law and to insure orderly administration of the assessment process.

(4) If a city elects to provide by ordinance for the assessment of property for ad valorem tax purposes by the city, appeals from the decisions of the city board of equalization shall be taken in the same manner as appeals from decisions of county boards of equalization.

SECTION 4. A NEW SECTION OF KRS CHAPTER 91A IS CREATED TO READ AS FOLLOWS:

(1) The legislative body of each city or urban-county government which elects to impose and collect license fees or taxes upon insurance companies for the privilege of engaging in the business of insurance shall file with the commissioner of insurance a copy of all ordinances and amendments thereto which impose any such license fee or tax.

(2) Any license fee or tax imposed by such a city or urban-county government upon any fire insurance company shall be based upon a percentage of the premiums received by the company within the preceding calendar year, for insurance on property located within the corporate limits of the city or urban-county government, less all premiums returned to policyholders. A fire insurance company entering a city or urban-county government during a license year shall at the end thereof promptly pay to such city or urban-county government the full additional tax due on such percentage basis.

(3) Any license fee or tax imposed by such a city or urban-county government upon a life insurance company may be based upon premiums received, and if so based shall be applied to premiums from new policies written within the preceding calendar year upon the lives of persons residing within the corporate limits of such city or urban-county government.

(4) Any license fee or tax imposed by such a city or urban-county government upon any insurance company other than those specified in subsections (2) and (3) shall be based upon a percentage of the premiums received by such company within the preceding calendar year on risks located within the corporate limits of the city or urban-county government on those classes of business which such company is authorized to transact, less all premiums returned to policyholders; provided, however, that any license fee or tax imposed upon premium receipts on a percentage basis shall not include premiums received for insuring employers against liability for personal injuries to their employes, or death caused thereby, under the provisions of the workmen's compensation act.

(5) The department of insurance shall, by regulation, provide for a reasonable collection fee to be retained by the insurance company or its agent as compensation for collecting such tax; provided, however, that the collection fee shall not be more than thirty percent (30%) of the fee or tax collected and remitted to the city or urban-county government or two percent (2%) of the premiums subject to the tax, whichever is less. To facilitate computation, collection and remittance of the fee or tax and collection fee provided herein, the fees or taxes set out in subsection (1), (2), (3) or (4) of this section, together with the collection fee herein may be rounded off to the nearest dollar amount.

(6) Accounting and reporting procedures for collection and reporting of the fees or taxes and the collection fee herein provided shall be determined by regulations promulgated by the department of insurance.

(7) Upon written request of the legislative body of any city or urban-county government, at the expense of the requesting city or urban-county government which shall be paid in advance by such city or urban-county government to the department of insurance, the department of insurance shall examine or cause to be examined by contract with qualified auditors the books or records of the insurance companies or agents subject to such fee or tax determine whether the fee or tax is being properly collected and remitted, and the findings of such examination shall be reported to such city or urban-county government. Willful failure to properly collect and remit the fee or tax imposed by a city or urban-county government pursuant to the authority granted by this section shall constitute grounds for the revocation of the license issued to an insurance company or agent under the provisions of KRS Chapter 304.

(8) The license fees or taxes provided for by subsections (2), (3) and (4) of this section shall be due at the beginning of the tax year. The city or urban-county government may collect a fee of five dollars ($5) from any company whose fee or tax on the percentage of premium basis is less than five dollars ($5).

SECTION 5. A NEW SECTION OF KRS CHAPTER 91A IS CREATED TO READ AS FOLLOWS:

(1) Every fiduciary appointed under the laws of this state or by a deed or will recorded in any county clerk's office in this state who has the management of any lands or improvements in the city, every agent of a non-resident owner of property located in the city who collects the rent thereof, and every person who collects the rent or income or enjoys by occupation the profits of lands or improvements owned by his spouse and located in the city, shall, before the date such taxes are due and payable, pay out of the net income

of the lands and improvements the city tax assessed upon the same in the preceding year, with accrued interest, before applying the income to the wants of, or paying it over to, his beneficiary or employer. In default thereof, he shall be liable for the tax to the amount of the income that he might have so applied, which liability may be enforced by equitable proceedings in any court of competent jurisdiction. In such proceedings it shall not be an answer that the city has a security in its lien upon the lands and improvements and the right to sell same for taxes.

(2) Tax bills assessed against an administrator, executor or trustee shall be a charge upon and may be enforced against the whole succession of trust estates, in addition to other remedies provided for in this chapter.

SB 236, AN ACT relating to motor vehicle and trailer registration, titling and theft, and making an appropriation therefor.

WHEREAS, for more than a quarter-century there have been unsuccessful attempts to improve Kentucky's vehicle registration and titling system; and

WHEREAS, Kentucky is now the only state in the nation without a motor vehicle title law; and

WHEREAS, under our present system there is inadequate capability to determine, prior to issuance of an ownership document, whether a vehicle for which such a document is issued is stolen, thereby facilitating commerce in stolen vehicles; and

WHEREAS, inadequacies in Kentucky's present vehicle registration system are a potential stumbling block to criminal investigations, state and nationwide; and

WHEREAS, a delinquency rate in personal property tax collections associated with motor vehicles and trailers, of approximately fifteen percent (15%), results in an annual revenue loss of six to eight million dollars to the state and local taxing jurisdictions and districts; and

WHEREAS, a system of accounting for more than two million motor vehicles and trailers, their owners, and their taxation cannot be efficiently handled with manual techniques; and

WHEREAS, an automated vehicle information system is established and successfully operating in nineteen (19) counties, that, with appropriate modification, expansion, and support from this assembly, can cost effectively meet the needs of all interested parties and provide greater convenience to the public; and

WHEREAS, the state-wide automated motor vehicle and trailer registration and titling system, combining both registration and titling in a single modern business information system, is the keystone of a combined traffic records system that will improve the safety of all citizens of this Commonwealth, as well as others; and

WHEREAS, the present method of staggered registration is inconvenient for the public, when compared with a birth month system, and is inefficient and costly in relation to the automated system; and

WHEREAS, certain statutory deficiencies hamper the ability of Kentucky's law enforcement agencies to combat organized auto theft;

NOW, THEREFORE,

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

Section 1. KRS 186A.010 is amended to read as follows:

(1) *An automated motor vehicle and trailer registration and titling system shall be developed and implemented as expeditiously as practicable in all counties of the Commonwealth* [It is the intention of the general assembly that an automated motor vehicle and trailer registration system be developed and that pilot projects be instituted in selected counties, subject to the agreement of the county clerk of a selected county. The counties in which pilot projects shall be instituted shall be selected by the secretary of the department of transportation in consultation with the departments of revenue and justice]. The automated motor vehicle and trailer registration system shall be designed to enable Kentucky's county clerks to produce motor vehicle and trailer certificates of registration in their offices, and certificates of title in Frankfort, by automated means utilizing telecommunication terminals and associated devices supplied by the Commonwealth, to inhibit registration and transfer of stolen motor vehicles or trailers, to improve the capability of detecting and recovering such vehicles, to ensure development of a common vehicle information data base to improve efficiency *in collecting and* [in] auditing motor vehicle usage tax, [and] license fee collections, *and personal property tax,* to provide information to the traffic record system, and to provide improved security interest protection to potential creditors throughout Kentucky while simultaneously reducing the number of forms that must be processed and stored each year in Kentucky.

(2) The department of transportation is hereby directed to develop *as expeditiously as practicable* an automated motor vehicle and trailer registration *and titling* system [design,] having, as a minimum, the capabilities or functions described in this chapter, and to acquire and assure the installation of such equipment or services as are necessary to enable the system as described in this chapter to be *operated in all counties of the Commonwealth* [tested in selected counties].

(3) *All* [The department of transportation is directed to ensure that the system developed will produce the necessary reports in such manner and at such times as the departments of revenue and justice request, to enable these departments to audit the taxes and fees collected by the county clerk in connection with the registration of a motor vehicle or trailer required to be registered in this state, and that the system produces such other information as the department of justice may reasonably require in connection with the registration of a motor vehicle or trailer, in carrying out the duties of that department as they relate to the regulation of motor vehicles or a traffic records system.

(4) The] departments of *state government affected by the system* [revenue and justice] are hereby directed to cooperate with the department of transportation for purposes of assuring orderly implementation of this *Act* [chapter].

SECTION 2. A NEW SECTION OF KRS CHAPTER 186A IS CREATED TO READ AS FOLLOWS:

(1) (a) The bureau of vehicle regulation shall have full responsibility and authority for day-to-day administration of the automated system and related functions described by this chapter; and

(b) May request the assistance of any department or bureau of state government in carrying out its responsibilities under this Act.

(2) The bureau of vehicle regulation shall assure, to the extent feasible, twenty-four (24) hour, year-around information support to the bureau of state police, and to other law enforcement agencies state and nationwide, regarding vehicles registered and, when required, titled in this state.

SECTION 3. A NEW SECTION OF KRS CHAPTER 186A IS CREATED TO READ AS FOLLOWS:

In order to improve collection of personal property (ad valorem) taxes associated with motor vehicles and trailers, the bureau of vehicle regulation, in cooperation with the department of revenue, shall:

(1) Ensure that the automated system provided by this chapter is capable of properly assigning a value for each vehicle registered in a county, utilizing a value reference manual in machine readable form approved by the department of revenue, and a manually entered value for vehicles not shown in such "manual."

(2) Promptly study the feasibility of computing personal property (ad valorem) taxes associated with motor vehicles or trailers, and producing tax bills or notices of taxes due in such regard, and if shown feasible to its satisfaction, implement such capability, or any part thereof, as expeditiously as practicable.

(3) Ensure that the automated system is capable of receiving the record of a lien for unpaid personal property (ad valorem) taxes associated with a motor vehicle or trailer and causing notice of such lien to be imprinted on any certificate of registration, certificate of registration and title, or if applicable, certificate of title unless such lien is satisfied or exonerated.

(4) Ensure that the automated system design will permit the county clerk to transfer the record of an unpaid property (ad valorem) tax lien against a motor vehicle or trailer, from a vehicle previously owned by an owner, to another vehicle subsequently registered in his name.

SECTION 4. A NEW SECTION OF KRS CHAPTER 186A IS CREATED TO READ AS FOLLOWS:

Other provisions of the statutes to the contrary notwithstanding, the requirement that a sticker or emblem evidencing security (insurance) be affixed to a motor vehicle shall be waived:

(1) Upon a finding by the commissioner of the department of insurance that the underlying purpose(s) of KRS 304.39-085 may be accomplished by the filing of appropriate evidence of insurance with the county clerk, and entry of data concerning such filing into the automated system provided for by this chapter; and

(2) Upon the implementation of a program approved by the commissioner of the department of insurance consistent with this section.

SECTION 5. A NEW SECTION OF KRS CHAPTER 186A IS CREATED TO READ AS FOLLOWS:

(1) All motor vehicles with a gross vehicular weight of 10,000 pounds or less, and trailers, first registered, or for which the registration is renewed in this state on or after January 1, 1981, shall be placed in a system of year-round registration based upon the birth month of the owner, in order to distribute the work of registering motor vehicles as uniformly as practicable throughout the twelve (12) months of the year.

(2) If the owner of a motor vehicle or trailer is other than an individual, the month in which the owning entity came into being shall be used for purposes of this section. If a motor vehicle or trailer is jointly owned, the owners shall indicate to the county clerk the birth month of one of them to be used for purposes of this section.

(3) The certificate of registration and license plate issued for a motor vehicle or trailer first registered in this state on or after January 1, 1981, shall be valid, unless cancelled by the department in accordance with KRS Chapter 186 or this chapter, upon payment of the required fee, for a period beginning on the first day of the month of the year in which registration is applied for, and expiring on the last day of the next birth month of the owner following the month during which registration is applied for, provided however that, upon the owner's request, and after payment of the proper prorated fee, an owner may obtain a certificate of registration and license plate valid through the last day of his second birth month following the month and year in which he applies for a first certificate or registration.

(4) After a motor vehicle or trailer has been initially placed in the system of year-round registration, the owner shall renew the registration and license plate annually during the owner's birth month, by making application to the county clerk and paying the fee required for twelve (12) consecutive months of registration, which shall take effect on the first day of the month succeeding the owner's birth month and shall expire on the last day of the owner's next birth month.

(5) Any owner who fails to renew the registration of a motor vehicle during the month in which the previous registration expired, shall, if he applies for renewal of the registration in some later month, pay the same fees that would have been required if the registration had been renewed in the month which the previous registration expired.

(6) Fees which must be prorated in carrying out the intent of this section shall be prorated on the basis of twelfths of the annual registration fee. Any vehicle which is registered at any time during a month, shall pay the fee required for that whole month plus any additional months of registration purchased consistent with the intent of this section.

(7) The county clerk shall ensure that the certificate of registration issued to an owner displays the month and year in which the registration period begins, and the month and year of its expiration, and shall issue to the owner a decal or decals corresponding to the month and year of expiration shown in the certificate of registration which shall be placed upon the corresponding license plate by the owner in the manner required by administrative regulations of the bureau of vehicle regulation.

SECTION 6. A NEW SECTION OF KRS CHAPTER 186A IS CREATED TO READ AS FOLLOWS:

The department of transportation shall ensure that by June 30, 1982, each county in the Commonwealth is equipped with at least one, or more than one, as workload dictates, video telecommunications terminals and associated devices, linked to a computer in Frankfort maintained by the Commonwealth, and capable of enabling the county clerk to produce certificates of registration in their offices, and certificates of title in Frankfort, in a manner consistent with this chapter.

SECTION 7. A NEW SECTION OF KRS CHAPTER 186A IS CREATED TO READ AS FOLLOWS:

The certificate of title blanks required by this chapter shall be designed and printed to make difficult, and facilitate detection of counterfeit likenesses or fraudulent alteration of genuine documents. The bid specifications for the acquisition of the certificate of title blanks shall require, as a minimum:

(1) That bidders have a demonstrable reputation in the printing of currency or securities, and guarantee with an appropriate cash bond that, in addition to any other requirements, the document blanks to be supplied are printed in a secure printing facility, by intaglio steel plate printing process, from line engravings, utilizing a combination of the printing process, unique printing plates, paper, and inks to produce high quality documents designed to:

(a) Be readily recognizable as genuine by a layman, and by extra visual techniques;

(b) Make extremely difficult the manufacture of counterfeit likenesses by direct engraving, photographic or color xerographic means;

(c) Visually reveal actual or attempted alteration or erasure by chemical or mechanical means.

(2) That bidders guarantee production of a specific number of uniquely numbered documents with guaranteed accounting for spoilage, and a guaranteed list of document numbers supplied and those deleted.

(3) That the documents will be shipped to the Commonwealth by an agreed means to assure minimal risk of theft, loss or destruction.

(4) That the plates utilized in printing of the blanks will not be utilized for the printing of certificate of title blanks by other than the bidder pursuant to a lawful contract with the Commonwealth.

SECTION 8. A NEW SECTION OF KRS CHAPTER 186A IS CREATED TO READ AS FOLLOWS:

The bureau of vehicle regulation, in cooperation with the bureau of state police, shall ensure that the automated vehicle registration and titling system provided for by this chapter will be designed, equipped, and operated so that, under normal conditions, the system will withhold production of a certificate of title until the vehicle identification number of a vehicle for which a title is sought, and when present its license number, has been automatically compared against the law information network Kentucky (LINK) and, unless it refuses to permit such an arrangement, the national crime information center (NCIC) computerized listing of vehicles reported stolen, and a "no stolen report" or its equivalent is received.

Such articles of incorporation shall meet the requirements of KRS Chapter 271A, and in addition to the information required by KRS 271A.270, such articles shall contain the following:

Section 12. KRS 274.095 is amended to read as follows:

(1) The articles of incorporation may provide for the purchase or redemption of all of the shares of any shareholder within a period not to exceed one (1) year after the death or disqualification to practice the profession of such shareholder, or for the purchase or redemption within said time of all of the shares of any shareholder desiring to sell them, all of whom are herein sometimes called "withdrawing shareholders" or, in default of such provisions in the articles of incorporation, the foregoing provisions and time limitation may be included in the bylaws of a professional service corporation, or, if no such provision and time limitation is made in the articles of incorporation or bylaws, they may be provided for by such private agreement

or agreements as the stockholders and corporation may enter into. If such an article, bylaw or agreement is adopted or provided for and such stock is not redeemed by the corporation within said one (1) year period, then within ten (10) days following the end of said period the president and/or secretary of the corporation shall give notice thereof to the secretary of state of Kentucky and, upon receipt of such notice by the secretary of state, the charter of the corporation shall be immediately void.

(2) In the absence of such provisions in the articles of incorporation, bylaws or by private agreement, a professional service corporation shall redeem the shares of a withdrawing shareholder within ninety (90) days after the death or disqualification of a shareholder or of the receipt by the corporation of written notice from a shareholder that he desires to sell or transfer all his shares of stock in the corporation upon terms mutually agreeable to the parties. *Should a redemption not occur within the time limit provided herein, the shares shall immediately be cancelled on the books of the corporation and the holder of such shares shall be reimbursed as provided in subsection (4) of this section as a general creditor of the corporation.*

(3) If the sole shareholder of a professional service corporation organized pursuant to this chapter dies*:*

(a) It shall be the duty of his personal representative to so notify the secretary of state, whereupon the charter of such corporation shall lapse*; or*

(b) The administrator, executor, guardian, conservator, or receiver of the estate of the deceased sole shareholder may amend the articles of incorporation by signing a written consent to such amendment. Articles of amendment to be adopted shall set forth:

1. The name of the corporation;

2. The amendments so adopted;

3. The date of adoption of the amendment by the administrator, executor, guardian, conservator, or receiver;

4. The number of shares outstanding; and

5. The number of shares held by the administrator, executor, guardian, conservator, or receiver.

The amendment to the articles of incorporation may allow the corporation to continue as a professional service corporation or may convert the corporation to a private business corporation provided, however, that the corporation shall not render professional services until such time as all outstanding shares are held by qualified persons and the corporation conforms to the provisions of this chapter; or

(c) The administrator, executor, guardian, conservator, or receiver of the estate of the deceased shareholder shall transfer all outstanding shares of the corporation to other qualified persons or person within the meaning of this chapter. The professional service corporation shall cease to render professional services until such time as the transfer or transfers provided in this subsection are completed.

(4) In the absence of (a) an article, bylaw or agreement as provided for in subsection (1) of this section, or (b) a sale as provided for within the time stated in subsection (2) of this section, a professional service corporation, within one hundred eighty (180) days after the death or disqualification of a shareholder or within the same period after receiving written notice from a shareholder that he desires the corporation to redeem all of his stock in the corporation, shall institute an equitable action for a determination of the fair market value of all of the shares of the corporation's outstanding stock *cancelled pursuant to subsection (2) of this section and* owned by such shareholder.

(a) The court shall designate a time for a hearing and at said hearing shall appoint a disinterested appraiser to determine the fair market, *pre-cancellation* value of such shares. The court shall administer an oath to the appraiser to honestly and faithfully discharge his duties and shall fix a time and place for the appraiser to begin hearing evidence on such fair market value. The appraiser shall have the powers conferred upon master commissioners by subsection (2) of KRS 27.100 and shall afford a reasonable opportunity to the corporation and the shareholder or personal representative of a deceased shareholder to introduce pertinent evidence on such fair market value. The appraiser shall conduct his hearings as expeditiously as practicable, and upon completion of the hearing shall report in writing to the court his determination of the fair market *pre-cancellation* value of such shares and shall file with the court a written transcript of the testimony heard by him, together with all exhibits introduced in evidence.

(b) The corporation or any withdrawing shareholder may, within ten (10) days after the filing of the appraiser's report, file exceptions thereto. Such exceptions shall be heard and decided by the court upon the evidence submitted to the appraiser as shown by the transcript. After hearing the exceptions to the appraiser's report, or if no exceptions thereto have been filed within the time hereinbefore provided for, the court shall enter final judgment determining such fair market, *pre-cancellation* value of the shares of each withdrawing shareholder and shall direct payment thereof by the corporation to each withdrawing shareholder and the surrender of the duly indorsed certificate or certificates representing his shares. *The court shall be empowered to direct payment by the corporation in installments reasonably calculated to avoid any impending corporate insolvency while reimbursing the withdrawing shareholder in as direct a manner as may be practicable.*

(5) If a professional service corporation fails to bring the above provided for action for the redemption of its shares within the time provided, then within ten (10) days after the end of said period, the president

of the corporation, and if he be then dead, the secretary thereof, shall so notify, in writing, the secretary of state of Kentucky, and upon receipt of such notice by the secretary of state of Kentucky, the charter of the professional service corporation shall be void.

(6) If the obligation of the corporation to redeem any shares of its outstanding stock as set out in subsections (1) to (5) of this section would render the corporation insolvent *and the court has deemed an installment redemption as provided in subsection (4) of this section to be unwarranted*, then *without delay* [within ten (10) days of demand for such redemption] the corporation shall commence to liquidate and dissolve, unless the remaining shareholders shall have prior thereto purchased *or redeemed* all of the withdrawing shareholder's shares *or satisfied such shareholder's claim against the corporation.*

Section 13. KRS 274.105 is amended to read as follows:

In addition to the matter required to be included in annual reports by KRS Chapter 271A, there shall be included in the annual report of each *domestic or foreign* professional service corporation (a) the name and [residence] addresses of all shareholders of said professional service corporation, and (b) a certificate signed by the president of the corporation certifying that all of its shareholders, *not less than one half (½) of its directors and all officers other than secretary and treasurer*, are duly *qualified as provided in this chapter* [licensed to render the same professional services as those for which the corporation was incorporated]. A duplicate original copy of such annual report shall be filed with the regulating board which licenses the shareholders described in the certificate.

Section 14. KRS 274.115 is amended to read as follows:

No professional service corporation organized *or authorized to conduct business* under this chapter shall engage in any business other than the rendering of the professional service *or services* for which it was specifically incorporated; Provided, however, That nothing in this chapter or in any other provisions of existing law applicable to corporations shall be interpreted to prohibit such corporation from investing its funds in real estate, mortgages, stocks, bonds or any other type of investment, or from owning real or personal property necessary for the rendering of professional services. [No professional service corporation shall be organized to render more than one professional service.]

Section 15. The following sections of KRS are repealed:

HB 910, AN ACT relating to education.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

Section 1. KRS 157.390 is amended to read as follows:

(1) (a) The superintendent of public instruction, under Kentucky administrative regulations of the state board for elementary and secondary education, shall classify teachers in rank as follows:

Rank I. Those holding regular certificates and who have a master's degree in a subject field approved by the state board for elementary and secondary education or equivalent preparation and who have earned thirty (30) semester hours of approved graduate work or its equivalent, and those teachers who, as of September 1, 1962, were included in Rank I, having earned twenty-four (24) semester hours of additional approved graduate work.

Rank II. Those holding regular certificates and who have a master's degree in a subject field approved by the state board for elementary and secondary education or equivalent preparation.

Rank III. Those holding regular certificates and who have an approved four-year college degree or the equivalent.

Rank IV. Those holding certificates and who have ninety-six (96) to one hundred twenty-eight (128) semester hours of approved college training or the equivalent; provided, however, that persons holding emergency certificates shall not be classified higher than this rank for calculation of the amount to be included in the foundation program.

Rank V. Those holding certificates and who have sixty-four (64) to ninety-five (95) semester hours of approved college training or the equivalent.

(b) In determining ranks, the superintendent of public instruction, under Kentucky administrative regulations of the state board for elementary and secondary education, shall classify teachers who hold valid certificates in the respective ranks according to approved college semester hours of credit. The superintendent of public instruction, in defining preparation for certain types of vocational teachers as equivalent to college training, shall give consideration to apprenticeship training and industrial experience.

(c) Nothing in this subsection shall allow the state board for elementary and secondary education by regulation to reclassify downward any teachers currently in Ranks I or II.

(2) (a) The amount to be included in each school year in the foundation program of a district for teachers' salaries shall be determined by multiplying the number of teachers in each rank, not to exceed the

number of classroom units allowed, by the amount set forth in the biennial budget schedule for each rank and experience for a term of one hundred eighty-five (185) days. Provided, the amount to be included for units allotted under KRS 157.360(5), (7), (8), (9) and (11) shall be increased proportionately if the personnel for such units are employed for longer than the regular school term and such employment is approved by the superintendent of public instruction under Kentucky administrative regulations of the appropriate state board. Where the actual number of teachers employed by the district varies from the number allowed under the provisions of KRS 157.310 to 157.440, the number to be included in each rank shall be in the same ratio that the number of teachers actually in each rank is to the total number of teachers employed.

(b) The state board for elementary and secondary education with the recommendation of the superintendent of public instruction, may designate local school districts as experimental districts for the utilization as classroom units para-professionals and teacher aides under KRS 157.360(2). In experimental districts, foundation program fund calculations shall include, with respect to one or more schools in the district, an amount for para-professionals and teacher aides. This amount may be equal to a maximum of fifty percent (50%) of the amount included for a teacher in Rank III with no experience but may not exceed the salary paid the para-professional or teacher aide, multiplied by the number of approved para-professionals and teacher aides employed in the designated school or schools.

(c) Such amounts may be included only for those who are not in sole and principal charge of a class. No district may receive foundation program funds for such number of para-professionals and teacher aides referred to in paragraph (b) of this subsection as exceeds one-half (½) the number of certificated teachers ~~in the designated school or schools~~.

(d) In the calculation of classroom units for the purpose of allocation of teachers' salaries only, the state board for elementary and secondary education may use a ratio greater than twenty-seven (27) to one (1) for such calculations regarding the experimental districts designated pursuant to paragraph (b) of this subsection.

(3) The amount to be included in the foundation program for other current expenses shall be determined by multiplying the number of classroom units by the amounts set forth in the biennial budget.

(4) The amount to be included in the foundation program for capital outlay shall be *computed in two parts as follows:*

(a) Each district shall receive an amount equal to [determined by multiplying] the number of classroom units *multiplied* by the amounts set forth in the biennial budget.

(b) A restricted capital outlay building fund shall be established as a part of the foundation programs for the purposes of:

1. Assisting qualified school districts in the construction of new school facilities and the renovation of existing school facilities; and

2. The construction of state-owned facilities operated by the department of education.

Districts eligible to receive funds through the restricted capital outlay building fund shall be identified as set forth in subsection (4) of this section.

(5) The amount to be included in the foundation program of each district for transportation shall be determined by multiplying the aggregate attendance of transported children by the allowable cost per pupil per day for that district determined in accordance with the provisions of KRS 157.370.

(6) The total amount of money distributable to each district from the public school foundation program fund shall be the sum of the allotments in subsections (2), (3), (4) and (5) of this section.

Section 2. KRS 157.410 is amended to read as follows:

The superintendent of public instruction shall determine on or before August 15 of each year the tentative allotment of school funds to which each district is entitled under the provisions of KRS 157.310 to 157.440. On July 1, August 1, and September 1, of each fiscal year, one-twelfth of the prior year's allotment minus the capital outlay shall be paid each school district. On the first of each month thereafter until the final calculation is completed, one-twelfth of each district's share of the tentative calculation for instructional salaries, current expenses, and transportation of the public common school foundation program fund shall be distributed. On or before May 1 of each year the superintendent of public instruction shall determine the exact amount of the public common school foundation program fund to which each district is entitled and the remainder of the amount due each district for the year shall be distributed in equal installments beginning the first month after completion of final calculation and for each successive month thereafter. Capital outlay, *as provided by KRS 157.390(4)(a),* shall be made in two payments. The first, on or before October 1, shall be one-half of the amount calculated on the tentative allocation for capital outlay. The balance due shall be paid on or before May 1. *The restricted* *capital outlay building funds provided by KRS 157.390(4)(b) shall be distributed as provided in Section 4 of this Act.*

Section 3. KRS 157.420 is amended to read as follows:

Public school foundation program funds made available to the credit of each district during any year, shall be received, held and expended by the district board, subject to the provisions of law and Kentucky administrative regulations of the state board for elementary and secondary education. The following restrictions shall govern the expenditure of funds from the public school foundation program fund:

(1) The teachers' salaries allotment for each district from the public school foundation program fund and from local sources shall be used only for teachers holding properly authorized certificates. The average salary paid any rank of teachers shall be at least equivalent to the amount set forth in the biennial budget schedule for each rank and experience for a term of one hundred eighty-five (185) days and no teacher shall be paid less than ninety-three percent (93%) of the public school foundation program fund allotment for that rank for full-time service during the regular school year or the allotment under KRS 157.390(2) shall be reduced by an amount equal to the amount by which the district failed to meet the salary requirements.

(2) The state board for elementary and secondary education shall not approve any working budget or salary schedule summary for local boards of education for any school year in which the total amount for one hundred eighty-five (185) days on the salary schedule summary for foundation program instructional salaries is not equal to (a) the amount for one hundred eighty-five (185) days on the district's salary schedule summary for foundation program instructional salaries the preceding year plus (b) the additional amount for instructional salaries to be received by the district under the biennial budget schedule for a one hundred eighty-five (185) day school term by assuming the same classroom units and rank and experience of teachers in the current year as in the preceding year.

(3) The capital outlay allotment *specified in KRS 157.390(4)(a)* for each district from the public school foundation program fund and from local sources shall be kept in a separate fund and may be used by the district only for capital outlay projects approved by the superintendent of public instruction in accordance with requirements of law, and based on a survey made in accordance with Kentucky administrative regulations of the state board for elementary and secondary education. These funds shall be used for the following capital outlay purposes:

(a) For direct payment of construction costs;

(b) For debt service on voted and funding bonds;

(c) For payment or lease-rental agreements under which the board eventually will acquire ownership of a school plant;

(d) For the retirement of any deficit resulting from over-expenditure for capital construction, if such deficit resulted from an emergency declared by the state board for elementary and secondary education under KRS 160.550;

(e) As a reserve fund for the above-named purposes, to be carried forward in ensuing budgets; provided, however, if any district has a special levy for capital outlay or debt service that is equal to the capital outlay allotment or a proportionate fraction thereof, and spends the proceeds of that levy for the above-named purposes, the superintendent of public instruction under Kentucky administrative regulations of the state board for elementary and secondary education, may authorize the district to use all or a proportionate fraction of its capital outlay allotment for current expenses.

(4) If a survey shows that a school district has no capital outlay needs as shown in paragraphs (a), (b), (c), and (d) of subsection (3) of this section, upon approval of the superintendent of public instruction, these funds may be used for school plant maintenance, repair, insurance on buildings, replacement of equipment and purchase of school buses.

SECTION 4. A NEW SECTION OF KRS CHAPTER 162 IS CREATED TO READ AS FOLLOWS:

(1) A preliminary priority listing of districts eligible for participation in the restricted capital outlay building fund established in KRS 157.390 shall be developed on the basis of need as indicated by an application for assistance submitted to the department of education by the district. However, any district with a bonding capacity, based on the accumulated capital outlay allotment and any uncommitted special voted building fund tax with a ten percent (10%) safety factor, sufficient to fund the top priority need as shown by the facility survey shall not be eligible to apply. No district shall be eligible to submit an application for assistance until the following conditions have been met:

(a) The district must have levied at least the maximum general fund tax allowed not subject to recall under KRS 160.470;

(b) The district must be eligible for full participation in the power equalization fund as provided by KRS 157.565;

(c) Taxes levied to meet the requirements of this section must have any recall provisions satisfied and the tax must have become effective prior to submission of an application for assistance by the district.

(2) Districts not meeting the requirements of (1)(a), (b), and (c) of this subsection shall not be included in the ranking of districts and shall not be eligible for participation until those requirements have been met.

(3) All applications for assistance must be received by January 1 of the year in which assistance is requested. Applications received after January 1 will not be considered. Within sixty (60) days of the closing date, the department of education shall develop the preliminary priority listing for new construction based on the following criteria:

(a) 1. Existing square feet per student shall mean the total available square feet in the priority project that have been classified as good or better in the facility survey divided by the number of pupils served in that facility;

2. Existing square feet per student shall be compared to the following standard square feet per student: elementary: 90 square feet per pupil (first 500), 80 square feet per pupil (all over 500); junior high: 100 square feet per pupil (first 500), 90 square feet per pupil (all over 500); secondary: 110 square feet per pupil (first 500), 100 square feet per pupil (all over 500);

3. Determine difference between standard square feet per student and existing square feet per student;

4. Allow five (5) points for each square foot by which the standard exceeds the existing square feet.

(b) Construction costs per student shall be computed as follows:

1. Determine the total square feet to be constructed, the state average construction costs per square foot, and the average daily attendance at the end of the previous year;

2. Cost per student equals total square feet multiplied by state average construction costs divided by average daily attendance;

3. Rank districts from low to high. Each district receives points equal to that district's rank. (Lowest cost per student equals 1 point.)

(c) The total points computed in (a) and (b) shall determine each district's ranking. The district with the largest total points will be ranked first.

(4) Districts with the highest preliminary priority rank shall receive an on-site evaluation by a department of education facilities survey team to verify the application data. Each district's application data shall be altered by any deviation identified by the survey. A new priority list shall be developed by applying the criteria specified in subsection (2) to the verified data.

SECTION 5. A NEW SECTION OF KRS CHAPTER 162 IS CREATED TO READ AS FOLLOWS:

(1) Each restricted capital outlay building fund unit established by KRS 157.390 shall be for $10,000. The total cost of the project less the amount that can be financed through the district's bonding capacity, based on the accumulated capital outlay allotment and any uncommitted special voted building fund tax with a ten percent (10%) safety factor, shall be divided by 10,000 to determine the number of restricted capital outlay units a district may receive. Subject to the limitation of funds provided in the biennial budget, the district ranked first shall receive sufficient funding to complete its first priority need. The first priority need of the district ranked second shall then move to the top of the ranking for funding. Districts shall continue to move up in rank as first priority needs are funded.

(2) All bonds issued under the authority of this subsection shall be issued by the district under the provisions of KRS 162.140 and shall become obligations of the issuing district.

(3) Not less than ten (10) days prior to any redemption date, funds from the state's restricted capital outlay fund shall be transferred to the district's bond redemption account for payment of the state's share of the obligation.

(4) Nothing in this act shall affect a district's authority to issue bonds as provided in KRS Chapter 162.

Section 1. KRS 157.200 is amended to read as follows:

(1) "Exceptional children" means persons under twenty-one (21) years of age who differ in one or more respects from average or normal children in physical, mental, learning, emotional or social characteristics and abilities to such a degree that they need special educational programs or services for them to benefit maximally from the regular or usual facilities or educational programs of the public schools in the districts in which they reside[; or, those children who, because of their intellectual or creative abilities or potentialities, require special educational programs or services. These children include, but are not limited to, those children hereafter described in this section as well as the neurologically impaired, visually impaired, hearing impaired and the retarded]. The department of education, through regulations indorsed by the state board for elementary and secondary education, shall interpret the statutory definitions of exceptionality. An exceptionality is any trait so defined in this section or stipulated in the regulations of the state department of education. Requirements of average daily attendance for exceptional classes will be regulated by statute, or in the absence of such direction by departmental regulations indorsed by the state board for elementary and secondary education. Categories of exceptionalities included within, but not limited by, this definition are as follows:

(a) "Physically handicapped [children]" means [children who suffer from] any physical disability *which makes* [making] it impracticable or impossible [for them] to benefit from or participate [on a full-time basis] in the normal classroom program [of the public schools in the school district in which they reside and whose intellectual development is such that they are capable of being educated through a modified educational program];

(b) *"Communication disorder" means a disorder in hearing, language, or speech which adversely affects educational performance* ["Children with communication disorders" means those children who evidence disorders in hearing, language, or speech];

(c) *"Mentally handicapped" means retarded intellectual development, as determined by recognized standardized tests and assessment of adaptive behavior, which adversely affects a child's educational performance* ["Educable mentally handicapped children" means children who because of retarded intellectual development, as determined by recognized standardized tests, are incapable of being educated profitably and efficiently through ordinary classroom instruction but whose intellectual ability would indicate a degree of scholastic attainment with the benefit of special educational methods, materials, and facilities;

(d) "Trainable mentally handicapped children" are mentally handicapped children who, because of retarded intellectual development, are incapable of being educated properly and efficiently through ordinary classroom instruction or special education facilities for educable mentally handicapped children, but who may be expected to benefit from training in a group setting designed to further their social adjustment and economic usefulness];

(d)[(e)] *"Specific learning disability" means* ["Children with learning disabilities" are those children who have] a disorder in one or more of the basic psychological processes involved in understanding or using language, spoken or written, which disorder may manifest itself in imperfect ability to listen, think, speak, read, write, spell, or do mathematical calculations. [Such disorders include such conditions as perceptual handicaps, brain injury, minimal brain dysfunction, dyslexia, and developmental aphasia.] *The* [Such] term does not include [children who have] learning problems which are primarily the result of visual, hearing, or motor handicaps, of mental retardation, of emotional disturbance, or of environmental, *cultural or economic* disadvantage;

(e)[(f)] *"Emotional disturbance (behavior disorder)"* ["Emotionally disturbed children"] means *a condition in which* [those children who exhibit] a variety of excessive chronic, deviant, inappropriate, persistent behaviors *are exhibited which adversely affect a child's educational performance* [ranging from impulsive and aggressive to depressive and withdrawal acts which cause the child's placement to be detrimental to his educational progress, dangerous to his health or safety, or disruptive to the program for other children];

(f)[(g)] "Multiple handicapped [children]" *means* [are those children who have] a combination of two or more moderate to profound handicaps which produce serious learning, developmental, or behavioral/emotional problems. These handicaps prohibit or seriously limit progress in a regular or special education program designed to accommodate children with a single handicap[;

(h) "Intellectually gifted or talented children" means children who possess demonstrated abilities or measured potential that provides evidence of high performance capability in areas such as intellectual or creative ability who need special education services in order to realize these potentialities].

(2) "Special *education* [educational facilities]" means *specially designed instruction to meet the unique needs of a handicapped child* [special schools, special classes, and special instruction].

(3) *"Special educational facilities" means physical facilities designed or adapted to meet the needs of exceptional children and approved according to regulations promulgated by the state board for elementary and secondary education.*

(4) "Related services" means *such developmental, corrective and other supportive services as are required to assist a handicapped child to benefit from special education, and may include, but are not limited to, psychological services, physical and occupational therapy, physical education, identification and assessment of disabilities, counseling services and medical services for diagnostic or evaluation purposes* [those educational services for the exceptional child and his family that ordinarily cannot be delivered through the public educational system].

Section 2. KRS 157.220 is amended to read as follows:

(1) The state department of education is hereby designated as the agency for cooperation with the state and federal governments, the *non-public school programs* [approved treatment centers] and local schools of Kentucky in carrying out the provisions of KRS 157.200 to KRS 157.280. The state board for elementary and secondary education shall make necessary rules and regulations in keeping with the provisions of KRS 157.200 to KRS 157.280 for their proper administration, including but not limited to establishment of classes, eligibility and admission of pupils, the curriculum, class size limitations, housing, special equipment and instructional supplies.

(2) The state department of education is authorized to receive contributions and donations that may be made to carry out the provisions and requirements of KRS 157.200 to KRS 157.280.

(3) Local supervision of special educational facilities for exceptional children shall be approved by the *bureau of education for exceptional children* [division of special education] according to rules and regulations approved by the state board for elementary and secondary education.

Section 3. KRS 157.221 is amended to read as follows:

(1) The state board for elementary and secondary education shall create a "bureau of education for exceptional children" in the state department of education, separate from any other existing bureau, to supervise and direct a state program for exceptional children of this Commonwealth.

(2) The state board for elementary and secondary education shall establish appropriate divisions within the bureau of education for exceptional children.

(3) The state board for elementary and secondary education, upon recommendation of the superintendent of public instruction shall adopt rules and regulations for the operation of the bureau and generally carry out the program provided for in KRS 157.200 to 157.290, 157.360, and 167.210 to 167.240.

(4) The [state board for elementary and secondary education, upon recommendation of the] superintendent of public instruction[,] shall appoint a head of the bureau and necessary assistants to carry out the work of the bureau.

Section 4. KRS 157.224 is amended to read as follows:

(1) The Commonwealth of Kentucky is committed to providing a comprehensive educational program for its exceptional school age children. The bureau of *education for* exceptional children, through KRS 157.221, coordinates, directs, and monitors that program. State direction and implementation of a statewide exceptional education program is manifested in the biennial appropriation of funds to finance a particular number of such classroom units. The rate at which new exceptional units are funded indicates the state's ability to assure a quality educational opportunity for appropriate students in existing, locally operated, exceptional class units.

(2) All county and independent boards of education shall operate special education programs to the extent required by, and pursuant to, a plan which has been approved by the state board for elementary and secondary education. If any county or independent board of education fails to operate and implement special education programs in accordance with an aforesaid plan, the application of said county or independent board of education for minimum foundation payments may be considered insufficient.

Section 5. KRS 157.230 is amended to read as follows:

(1) [If parents of as many as eight (8) trainable mentally handicapped children living in a school district desire special education classes for their children, school boards of any school district shall establish and maintain such classes, subject to any limitation specified in KRS 157.200 to 157.280 and regulations of the state board of education.

(2)] School boards of any school district [may,] subject to *the provisions of* [any limitations specified in] KRS 157.200 to 157.280, *shall* establish and maintain special educational programs for exceptional children who are residents of their school district, and such children, residents of other school districts, as may be authorized by KRS 157.240 to 157.295.

[(3) School boards of any school district may admit on preapproval and certification any physically handicapped child into special education programs at any time after the child has attained the age of three (3) years.

(4) School boards of any school district may admit on proper approval and certification any educable or trainable mentally handicapped child into special education programs at any time after the child has attained the age of six (6) years; Provided, however, That educable and trainable mentally handicapped children shall not be enrolled in the same special class.]

Section 6. KRS 157.280 is amended to read as follows:

(1) If the number of children of [compulsory] school age in one (1) classification of exceptionality in a district is not sufficient to justify a special education program for that exceptionality in that district, or if a school district does not provide a special education program for that exceptionality, the board shall provide a program by contract with another county or independent district or private organization that maintains a special education program approved by the state board for elementary and secondary education for that exceptionality, the *cost of which shall* [amount] not [to] exceed the amount designated by the state department of education for a child of that particular exceptionality. When a district or private organization undertakes, under operation of a tuition contract or of law, to provide in its classes for these pupils residing in another district, the district of residence of these pupils shall share the total cost of the special education program in proportion to the number of pupils or in accordance with contract agreement between the two (2) districts or district and private organization.

(2) The school board of the school district in which any child resides shall pay for his transportation to and from the program in the other school district or to the private organization. However, if the school board of the other district or the private organization providing the program also provides transportation, the cost of transportation shall be included in the total cost.

(3) If a child of [compulsory] school age is admitted for *resident* instruction at the Kentucky School for the Deaf or the Kentucky School for the Blind, under regulation of the state board for elementary and secondary education and under provisions of KRS 167.015 to *167.170* [167.150], the district in which the child resides shall provide transportation to and from the school on a regularly scheduled basis, at intervals of no less than once each month while the child is enrolled, either by individual district or in cooperation with other school districts on a regional basis, as approved by the state board of education upon recommendation of the superintendent of public instruction.

Section 7. KRS 157.285 is amended to read as follows:

(e) Who is enrolled and in regular attendance in state approved private or parochial school programs for exceptional children; or

(f) Who is enrolled and in regular attendance in a state supported program for exceptional children.

(2) Before granting an exemption under paragraph (d) of subsection (1) of this section the board of education shall require satisfactory evidence, in the form of a signed statement of a licensed physician, psychologist or psychiatrist, or public health officer, that the condition of the child prevents or renders inadvisable attendance at school or application to study. On the basis of such evidence the board may *exempt* [exclude] any such child from *compulsory attendance* [school]. *Any child who is excused from school attendance more than six (6) months must have two (2) signed statements from a combination of the following professional persons: a licensed physician, psychologist, psychiatrist, and health officer. Exemptions of all children under the provisions of subsection (1)(d) of this section must be reviewed annually with the evidence required being updated.*

(3) For any such child who is excluded under the provisions of subsection (1)(d), home, hospital, institutional or other regularly scheduled and suitable instruction meeting standards, rules and regulations of the state board for elementary and secondary education shall be provided.

Section 9. KRS 167.015 is amended to read as follows:

The Kentucky School for the Blind at Louisville, Kentucky and the Kentucky School for the Deaf at Danville, Kentucky, shall be managed and controlled by the state board for elementary and secondary education. The board shall have possession and the responsibility and authority for preservation, repair and control of the buildings and grounds belonging to the state and dedicated to the *schools* [school]. The board may, except as provided in KRS 45.360, sell any property held for the use and benefit of the *schools* [school], and purchase other property deemed by the board to be suitably and conveniently located, and erect buildings necessary for carrying out the purposes of the *schools* [school]. SECTION 6. A NEW SECTION OF KRS CHAPTER 186A IS CREATED TO READ AS FOLLOWS:

It is the intent of the Kentucky General Assembly that Kentucky should adopt a certificate of title and auto vehicle theft act. This act comtemplates a centralized issuance of motor vehicle titles. It is the intention of the General Assembly that, beginning in the 1983 model year, all 1983 year model and subsequent year model vehicles shall be centrally titled. In counties which are operating under the automated motor vehicle registration system under the provisions of this chapter, motor vehicles may be titled according to the same procedures, provided that the secretary of the Kentucky department of transportation and the secretary of the Kentucky department of finance agree that there is sufficient funding to modify the present automated registration system to accommodate the titling function. If funds are not deemed to be available, such counties shall operate under a manual system.

In counties which are not operating under an automated motor vehicle registration system under the provisions of this chapter, motor vehicles shall be titled according to a manual system to be developed according to the department of transportation. However, a manual system shall be developed only if funding is available as determined by the departments of finance and transportation.

SECTION 7. A NEW SECTION OF KRS CHAPTER 186A IS CREATED TO READ AS FOLLOWS:

The departments of transportation, justice, finance, and revenue, in conjunction with the joint interim committee on transportation of the Kentucky general assembly, shall consider from the effective date of this Act until the 1982 regular session, the fiscal and physical impact of the motor vehicle titling systems described herein. This consideration shall include the desirability of the manual and automated systems described for the purpose of determining the application of these systems on a statewide basis. The joint recommendation of these state agencies and the joint interim committee shall be presented as a single recommendation to the 1982 regular session of the general assembly and shall be considered by that session. The interim committee shall be responsible for coordinating recommendations relating to the systems described herein and may hold hearings and direct any state agency it may deem appropriate to cooperate relevant to formulating a recommendation to the 1982 regular session. It is further provided that in the event the secretary of transportation and the secretary of finance, in accordance with other provisions of this Act, determine that sufficient funds are available to begin implementation of a motor vehicle titling system prior to the 1982 regular session, the joint interim committee shall be consulted with respect to the specifics of such implementation and such implementation shall have concurrence of the department of justice and revenue as well as the joint interim committee prior to implementation.

Section 3. KRS 186A.010 is amended to read as follows:

(1) *An automated motor vehicle and trailer registration and titling system shall be developed and implemented as expeditiously as practicable in all counties of the Commonwealth* [It is the intention of the general assembly that an automated motor vehicle and trailer registration system be developed and that pilot projects be instituted in selected counties, subject to the agreement of the county clerk of a selected county. The counties in which pilot projects shall be instituted shall be selected by the secretary of the department of transportation in consultation with the departments of revenue and justice]. The automated motor vehicle and trailer registration system shall be designed to enable Kentucky's county clerks to produce motor vehicle and trailer certificates of registration in their offices, and certificates of title in Frankfort, by automated means utilizing telecommunication terminals and associated devices supplied by the Commonwealth, to inhibit registration and transfer of stolen motor vehicles or trailers, to improve the capability of detecting and recovering such vehicles, to ensure development of a common vehicle information data base to improve efficiency *in collecting and* [in] auditing motor vehicle usage tax, [and] license fee collections, *and personal property tax,* to provide information to the traffic record system, and to provide improved security interest protection to potential creditors throughout Kentucky while simultaneously reducing the number of forms that must be processed and stored each year in Kentucky.

(2) The department of transportation is hereby directed to develop *as expeditiously as practicable* an automated motor vehicle and trailer registration *and titling* system [design,] having, as a minimum, the capabilities or functions described in this chapter, and to acquire and assure the installation of such equipment or services as are necessary to enable the system as described in this chapter to be *operated in all counties of the Commonwealth* [tested in selected counties].

(3) *All* [The department of transportation is directed to ensure that the system developed will produce the necessary reports in such manner and at such times as the departments of revenue and justice request, to enable these departments to audit the taxes and fees collected by the county clerk in connection with the registration of a motor vehicle or trailer required to be registered in this state, and that the system produces such other information as the department of justice may reasonably require in connection with the registration of a motor vehicle or trailer, in carrying out the duties of that department as they relate to the regulation of motor vehicles or a traffic records system.

(4) The] departments of *state government affected by the system* [revenue and justice] are hereby directed to cooperate with the department of transportation for purposes of assuring orderly implementation of this *Act* [chapter].

SECTION 9. A NEW SECTION OF KRS CHAPTER 186A IS CREATED TO READ AS FOLLOWS:

SECTION 10. A NEW SECTION OF KRS CHAPTER 186A IS CREATED TO READ AS FOLLOWS:

In order to improve collection of personal property (ad valorem) taxes associated with motor vehicles and trailers, the bureau of vehicle regulation, in cooperation with the department of revenue, shall:

(1) Ensure that the automated system provided by this chapter is capable of properly assigning a value for each vehicle registered in a county, utilizing a value reference manual in machine readable form approved by the department of revenue, and a manually entered value for vehicles not shown in such "manual."

(2) Promptly study the feasibility of computing personal property (ad valorem) taxes associated with motor vehicles or trailers, and producing tax bills or notices of taxes due in such regard, and if shown feasible to its satisfaction, implement such capability, or any part thereof, as expeditiously as practicable.

(3) Ensure that the automated system is capable of receiving the record of a lien for unpaid personal property (ad valorem) taxes associated with a motor vehicle or trailer and causing notice of such lien to be imprinted on any certificate of registration, certificate of registration and title, or if applicable, certificate of title or salvage certificate unless such lien is satisfied or exonerated.

(4) Ensure that the automated system design will permit the county clerk to transfer the record of an unpaid property (ad valorem) tax lien against a motor vehicle or trailer, from a vehicle previously owned by an owner, to another vehicle subsequently registered in his name.

SECTION 11. A NEW SECTION OF KRS CHAPTER 186A IS CREATED TO READ AS FOLLOWS:

Other provisions of the statutes to the contrary notwithstanding, the requirement that a sticker or emblem evidencing security (insurance) be affixed to a motor vehicle shall be waived:

(1) Upon a finding by the commissioner of the department of insurance that the underlying purpose(s) of KRS 304.39-085 may be accomplished by the filing of appropriate evidence of insurance with the county clerk, and entry of data concerning such filing into the automated system provided for by this chapter; and

(2) If the owner of a motor vehicle or trailer is other than an individual, the month in which the owning entity came into being shall be used for purposes of this section. If a motor vehicle or trailer is jointly owned, the owners shall indicate to the county clerk the birth month of one of them to be used for purposes of this section.

(3) The certificate of registration and license plate issued for a motor vehicle or trailer first registered in this state on or after January 1, 1981, shall be valid, unless cancelled by the department in accordance with KRS Chapter 186 or this chapter, upon payment of the required fee, for a period beginning on the first

day of the month of the year in which registration is applied for, and expiring on the last day of the next birth month of the owner following the month during which registration is applied for, provided however that, upon the owner's request, and after payment of the proper prorated fee, an owner may obtain a certificate of registration and license plate valid through the last day of his second birth month following the month and year in which he applies for a first certificate or registration.

(4) After a motor vehicle or trailer has been initially placed in the system of year-round registration, the owner shall renew the registration and license plate annually during the owner's birth month, by making application to the county clerk and paying the fee required for twelve (12) consecutive months of registration, which shall take effect on the first day of the month succeeding the owner's birth month and shall expire on the last day of the owner's next birth month.

(5) Any owner who fails to renew the registration of a motor vehicle during the month in which the previous registration expired, shall, if he applies for renewal of the registration in some later month, pay the same fees that would have been required if the registration had been renewed in the month which the previous registration expired.

Any vehicle which is registered at any time during a month, shall pay the fee required for that whole month plus any additional months of registration purchased consistent with the intent of this section.

(7) The county clerk shall ensure that the certificate of registration issued to an owner displays the month and year in which the registration period begins, and the month and year of its expiration, and shall issue to the owner a decal or decals corresponding to the month and year of expiration shown in the certificate of registration which shall be placed upon the corresponding license plate by the owner in the manner required by administrative regulations of the bureau of vehicle regulation.
